New ACTION ITEMS to help stop the amendments to the International Health Regulations

Karen Bracken- Apr 27

The Biden Administration has proposed amendments to the International Health Regulations which will be presented and may be voted on by the World Health Assembly scheduled for May 22-28, 2022.

These amendments, rushed through in a very stealth-like manner, will rob countries of their sovereignty over their own pandemic responses.

They will set forth a worldwide framework for the World Health Organization, (WHO) to maintain authoritarian and undemocratic control over calling pandemics and responding to them.

If we allow these amendments to pass, the Director General of the WHO (*not a medical doctor, a corrupt politician and a known criminal*) will have no requirement to listen to opposing voices able to moderate his final decisions.

Imagine every bird flu or localized measles outbreak being blown into a pandemic - with repeated lock downs, travel restrictions, school closures, and vaccine mandates. Life would truly be a nightmare!

- These proposed amendments would give the Director General of the WHO unilateral power to declare a Public Health Emergency of International Concern (PHEIC), (pronounced FAKE), over the objection of any sovereign country dealing with the outbreak of any disease.
- The amendments will also give the Director General of the WHO the power to unilaterally declare an Intermediate Public Health Alert (IPHA) even over the objection of the sovereign country dealing with an outbreak of disease.
- The amendments will also enable the 6 Regional Directors of the WHO the power to unilaterally declare a Public Health Emergency of Regional Concern (PHERC) even over the objection of the sovereign country dealing with an outbreak of disease.
- **The proposed amendments will cede additional sovereignty, control and legal authority over to the World Health Organization.**

- If passed by a simple majority of the 194 member states of the WHO, the proposed amendments will NOT require approval by 2/3 of the United States Senate as the U.S. is already a signatory to the IHR.

The Biden regime wants to hand over our sovereignty to the Regional Directors at the WHO and give them the power to “PHERC” us, and “PHERC” the world, one region at a time. “PHERC” that!

READY TO ACT?

LET'S BUMP UP THE VOLUME TO STOP THE WHO'S POWER GRAB OVER OUR NATIONAL SOVEREIGNTY!

PLEASE MAKE 4 PHONE CALLS AND SEND 1 TWEET OR EMAIL A WEEK,
AND REPEAT EVERY WEEK UNTIL THE END OF MAY.

THANKS FOR YOUR ACTIONS, AND FOR SHARING THIS WITH YOUR CONTACTS!

At this late date THE MOST effective action is a live phone call.

I recommend taking a few minutes to write down what you want to say, before making your phone calls, using the script and the talking points and closing remarks below to create your message or simply read the script as written in its entirety. Also, write a short message to be used in case you get an answering machine.

No matter how long or short your message please be sure to end your conversation requesting that the amendments be withdrawn.

Again, the suggestions below are just that, suggestions to help you deliver our message. You will be more effective if you write your message down or read directly from this page and then just use it each week when you make your 4 phone calls.

Calls #1, #2, and #3

Please call the WH main switchboard number below and ask to be connected to your Representative/Senator's office. **That is 3 calls once a week until May 28th**

* Telephone: 202-225-3121

* Website: www.house.gov/ * If you cannot get through to their Wash offices then look up their local office numbers here: www.house.gov <http://www.senate.gov>

Hello, my name is _____ my zip code is _____

I am calling Rep or Sen _____ because I am very concerned about the proposed amendments to the International Health Regulations that Pres. Biden, Sec Becerra, and Assistant Secretary Loyce Pace submitted to the WHO on Jan 18th, 2022 which will be voted on by the World Health Assembly scheduled for May 22-28 of this year.

*These proposed amendments would cede US sovereignty and Congressional approval over pandemic responses **to the incompetent and corrupt WHO, which failed miserably during this present pandemic.***

Below are suggested talking points:

- ✓ -They failed to determine the origins of SARS COV2, appearing to obfuscate the evidence for a lab-leak.
- ✓ They failed to recognize the disastrous inadequacies of the RT-PCR test for accurately diagnosing active infections.
- ✓ They failed to recognize and recommend the scientific evidence behind the supplementation of Vitamin D and Zinc in preventing disease and death from COVID-19.
- ✓ They failed to recognize and recommend the scientific evidence for, and vital importance of, early medical treatments for COVID-19.
- ✓ They failed to stop, slow down, or even question the roll out of the still experimental, proven to be ineffective, injurious, and deadly COVID gene therapies, which they misrepresented as "vaccines". Or to stand up for the peoples' right to health freedom and informed consent.

Below are some suggested examples for ending your call:

All of these failures added greatly to the death toll and injury rate from COVID-19, and the death toll and injury rate induced by these horrific, experimental gene therapies.

The Administration's decision to give away our national sovereignty to the WHO is frightening - it has a direct impact on my personal sovereignty, health freedoms and rights.

I am asking that Rep or Sen_____ to contact Sec. Becerra, and Pres. Biden and ask them to withdraw these amendments from consideration at the World Health Assembly this May. (******THIS MUST BE INCLUDED IN YOUR CLOSING STATEMENT**)

Instead, the people of the US and the world demand a transparent, scientific, and democratic public review of the current failures of the WHO and its funding mechanisms.

We also demand a transparent, scientific, and democratic public review of the current failures of our US response to this pandemic.

Health Freedom is our birthright and is codified into US law - **I demand that Congress and this Administration respect it by ending this attack on our sovereignty!**

Please understand how important Health Freedom is to me - these issues will determine my vote!

Thank you.
