

SIONYX AURORA PRO

COLOR DIGITAL NIGHT VISION

SKU C011300
UPC 811251020064

The SIONYX Aurora PRO is our flagship full color digital night vision optic. The PRO is the latest development with both new sensor technology and enhanced optics giving the viewer the most advanced digital night vision capabilities. The PRO performs best in the darkest conditions. It's designed with extreme environments in mind and has all of the great recording and streaming functionality as the rest of the Aurora line. The Aurora PRO is a top choice for law enforcement agencies and outdoor adventurers across the globe and has been leveraged for both surveillance and evidence gathering. If you're looking for the best in color night vision, that can see further into the darkness, the Aurora PRO is the night vision camera for you.

RUGGED

IP67 rated, submersible to 3 ft for 30 minutes. You can safely use the Aurora PRO in inclement weather conditions.

CAPABLE

<1 MLX MOONLESS STARLIGHT sensitivity allows you to see well beyond human eyesight.

AWARE

44° field of view, GPS, and compass increase situational awareness and enhance data collection.
