# Julian Assange Unearthed The Deepstate's Handkerchief, Literally - Updates 10.9.2020

OCTOBER 09, 2020

WikiLeaks man **Julian Assange** literally may have outed the deepstate's dirty handkerchief, when the Podesta emails were controversially released just weeks before the last US presidential election, back in 2016.

Remember the email where someone is distraught 2016 Clinton campaign chairman John P. has left his “pizza-related” handkerchief behind at a private event? [Think about it.](#)

For outing the weird private world of these political elite deviants, Assange paid, now in a UK solitary confinement situation for the past 2 years, with reportedly degrading mental and physical health — all for the purported “crime” of pressing an informant, Chelsea Manning (then known as Bradley Manning), to send over more documents to WikiLeaks... a request journalists and citizen investigators of all stripes routinely make of their sources.
