## **LIQUID HOPE PEPTIDE HIGH PROTEIN**

The world's first organic, whole food peptide high protein feeding tube formula

---

- Liquid Hope Peptide High Protein meets all food safety requirements and meets all GRAS, HACCP, CGMPS standards. Liquid Hope Peptide High Protein is processed in a FDA/USDA registered facility with USDA inspector on site.  
SID#: 20161118001
- For tube feeding or oral feedings
- For supplemental or sole source nutrition
- Meets 100% DRI for 26 essential vitamins and minerals: four 341g pouches\*
- Use under medical supervision
- Concentrated calories (1.46 kcal/mL)
- 31g of protein to help support lean muscle mass & healthy weight
- 9g of naturally occurring dietary fiber in 341g
- Gluten Free
- Dairy Free
- Soy Free
- Corn Free
- USDA Certified Organic
- 100% GMO Free
- BPA Free Packaging
- Plant-Based
- Safe to use for people with lactose intolerance

### **ORDERING INFO:**

---

<b>CASES</b>	<b>PRODUCT CODE</b>	<b>PACKAGING</b>
Liquid Hope Peptide High Protein	LHHPWS124	24 - 12oz (341g) pouches/case

### **SAFETY PRECAUTIONS:**

---

**NOT FOR PARENTERAL USE**

### **ALLERGENS:**

- 
- Contains Almonds

### **INGREDIENTS:**

---

filtered water, organic garbanzo beans, organic green peas, organic carrots, organic hydrolyzed pea protein, organic flax oil, organic parsley, organic pumpkin seed protein, organic coconut MCT oil, organic whole grain brown rice, vitamin blend [Potassium Citrate, Calcium Citrate, Sodium Chloride, Magnesium Sulfate, Choline Bitartrate, Mixed Tocopherols (E), Menaquinone, Zinc Citrate, Potassium Iodide, Biotin, Niacinamide (B3), Cholecalciferol (D3), Selenomethionine, Calcium D-Pantothenate (B5), Pyridoxine Hydrochloride (B6), Riboflavin (B2), Thiamine Mononitrate (B1), Methylcobalamin (B12)]  
organic sweet potato, organic sprouted quinoa, organic broccoli, organic almond butter, organic kale, organic acerola powder, organic garlic, organic turmeric, organic rosemary, organic ginger

\*Four pouches of Liquid Hope Peptide High Protein a day meets 100% of the DRI for 26 key vitamins and minerals for adults ages 18 years and older.

## **NUTRITIONAL INFORMATION:**

---

**Kcal/mL:** 1.46

**Caloric Distribution** (% of kcal)

**Protein:** 24%

**Fat:** 51%

**Carbohydrate:** 25%

---

**Protein Source:** 31g/341g

organic hydrolyzed pea protein, organic pumpkin seed protein, organic whole grain brown rice, organic garbanzo beans, organic green peas, organic sprouted quinoa, organic almond butter

---

**NPC: N Ratio:** 80:1

**Omega-6 to Omega-3 Ratio:** 1:3.1

**Osmolality (mOsm/kg water):** 460

**Water:** 254g

**Meets 100% DRI for 26 essential vitamins and minerals:** four 341g pouches\*

---

**Fiber Content/Source:** 9g/341g

organic garbanzo beans, organic green peas, organic carrots, organic hydrolyzed pea protein, organic parsley, organic pumpkin seed protein, organic whole grain brown rice, organic sweet potato, organic sprouted quinoa, organic broccoli

---

**HCPCS Code:** B4153

**Insurance Data Bank & Billing Codes/NDC Code:** 5785800432

---

**Viscosity:** Nectar-like at room temperature

## **USER GUIDE :**

- Please check with your medical team for an appropriate transition regimen if switching from a commercial enteral formula to Liquid Hope Peptide High Protein. You may need to transition slowly over the course of 7-10 days to allow the body time to adapt to differences in the formulas.
- Liquid Hope Peptide High Protein has a 12 hour ambient room temperature hang time.
- Store unopened formula at room temperature for up to 2 years.
- Once opened, the formula can be refrigerated in a sealed container and used within 48 hours.
- Water may be added. If adding water or any liquid, it must be reblended with the product to emulsify in order to prevent separation.
- The formula can be eaten orally. Many enjoy it when heated on the stove and eaten as a soup, or when mixed with fruit and ice to create a smoothie.

\*\* Medicare, Medicaid and health insurers may ask you to provide a National Drug Code / NDC number for insurance claims, billing or reimbursement purposes. Because our products are whole foods and do not constitute "drugs", we have an Insurance Data Bank and Billing Code that you should use when asked for an NDC number for our products.

**SPECIAL NOTES:**

\*mL range is give due to the volume being effected by viscosity, altitude and temperature. For the most accurate measurments please use the grams listed. All nutritional information contained herein is calculated using a 341/per pouch gram weight measurement.

\*\*DRI% is developed by the Institute of Medicine that refers to set levels of nutrients to meet the nutrient requirements for adults 18 and older. We recommend that you follow your physician's or dietitian's recommendations for the volume of formula necessary to meet both your macro and micronutrient requirements.

Liquid Hope Peptide High Protein undergoes regular nutritional assessment and lab testing. However, as with any real food product, variations in the nutrient levels can vary depending on time of year, soil, and weather conditions. Although we do our best to provide you with the most accurate nutrient information as possible, if you have a medical condition that requires you to be precise with specific nutrient levels, please discuss the use of this product with your medical team.
