Bringing modernisation, style and comfort to medical workwear, fusing function with form, offering superior, stylish medical attire to meet modern standards of care.

OUR STORY

MEDIFORM LONDON

Mediform London is a new medical scrubs line bringing modernisation, style and comfort to medical workwear, fusing function with form, offering superior, stylish medical attire to meet modern standards of care.

Launched in 2020, Mediform London is the brainchild of cosmetic dentist Dr. Robbie Hughes and fashion designer, Jake Hall. After identifying a gap in the scrubs market for minimalist, stylish medical scrubs that offers a clean, sharp aesthetic, they came together to reinvent scrub styles with a fashion-forward approach that has not been seen before in the industry.

Mediform is a detail-first, customer facing brand that recognises the value in customer insight and we have spent time diligently perfecting modern day medical scrubs to meet all the necessary requirements that make them fit for purpose for medical professionals, but with the added benefit of being stylish, accessible and customisable.

For doctors and dentists to aestheticians and beauticians, vets, tattoo artists, nursery nurses and care professionals, the medical-grade attire helps create a professional, stylish impression for businesses that creates stand out and aligns their progressive vision with their working aesthetic.

DR ROBBIE HUGHES

FOUNDER

Founder of Dental Excellence, Dental Excellence LAB, Mediform London and Avant Garde Dentistry Solutions.

Qualified from the University of Liverpool in 2008 with honours and an array of prestigious awards for exceptional clinical performance.

JAKE HALL

FOUNDER

Founder and head designer for Prevu London & Mediform.

Jake Hall launched contemporary menswear brand Prévú in 2016 which is now stocked by some of luxury retail's biggest names, including Flannels and Selfridges.

“ Redressing the scrubs game. ”

“

To **redefine** the scrubs game and modernise the medical workwear world .
