

## Guide to State and Local Census Geography

The first Guide to State and Local Census Geography (1990 CPH-I-18) was issued in June 1993 as a joint venture between the US Census Bureau and the Association of Public Data Users (APDU). The book contained an overview of census geography and had information about key geographic concepts for each state as it related to the 1990 Census.

The US Census Bureau updated this publication based on geography for the 2010 Census and is making it available as a web publication. The format of this publication is similar to the 1993 publication in that it has information about the census geography of each state. This edition of the publication includes:

- Basic information about the state
  - 2010 Census Population
  - Land Area
  - Density
  - Capital
  - Date Became a State
  - Bordering States
  - International Borders
- History of the State
  - Includes information as to what censuses have data for this state
- American Indian Areas
- Metropolitan and Micropolitan Statistical Areas and Related Statistical Areas
- Counties
- County Subdivisions
- Places
- Census Tracts/Block Groups/Blocks
- Congressional Districts
- School Districts
- State Legislative Districts
- Urban Areas
- ZIP Code Tabulation Areas
- Other Information of General Geographic Interest (select states)
- Historical Centers of Population
- Most Populous, Largest in Area, and Most Densely Populated Areas
- Lists of Entities

## Alabama

### BASIC INFORMATION

2010 Census Population:	4,779,736 (23 <sup>rd</sup> )
Land Area:	50,645.3 square miles (28 <sup>th</sup> )
Density:	94.4 persons per square mile (27 <sup>th</sup> )
Capital:	Montgomery
Became a State:	December 14, 1819 (22 <sup>nd</sup> )
Bordering States:	Florida, Georgia, Mississippi, Tennessee
Abbreviation:	AL
ANSI/FIPS Code:	01

### HISTORY

The area of Alabama north of the 31<sup>st</sup> parallel was part of the original territory of the United States. The northern two-thirds were a part of Georgia until 1802. The southern one-third of the territory north of the 31<sup>st</sup> parallel was unorganized until 1798 with the creation of Mississippi Territory. The United States claimed the territory south of the 31<sup>st</sup> parallel as part of the Louisiana Purchase in 1803, but did not formally acquire this territory from Spain until 1812. Alabama Territory was organized from the eastern part of Mississippi Territory on March 3, 1817, with generally the same boundary as the present state.

Although the territory had not yet been legally established, census data for Alabama are available beginning with the 1800 census. The 1800 population shown for Alabama is for that portion of the present state north of the 31<sup>st</sup> parallel that was part of Mississippi Territory; it does not include population in the area claimed by Georgia. The 1810 population shown is for all of the present state north of the 31<sup>st</sup> parallel. The population of the entire legally established Mississippi Territory (of which the area of Alabama was a part) was 40,352 in 1810 and 8,550 in 1800.

Data for the legally established state of Alabama are available beginning with the 1820 census.

### AMERICAN INDIAN AREAS

Alabama has one federally recognized American Indian reservation and off-reservation trust land, one state recognized reservation, and six state designated tribal statistical areas (SDTSAs).

### METROPOLITAN AND MICROPOLITAN STATISTICAL AREAS AND RELATED STATISTICAL AREAS

Alabama has 12 metropolitan statistical areas, 13 micropolitan statistical areas, and 7 combined statistical areas.

### COUNTIES

There are 67 counties in Alabama. Each county is governed by a county commission.

### COUNTY SUBDIVISIONS

There are 390 county subdivisions in Alabama. They are all census county divisions (CCDs), which are delineated for statistical purposes, have no legal function, and are not governmental units. CCDs were first established for the 1960 census. Prior to 1960, the minor civil divisions (MCDs) used in the census included election precincts, beats, and land survey townships.

**PLACES**

Alabama has 578 places; 460 incorporated places and 118 census designated places (CDPs). The incorporated places consist of 167 cities and 293 towns. Cities have a minimum population threshold of 2,000 people and towns have between 300 and 1,999 people. A minimum population of 300 is required to incorporate in Alabama.

**CENSUS TRACTS/BLOCK GROUPS/BLOCKS**

Alabama has 1,181 census tracts, 3,438 block groups, and 252,266 census blocks.

**CONGRESSIONAL DISTRICTS**

For the 111<sup>th</sup> Congress (January 2009-January 2011), Alabama had seven congressional districts. For the 113<sup>th</sup> Congress (January 2013-January 2015), Alabama continues to have seven congressional districts as a result of reapportionment based on the 2010 Census.

**SCHOOL DISTRICTS**

Alabama has 134 unified school districts. The Department of Defense runs two of the unified school districts in Alabama.

**STATE LEGISLATIVE DISTRICTS**

There are 35 state senate districts and 105 state house districts in Alabama.

**URBAN AREAS**

Alabama has 73 urban areas; 14 urbanized areas and 59 urban clusters.

**ZIP CODE TABULATION AREAS**

There are 645 ZIP Code tabulation areas (ZCTAs) in Alabama.

**CENTERS OF POPULATION**

## Alaska

### BASIC INFORMATION

2010 Census Population:	710,231 (47 <sup>th</sup> )
Land Area:	570,641.0 square miles (1 <sup>st</sup> )
Density:	1.2 persons per square mile (50 <sup>th</sup> )
Capital:	Juneau
Became a State:	January 3, 1959 (49 <sup>th</sup> )
International Border:	Canada; Russia
Abbreviation:	AK
ANSI/FIPS Code:	02

### HISTORY

The United States acquired the area of Alaska by purchase from Russia in 1867, with generally the same boundary as the present state. The formal boundary between the southeastern portion of Alaska and Canada was settled by treaty in 1903. Alaska Territory was organized on August 24, 1912.

Alaska was not enumerated in the 1870 census even though the area was part of the United States. Census data for Alaska are available beginning with the 1880 census.

Data for the legally established state of Alaska are available beginning with the 1960 census.

### AMERICAN INDIAN AREAS

Alaska has one federally recognized American Indian reservation.

### ALASKA NATIVE REGIONAL CORPORATIONS/ALASKA NATIVE AREAS

There are 12 Alaska Native Regional Corporations (ANRCs) whose boundaries cover the state outside of the area of the Annette Islands Reserve. ANRCs were created pursuant to the Alaska Native Claims Settlement Act (ANCSA) and organized under the laws of the state of Alaska to conduct both the for-profit and non-profit affairs of Alaska Natives within a defined region of Alaska. These are considered legal geographic entities by the Census Bureau. A 13<sup>th</sup> corporation comprises of Alaska Natives residing outside of the state; however this corporation is not reflected in Census Bureau products because it has no defined geographic extent. Within the corporation boundaries are 220 Alaska Native village statistical areas (ANVSAs).

### METROPOLITAN AND MICROPOLITAN STATISTICAL AREAS AND RELATED STATISTICAL AREAS

Alaska has two metropolitan statistical areas and three micropolitan statistical areas.

### COUNTIES

There are 29 county equivalents in Alaska.

Most of the land area in Alaska has not been divided into political subdivisions. Boroughs, cities and boroughs, and municipalities are legal entities. Census areas are statistical entities. In Alaska, there are twelve boroughs, four city and boroughs, and two municipalities (borough equivalent). There are four consolidated governments, Anchorage, Juneau, Sitka, and Wrangell, which are classified as municipal governments.

Alaska has 11 statistical entities called “census areas.” Census areas are statistical areas established in cooperation with state government for reporting data in the portion of the state outside any borough. These areas are sometimes referred to as the “unorganized borough” and are administered by the state.

Boroughs and census areas were first recognized as county equivalent entities for the 1980 Census. Prior to 1980, the county equivalents used in the census included geographic divisions, geographic districts, judicial districts/divisions, election districts, and census divisions.

### **COUNTY SUBDIVISIONS**

There are 37 county subdivisions known as census subareas in Alaska. Census subareas were first established for the 1980 decennial census. Prior to 1980, the minor civil divisions used for censuses included census divisions, boroughs, military reservations, an American Indian reservation, and recorder’s or recording districts.

### **PLACES**

Alaska has 355 places; 148 incorporated places and 207 census designated places (CDPs). The incorporated places consist of 144 cities, 3 city and boroughs, and 1 municipality. There is no minimum population for incorporation in Alaska.

### **CENSUS TRACTS/BLOCK GROUPS/BLOCKS**

Alaska has 167 census tracts, 534 block groups, and 45,292 census blocks.

### **CONGRESSIONAL DISTRICTS**

For the 111<sup>th</sup> Congress (January 2009-January 2011), Alaska had one congressional district. For the 113th Congress (January 2013-January 2015), Alaska continues to have one congressional district as a result of reapportionment based on the 2010 Census.

### **SCHOOL DISTRICTS**

Alaska has 53 unified school districts.

### **STATE LEGISLATIVE DISTRICTS**

There are 20 state senate districts and 40 state house districts in Alaska.

### **URBAN AREAS**

Alaska has 15 urban areas; 2 urbanized areas and 13 urban clusters.

### **ZIP CODE TABULATION AREAS**

There are 238 ZIP Code Tabulation Areas (ZCTAs) in Alaska.

**CENTERS OF POPULATION**

## Arizona

### BASIC INFORMATION

2010 Census Population:	6,392,017 (16 <sup>th</sup> )
Land Area:	113,594.1 square miles (6 <sup>th</sup> )
Density:	56.3 persons per square mile (33 <sup>rd</sup> )
Capital:	Phoenix
Became a State:	February 14, 1912 (48 <sup>th</sup> )
Bordering States:	California, Colorado, Nevada, New Mexico, Utah
International Border:	Mexico
Abbreviation:	AZ
ANSI/FIPS Code:	04

### HISTORY

The United States acquired most of the area of Arizona from Mexico in 1848. The United States acquired additional area, comprising the southern part of Arizona, from Mexico in 1853 as part of the Gadsden Purchase. Arizona Territory was organized from the western part of New Mexico Territory on February 24, 1863. Part of Arizona Territory north and west of the Colorado River was added to the state of Nevada in 1866, resulting in generally the same boundary as the present state of Arizona.

Although the territory had not yet been legally established, census data are available for Arizona beginning with the 1860 census. For an explanation of the revision to the 1860 population of Arizona, see Richard L. Forstall, *Population of States and Counties of the United States: 1790-1990*, Washington, DC: U.S. Government Printing Office, 1996, page 14.

Data for the legally established state of Arizona are available beginning with the 1920 census.

### AMERICAN INDIAN AREAS

Arizona has 21 federally recognized American Indian reservations; 4 with associated off-reservation trust lands in the state.

### METROPOLITAN AND MICROPOLITAN STATISTICAL AREAS AND RELATED STATISTICAL AREAS

Arizona has six metropolitan statistical areas and five micropolitan statistical areas.

### COUNTIES

There are 15 counties in Arizona. Each county is governed by a board of supervisors.

### COUNTY SUBDIVISIONS

There are 80 county subdivisions in Arizona. They are all census county divisions (CCDs), which are delineated for statistical purposes, have no legal function, and are not governmental units. CCDs were first established in Arizona for the 1960 census. Prior to 1960, the minor civil divisions used in the census include supervisorial districts, election precincts, justice precincts, school districts, land-survey townships, and Indian reservations.

**PLACES**

Arizona has 451 places; 90 incorporated places and 361 census designated places (CDPs). The incorporated places consist of 45 cities and 45 towns. The minimum population threshold required for incorporation is 1,500.

**CENSUS TRACTS/BLOCK GROUPS/BLOCKS**

Arizona has 1,526 tracts, 4,178 block groups, and 241,666 blocks.

**CONGRESSIONAL DISTRICTS**

For the 111<sup>th</sup> Congress (January 2009-January 2011), Arizona had eight congressional districts. For the 113<sup>th</sup> Congress (January 2013-January 2015), Arizona has nine congressional districts as a result of reapportionment based on the 2010 Census.

**SCHOOL DISTRICTS**

Arizona has 104 elementary school districts, 15 secondary school districts, and 99 unified school districts.

**STATE LEGISLATIVE DISTRICTS**

There are 30 state senate districts and 30 state house districts in Arizona.

**URBAN AREAS**

Arizona has 69 urban areas; 9 urbanized areas and 60 urban clusters.

**ZIP CODE TABULATION AREAS**

There are 408 ZIP Code tabulation areas (ZCTAs) in Arizona.

## Arkansas

### BASIC INFORMATION

2010 Census Population:	2,915,918 (32 <sup>nd</sup> )
Land Area:	52,035.5 square miles (27 <sup>th</sup> )
Density:	56.0 persons per square mile (34 <sup>th</sup> )
Capital:	Little Rock
Became a State:	June 15, 1836 (25 <sup>th</sup> )
Bordering States:	Louisiana, Mississippi, Missouri, Oklahoma, Tennessee, Texas
Abbreviation:	AR
ANSI/FIPS Code:	05

### HISTORY

The United States acquired the area of Arkansas from France as part of the Louisiana Purchase in 1803. Arkansas Territory (spelled in the enabling act as Arkansaw) was organized from part of Missouri Territory on March 2, 1819, and included the greater part of Oklahoma, west to the 100th meridian. Arkansas Territory was reduced in area in 1824 and 1828 to generally assume the boundary of the present state. Arkansas was admitted to the Union on June 15, 1836, as the 25<sup>th</sup> state.

Although the territory had not yet been established, census data are available for Arkansas beginning with the 1810 census (as part of Louisiana Territory). The 1810 and 1820 populations for Arkansas reflect the 1819 boundary of the territory, which included territory now in the state of Oklahoma. The population of the entire legally established Louisiana Territory (of which the area of Arkansas was a part) in 1810 was 20,845.

Data for the legally established state of Arkansas are available beginning with the 1840 census.

### METROPOLITAN AND MICROPOLITAN STATISTICAL AREAS AND RELATED STATISTICAL AREAS

Arkansas has 8 metropolitan statistical areas, 14 micropolitan statistical areas, and 2 combined statistical areas.

### COUNTIES

There are 75 counties in Arkansas. The governing body for each county consists of justices of the peace and a county judge.

### COUNTY SUBDIVISIONS

There are 1,271 county subdivisions in Arkansas. There are 1,270 townships which are recognized as minor civil divisions (MCDs). Fort Chaffee in Sebastian County is an unorganized territory. All county subdivisions in Arkansas are nonfunctioning, nongovernmental entities.

### PLACES

Arkansas has 541 places; 502 incorporated places and 39 census designated places (CDPs). The incorporated places consist of 311 cities (minimum population threshold of 500) and 191 towns (population less than 500). One town and four cities are each coextensive with a single township with the same name.

**CENSUS TRACTS/BLOCK GROUPS/BLOCKS**

Arkansas has 686 census tracts, 2,147 block groups, and 186,211 census blocks.

**CONGRESSIONAL DISTRICTS**

For the 111<sup>th</sup> Congress (January 2009-January 2011), Arkansas had four congressional districts. For the 113<sup>th</sup> Congress (January 2013-January 2015), Arkansas continues to have four congressional districts as a result of reapportionment based on the 2010 Census.

**SCHOOL DISTRICTS**

Arkansas has 251 unified school districts.

**STATE LEGISLATIVE DISTRICTS**

There are 35 state senate districts and 100 state house districts in Arkansas.

**URBAN AREAS**

Arkansas has 72 urban areas; 9 urbanized areas and 63 urban clusters.

**ZIP CODE TABULATION AREAS**

There are 596 ZIP Code tabulation areas (ZCTAs) in Arkansas.

**HISTORICAL CENTERS OF POPULATION**

## California

### BASIC INFORMATION

2010 Census Population:	37,253,956 (1 <sup>st</sup> )
Land Area:	155,779.2 square miles (3 <sup>rd</sup> )
Density:	239.1 persons per square mile (11 <sup>th</sup> )
Capital:	Sacramento
Became a State:	September 9, 1850 (31 <sup>st</sup> )
Bordering States:	Arizona, Nevada, Oregon
International Border:	Mexico
Abbreviation:	CA
ANSI/FIPS Code:	06

### HISTORY

The United States acquired the area of California from Mexico in 1848, with generally the same boundary as the present state. The area of California was never organized as a territory, but was administered from 1848 to statehood by a federal military authority. California was admitted to the Union on September 9, 1850, as the 31<sup>st</sup> state.

Census data for California are available beginning with the 1850 census; however, the data for 1850 are incomplete because the questionnaires from Contra Costa and Santa Clara Counties were lost and those for San Francisco County were destroyed by fire. Some missing 1850 data have been supplanted by information obtained from a state census in 1852.

Data for the legally established state of California are available beginning with the 1850 census.

### AMERICAN INDIAN AREAS

California has 108 federally recognized American Indian areas. There are 104 reservations; 28 with off-reservation trust land in the state. Two are trust lands only. The remaining two are tribal designated statistical areas (TDSAs).

### METROPOLITAN AND MICROPOLITAN STATISTICAL AREAS AND RELATED STATISTICAL AREAS

California has 26 metropolitan statistical areas, 9 micropolitan statistical areas, 4 metropolitan divisions, and 4 combined statistical areas.

### COUNTIES

There are 58 counties in California. The city and county of San Francisco have consolidated functions and is classified as a municipal government that operates primarily as a city. All other counties are each governed by a board of supervisors.

### COUNTY SUBDIVISIONS

There are 397 county subdivisions in California. They are all census county divisions (CCDs), which are delineated for statistical purposes, have no legal function, and are not governmental units. CCDs were first established in California for the 1960 census. Prior to 1960, the minor civil divisions used in the

census included election precincts, judicial townships, supervisor’s districts, and one American Indian reservation (in 1870).

**PLACES**

California has 1,523 places; 480 incorporated places and 1,043 census designated places (CDPs). The incorporated places consist of 459 cities and 21 towns. In California an incorporated place can legally exist only in a single county.

**CENSUS TRACTS/BLOCK GROUPS/BLOCKS**

California has 8,057 census tracts, 23,212 block groups, and 710,145 blocks.

**CONGRESSIONAL DISTRICTS**

For the 111<sup>th</sup> Congress (January 2009-January 2011), California had 53 congressional districts. For the 113<sup>th</sup> Congress (January 2013-January 2015), California continues to have 53 congressional districts as a result of reapportionment based on the 2010 Census.

**SCHOOL DISTRICTS**

California has 548 elementary school districts, 104 secondary school districts, and 335 unified school districts.

**STATE LEGISLATIVE DISTRICTS**

There are 40 state senate districts and 80 assembly districts in California.

**URBAN AREAS**

California has 211 urban areas; 59 urbanized areas and 152 urban clusters.

**ZIP CODE TABULATION AREAS**

There are 1,769 ZIP Code tabulation areas (ZCTAs) in California.

**HISTORICAL CENTERS OF POPULATION**

## Colorado

### BASIC INFORMATION

2010 Census Population:	5,029,196 (22 <sup>nd</sup> )
Land Area:	103,641.9 square miles (8 <sup>th</sup> )
Density:	48.5 persons per square mile (37 <sup>th</sup> )
Capital:	Denver
Became a State:	August 1, 1876 (38 <sup>th</sup> )
Bordering States:	Arizona, Kansas, Nebraska, New Mexico, Oklahoma, Utah, Wyoming
Abbreviation:	CO
ANSI/FIPS Code:	08

### HISTORY

The United States acquired part of the area that is now Colorado from France as part of the Louisiana Purchase in 1803; part from territory ceded by Mexico in 1848, and part from territory sold to the United States by the state of Texas in 1850. Colorado Territory was organized from parts of Kansas, Nebraska, New Mexico, and Utah territories on February 28, 1861, with generally the same boundary as the present state.

Although the territory had not yet been legally established, census data for Colorado are available beginning with the 1860 census. The 1860 population shown for Colorado is for the portion of Kansas Territory that was organized as Colorado Territory. The 1860 population shown for Colorado excludes an undetermined number of people enumerated as part of Nebraska and New Mexico territories. The portion of present-day Colorado in Utah Territory—the portion west of the Rocky Mountains—was not enumerated in 1860. The population of the entire legally established Kansas Territory (of which the enumerated area of Colorado was a part) in 1860 was 141,483.

Data for the legally established state of Colorado are available beginning with the 1880 census.

### AMERICAN INDIAN AREAS

Colorado has two federally recognized American Indian reservations.

### METROPOLITAN AND MICROPOLITAN STATISTICAL AREAS AND RELATED STATISTICAL AREAS

Colorado has seven metropolitan statistical areas, seven micropolitan statistical areas, and one combined statistical area.

### COUNTIES

There are 64 counties in Colorado. The cities and counties of Broomfield and Denver are consolidated city-county governments. They are classified as municipal governments, rather than as county governments, because they operate primarily as cities. In each of the remaining 62 counties, the governing body is the board of county commissioners.

### COUNTY SUBDIVISIONS

There are 209 county subdivisions in Colorado. They are all census county divisions (CCDs), which are delineated for statistical purposes, have no legal function, and are not governmental units. CCDs were

first established in Colorado for the 1960 census. Prior to 1960, the minor civil divisions used in the census were election precincts.

**PLACES**

Colorado has 458 places; 271 incorporated places and 187 census designated places (CDPs). The incorporated places consist of 75 cities and 196 towns. Cities have a minimum population threshold of 2,000. Towns may be reclassified as cities when they reach the minimum population threshold.

**CENSUS TRACTS/BLOCK GROUPS/BLOCKS**

Colorado has 1,249 census tracts, 3,532 block groups, and 201,062 census blocks.

**CONGRESSIONAL DISTRICTS**

For the 111<sup>th</sup> Congress (January 2009-January 2011), Colorado had seven congressional districts. For the 113<sup>th</sup> Congress (January 2013-January 2015), Colorado continues to have seven congressional districts as a result of reapportionment based on the 2010 Census.

**SCHOOL DISTRICTS**

Colorado has 178 unified school districts.

**STATE LEGISLATIVE DISTRICTS**

There are 35 state senate districts and 65 state house districts in Colorado.

**URBAN AREAS**

Colorado has 64 urban areas; 9 urbanized areas and 55 urban clusters.

**ZIP CODE TABULATION AREAS**

There are 526 ZIP Code tabulation areas (ZCTAs) in Colorado.

## Connecticut

### BASIC INFORMATION

2010 Census Population:	3,574,097 (29 <sup>th</sup> )
Land Area:	4,842.4 square miles (48 <sup>th</sup> )
Density:	738.1 persons per square mile (4 <sup>th</sup> )
Capital:	Hartford
Became a State:	January 9, 1788 (5 <sup>th</sup> )
Bordering States:	Massachusetts, New York, Rhode Island
Abbreviation:	CT
ANSI/FIPS Code:	09

### HISTORY

The area of Connecticut was part of the original territory of the United States. It was chartered as a colony in 1662. In 1786, it ceded area to the United States' government that became part of the Northwest Territory in 1787. Connecticut ratified the U.S. Constitution on January 9, 1788; it was the fifth of the original 13 states to join the Union. Its boundary was generally the same as the present state (excluding the Connecticut Western Reserve), although the boundary between Connecticut and Massachusetts was changed slightly in 1804.

Census data for Connecticut are available beginning with the 1790 census.

### AMERICAN INDIAN AREAS

Connecticut has two federally recognized American Indian area reservations and off-reservation trust lands. There are also three state recognized American Indian area reservations.

### METROPOLITAN AND MICROPOLITAN STATISTICAL AREAS AND RELATED STATISTICAL AREAS

Connecticut has core based statistical areas based on both counties (metropolitan statistical areas, micropolitan statistical areas, and combined statistical areas) and county subdivisions (metropolitan New England city and town areas (NECTAs), micropolitan NECTAs, and combined NECTAs).

Connecticut has four metropolitan statistical areas, two micropolitan statistical areas, two combined statistical areas, eight metropolitan NECTAs, three micropolitan NECTAs, and four combined NECTAs.

### COUNTIES

There are eight counties in Connecticut. All counties are non-functioning legal entities. In 1960, Connecticut county governments were abolished and county functions were transferred to the state government. The former county boundaries were retained for election of county sheriffs and for judicial purposes.

### COUNTY SUBDIVISIONS

There are 173 county subdivisions in Connecticut known as minor civil divisions (MCDs). These county subdivisions serve as the fundamental local subdivision in the state. There are 169 towns and 4 county subdivisions not defined that consist solely of water (the portions of counties that extend into Long Island Sound). Twenty towns are coextensive with an incorporated place and have a single set of officials. The

remaining 149 towns are actively functioning governmental units. Milford city and Milford town in New Haven County governmentally consolidated as the Milford consolidated city.

**PLACES**

Connecticut has 142 places; 30 incorporated places and 112 census designated places (CDPs). There is one consolidated city, Milford city. The incorporated places consist of 19 cities, 10 boroughs and one balance of town representing the portion of the Milford city consolidated city that is outside of the incorporated place of Woodmont borough. Incorporated places are dependent within county subdivision.

**CENSUS TRACTS/BLOCK GROUPS/BLOCKS**

Connecticut has 833 census tracts, 2,585 block groups, and 67,578 blocks.

**CONGRESSIONAL DISTRICTS**

For the 111<sup>th</sup> Congress (January 2009-January 2011), Connecticut had five congressional districts. Beginning with the 113<sup>th</sup> Congress (January 2013-January 2015), Connecticut continues to have five congressional districts as a result of reapportionment based on the 2010 Census.

**SCHOOL DISTRICTS**

Connecticut has 44 elementary school districts, 8 secondary school districts, and 115 unified school districts.

**STATE LEGISLATIVE DISTRICTS**

There are 36 state senate districts and 151 state house districts in Connecticut. There is also one state house district not defined and one state senate district not defined which are comprised solely of water.

**URBAN AREAS**

Connecticut has 17 urban areas; 9 urbanized areas and 8 urban clusters.

**ZIP CODE TABULATION AREAS**

There are 282 ZIP Code tabulation areas in Connecticut.

**OTHER INFORMATION OF GENERAL GEOGRAPHIC INTEREST**

The irregularity of the boundary in southwestern Connecticut where it abuts New York State, called the Connecticut Panhandle, is the result of territorial disputes in the late 17<sup>th</sup> century. New York gave up its claim to this area in exchange for an equivalent area extending northwards from Ridgefield, Connecticut to the Massachusetts border and an undisputed claim to Rye, New York. The two British colonies negotiated an agreement in November 1683 establishing the New York-Connecticut border as 20 miles east of the Hudson River, north to Massachusetts.

## LISTS OF ENTITIES

See the [Gazetteer Files](#) for a list of geographic entities. See the [Metropolitan and Micropolitan Statistical Areas](#) page for a list of metropolitan and micropolitan statistical areas and related statistical areas.

## Delaware

### BASIC INFORMATION

2010 Census Population:	897,934 (45 <sup>th</sup> )
Land Area:	1,948.5 square miles (49 <sup>th</sup> )
Density:	460.8 persons per square mile (6 <sup>th</sup> )
Capital:	Dover
Became a State:	December 7, 1787 (1 <sup>st</sup> )
Bordering States:	Maryland, New Jersey, Pennsylvania
Abbreviation:	DE
ANSI/FIPS Code:	10

### HISTORY

The area of Delaware was part of the original territory of the United States. Included in the grant to William Penn, the Three Lower Counties (Delaware) were annexed as part of the grant establishing the Province of Pennsylvania in 1683. The counties were granted a separate charter providing semi-autonomy in 1701, with generally the same boundary as the present state. In 1776, Delaware declared itself a separate government. Delaware ratified the U.S. Constitution on December 7, 1787; it was the first of the original 13 states to join the Union.

Census data for Delaware are available beginning with the 1790 census.

### AMERICAN INDIAN AREAS

Delaware has two state designated tribal statistical areas (SDTSAs).

### METROPOLITAN AND MICROPOLITAN STATISTICAL AREAS AND RELATED STATISTICAL AREAS

Delaware has two metropolitan statistical areas, one micropolitan statistical area, one metropolitan division, and one combined statistical area.

### COUNTIES

There are three counties in Delaware. Kent County's governing body is the levy court. New Castle and Sussex counties' are each governed by a county council.

### COUNTY SUBDIVISIONS

There are 27 county subdivisions in Delaware. They are all census county divisions (CCDs), which are delineated for statistical purposes, have no legal function, and are not governmental units. CCDs were first established in Delaware for the 1970 census. Prior to 1970, the minor civil divisions used in the census included (State) representative districts and hundreds.

### PLACES

Delaware has 78 places; 57 incorporated places and 19 census designated places (CDPs). The incorporated places consist of 10 cities, 44 towns, and 3 villages.

### CENSUS TRACTS/BLOCK GROUPS/BLOCKS

Delaware has 218 census tracts, 574 block groups, and 24,115 census blocks.

**CONGRESSIONAL DISTRICTS**

For the 111<sup>th</sup> Congress (January 2009-January 2011), Delaware had one congressional district. For the 113<sup>th</sup> Congress (January 2013-January 2015), Delaware continues to have one congressional district as a result of reapportionment based on the 2010 Census.

**SCHOOL DISTRICTS**

Delaware has 16 unified school districts.

**STATE LEGISLATIVE DISTRICTS**

There are 21 state senate districts and 41 state house districts in Delaware.

**URBAN AREAS**

Delaware has 14 urban areas; 3 urbanized areas and 11 urban clusters.

**ZIP CODE TABULATION AREAS**

There are 68 ZIP Code tabulation areas (ZCTAs) in Delaware.

**OTHER INFORMATION OF GENERAL GEOGRAPHIC INTEREST**

The northern boundary between the State of Delaware and the Commonwealth of Pennsylvania is known as the Twelve-Mile Circle. The boundary is a circular arc forming a twelve-mile radius centered at the cupola of the courthouse in the town of New Castle, DE.

**CENTERS OF POPULATION**

## District of Columbia

### BASIC INFORMATION

2010 Census Population:	601,723
Land Area:	61.1 square miles
Density:	9,856.5 persons per square mile
Bordering States:	Maryland, Virginia
Abbreviation:	DC
ANSI/FIPS Code:	11

### HISTORY

The area of the District of Columbia was part of the original territory of the United States. The District of Columbia was formed from territory ceded by Maryland and Virginia in 1788, and was established in accordance with Acts of Congress passed in 1790 and 1791. Its boundary, a square ten miles on a side with vertices at the cardinal points to resemble a diamond, was established on March 30, 1791, and included all of the territory within present-day Arlington County, Virginia, and part of Alexandria city, Virginia. The portion south of the Potomac River was retroceded to Virginia in 1846.

Census data for the District of Columbia are available beginning with the 1800 census. The population shown for the District of Columbia from 1800 to 1840 does not include the portion of Virginia legally included in the district at the time of those censuses. The population of the District of Columbia as legally existent in those censuses is: 43,712 in 1840; 39,834 in 1830; 33,039 in 1820; 24,023 in 1810; and 14,093 in 1800. Congress abolished the original county (Washington County) and incorporated places (Georgetown and Washington cities) in the District of Columbia in 1871, but later reestablished the city of Washington. The Census Bureau continued to recognize the boundaries of the previously existing areas for the 1880 and 1890 censuses. Congress has treated the District of Columbia as coextensive with Washington city since 1895.

### METROPOLITAN AND MICROPOLITAN STATISTICAL AREAS AND RELATED STATISTICAL AREAS

The District of Columbia is part of one metropolitan statistical area, one metropolitan division, and one combined statistical area.

### COUNTIES

The District of Columbia does not contain any counties, but it is considered a county equivalent for the purposes of data presentation.

### COUNTY SUBDIVISIONS

There are no county subdivisions in the District of Columbia, but it is considered a county subdivision equivalent for the purposes of data presentation.

### PLACES

The District of Columbia has one city, Washington, which is coextensive with the District of Columbia. Washington city governmentally consolidated with the District of Columbia in 1874, which is a functioning government at the equivalent of the state level.

**CENSUS TRACTS/BLOCK GROUPS/BLOCKS**

The District of Columbia has 179 census tracts, 450 block groups, and 6,507 census blocks.

**CONGRESSIONAL DISTRICTS**

The District of Columbia has a delegate district (at large), with one non-voting delegate.

**SCHOOL DISTRICTS**

There is one unified school district in the District of Columbia.

**STATE LEGISLATIVE DISTRICTS**

There are eight wards in the District of Columbia which are represented by the Census Bureau as state legislative districts – upper chamber because the District of Columbia has a single council government.

**URBAN AREAS**

District of Columbia has 1 urban area; 1 urbanized area and 0 urban clusters.

**ZIP CODE TABULATION AREAS**

There are 53 ZIP Code tabulation areas (ZCTAs) in the District of Columbia.

**HISTORICAL CENTERS OF POPULATION**

[http://www.census.gov/geo/reference/centersofpop/histstate/historical\\_cenpop\\_11.html](http://www.census.gov/geo/reference/centersofpop/histstate/historical_cenpop_11.html)

Please note: data for the District of Columbia are not available for years prior to 1930.

See the [Gazetteer Files](#) for a list of geographic entities. See the [Metropolitan and Micropolitan Statistical Areas](#) page for a list of metropolitan and micropolitan statistical areas and related statistical areas.

## Florida

### BASIC INFORMATION

2010 Census Population:	18,801,310 (4 <sup>th</sup> )
Land Area:	53,624.8 square miles (26 <sup>th</sup> )
Density:	350.6 persons per square mile (8 <sup>th</sup> )
Capital:	Tallahassee
Became a State:	March 3, 1845 (27 <sup>th</sup> )
Bordering States:	Alabama, Georgia
Abbreviation:	FL
ANSI/FIPS Code:	12

### HISTORY

The United States acquired the area of Florida from Spain in 1819, although the area was not formally transferred until 1821. Florida Territory was organized on March 30, 1822, with generally the same boundary as the present state. Florida was admitted to the Union on March 3, 1845, as the 27<sup>th</sup> state.

Census data for Florida are available beginning with the 1830 census.

Data for the legally established state of Florida are available beginning with the 1850 census.

### AMERICAN INDIAN AREAS

Florida has 10 federally recognized American Indian areas. There are seven reservations, one with associated off-reservation trust land. Two areas consist of trust lands only. There is also one off-reservation trust land associated with a reservation in Alabama.

### METROPOLITAN AND MICROPOLITAN STATISTICAL AREAS AND RELATED STATISTICAL AREAS

Florida has 20 metropolitan statistical areas, 10 micropolitan statistical areas, 3 metropolitan divisions, and 3 combined statistical areas.

### COUNTIES

There are 67 counties in Florida. With the exception of Duval County, each county is governed by a board of county commissioners. Duval County does not function as a separate governmental unit; its governmental functions are administered by the city of Jacksonville.

### COUNTY SUBDIVISIONS

There are 316 county subdivisions in Florida. They are all census county divisions (CCDs), which are delineated for statistical purposes, have no legal function, and are not governmental units. CCDs were first established in Florida for the 1960 census. Prior to 1960, the minor civil divisions used in the census included election precincts, polling places, and (county) commissioners' districts.

### PLACES

Florida has 920 places; 411 incorporated places and 509 census designated places. The incorporated places consist of 268 cities, 124 towns, and 19 villages. The minimum population to incorporate in Florida is 1,500 except in counties with a population of 50,000 or more, where the minimum population is 5,000. The minimum population density per acre required for incorporation, unless extraordinary

conditions can be shown, is 1.5 people per acre, and the new entity must be at least two miles from the boundary of an existing incorporated place.

**CENSUS TRACT/BLOCK GROUPS/BLOCKS**

Florida has 4,245 census tracts, 11,442 block groups, and 484,481 blocks.

**CONGRESSIONAL DISTRICTS**

For the 111<sup>th</sup> Congress (January 2009-January 2011), Florida had 25 congressional districts. For the 113<sup>th</sup> Congress (January 2013-January 2015), Florida has 27 congressional districts as a result of reapportionment based on the 2010 Census.

**SCHOOL DISTRICTS**

Florida has 67 unified school districts.

**STATE LEGISLATIVE DISTRICTS**

There are 40 state senate districts and 120 state house districts in Florida.

**URBAN AREAS**

Florida has 104 urban areas; 30 urbanized areas and 74 urban clusters.

**ZIP CODE TABULATION AREAS**

There are 983 ZIP Code tabulation areas (ZCTAs) in Florida.

**HISTORICAL CENTERS OF POPULATION**

## Georgia

### BASIC INFORMATION

2010 Census Population:	9,687,653 (9 <sup>th</sup> )
Land Area:	57,513.5 square miles (21 <sup>st</sup> )
Density:	168.4 persons per square mile (18 <sup>th</sup> )
Capital:	Atlanta
Became a State:	January 2, 1788 (4 <sup>th</sup> )
Bordering States:	Alabama, Florida, North Carolina, South Carolina, Tennessee
Abbreviation:	GA
ANSI/FIPS Code:	13

### HISTORY

The area of Georgia was part of the original territory of the United States. It was chartered as a colony in 1732. Georgia ratified the U.S. Constitution on January 2, 1788; it was the fourth of the original 13 states to join the Union. At that time, Georgia included territory that extended westward to the Mississippi River and now makes up most of Alabama and Mississippi. The territory west of the present state boundary was added to Mississippi Territory when Georgia ceded to the United States its claims to the territory in 1802. As part of this cession, Georgia obtained part of the South Carolina cession of 1787 from the federal government along its northern boundary. These changes left Georgia with generally the same boundary as the present state.

Census data for Georgia are available beginning with the 1790 census. No population was reported in 1790 for the portion of Georgia now within Alabama and Mississippi. The 1800 population shown for Georgia includes population in the territory that is now part of Alabama and Mississippi. For an explanation of the revision to the 1810 population of Georgia, see Richard L. Forstall, *Population of States and Counties of the United States: 1790-1990*, Washington, DC: U.S. Government Printing Office, 1996, page 40.

### AMERICAN INDIAN AREAS

Georgia has one state recognized American Indian reservation.

### METROPOLITAN AND MICROPOLITAN STATISTICAL AREAS AND RELATED STATISTICAL AREAS

Georgia has 15 metropolitan statistical areas, 24 micropolitan statistical areas, and 5 combined statistical areas.

### COUNTIES

There are 159 counties in Georgia. Six counties are not considered to be functioning because each has consolidated its services with an incorporated place. Clarke County is served by the unified government of Athens-Clarke County. Richmond County is served by the consolidated government of Augusta-Richmond County. Chattahoochee county and the former Cusseta city consolidated to form the consolidated government of Cusseta-Chattahoochee County and is classified as a municipal government. Columbus city and Muscogee County consolidated to form the consolidated government of Columbus and is classified as a municipal government. Quitman county and the former Georgetown city consolidated and renamed to form the "unified government" of Georgetown-Quitman County (place). Webster County Unified Government consolidated with Webster County and renamed to form the "unified

government” of Webster County (place). Each county has a county government except for Chattahoochee, Clarke, Muscogee, Quitman, and Richmond counties.

**COUNTY SUBDIVISIONS**

There are 586 county subdivisions in Georgia. They are all census county divisions (CCDs), which are delineated for statistical purposes, have no legal function, and are not governmental units. CCDs in Georgia were first established for the 1960 census. Prior to the 1960 census, militia districts were used as county subdivisions.

**PLACES**

Georgia has 624 places; 535 incorporated places and 89 census designated places (CDPs). The incorporated places consist of 425 cities, 105 towns, 2 balances of county representing the portion of the consolidated cities that are outside of other incorporated places (Athens-Clarke County unified government and the Augusta-Richmond County consolidated government), and 3 city-county unified governments (Georgetown-Quitman County, Cusseta-Chattahoochee County, and Webster County).

**CENSUS TRACTS/BLOCK GROUPS/BLOCKS**

Georgia has 1,969 census tracts, 5,533 block groups, and 291,086 census blocks.

**CONGRESSIONAL DISTRICTS**

For the 111<sup>th</sup> Congress (January 2009-January 2011), Georgia had 13 congressional districts. For the 113<sup>th</sup> Congress (January 2013-January 2015), Georgia has 14 congressional districts as a result of reapportionment based on the 2010 Census.

**SCHOOL DISTRICTS**

Georgia has 1 elementary school district, 2 secondary school districts, and 182 unified school districts. The Department of Defense runs one elementary school district and two unified school districts in Georgia.

**STATE LEGISLATIVE DISTRICTS**

There are 56 state senate districts and 180 state house districts in Georgia.

**URBAN AREAS**

Georgia has 123 urban areas; 16 urbanized areas and 107 urban clusters.

**ZIP CODE TABULATION AREAS**

There are 735 ZIP Code tabulation areas (ZCTAs) in Georgia.

## Hawaii

### BASIC INFORMATION

2010 Census Population:	1,360,301 (40 <sup>th</sup> )
Land Area:	6,422.6 square miles (47 <sup>th</sup> )
Density:	211.8 persons per square mile (13 <sup>th</sup> )
Capital:	Honolulu
Became a State:	August 21, 1959 (50 <sup>th</sup> )
Abbreviation:	HI
ANSI/FIPS Code:	15

### HISTORY

The United States acquired the area of Hawaii through annexation of the Republic of Hawaii on July 7, 1898. Hawaii was officially organized as a territory of the United States on June 14, 1900, with generally the same boundary as the present state. Hawaii was admitted to the Union on August 21, 1959, as the 50<sup>th</sup> state.

Census data for Hawaii are available beginning with the 1900 census. The 1910 through 1930 populations do not include Midway Islands, and the 1940 population does not include Baker Island, Canton Island, Enderbury Island, Howland Island, Jarvis Island, Johnston Atoll, and Midway Islands which were enumerated as part of Hawaii Territory even though not legally part of the territory. The 1940 population does include Palmyra Atoll (administratively named Palmyra Island), which was legally part of Hawaii Territory since its organization, but separated from Hawaii upon statehood. (Palmyra Atoll had no population in any other census.) Canton Island and Enderbury Island are now part of the Republic of Kiribati. The other islands and atolls, which are under the jurisdiction of the Department of Interior or the Department of Defense, are part of the U.S. Minor Outlying Islands. For the 1930, 1940, 1950, and 1970 censuses, the population and housing unit data for Kalawao County were included in Maui County. The population and housing unit counts for Kalawao County shown as Kalawao division (CCD) in 1970 was 172 population and 0 (zero) housing units (there are no housing units because the residents were classified as living in a medical facility). The adjusted population for Maui County (including Kalawao County) in 1970 is 45,984. The validity of the urban population reported in Hawaii for 1900, 1910, and 1920 is limited because a place population of 2,500 was required to classify territory as urban, and the Census Bureau did not consistently identify places in Hawaii before 1930.

Data for the legally established state of Hawaii are available beginning with the 1960 census.

### NATIVE HAWAIIAN AREAS

There are 75 Hawaiian home lands in the state of Hawaii. Hawaiian home lands are unique to Hawaii and are lands held in trust for Native Hawaiians by the state, pursuant to the Hawaiian Homes Commission Act of 1920, as amended.

### METROPOLITAN AND MICROPOLITAN STATISTICAL AREAS AND RELATED STATISTICAL AREAS

Hawaii has one metropolitan statistical area and three micropolitan statistical areas.

**COUNTIES**

Hawaii has five counties. Kalawao County, a former leper colony and now a national historic landmark, does not function as a governmental unit and is administered by the State Department of Health. Honolulu County and city are governmentally consolidated, but through agreement with the State of Hawaii, the Census Bureau does not recognize the city for statistical purposes.

**COUNTY SUBDIVISIONS**

There are 44 county subdivisions in Hawaii. They are all census county divisions (CCDs), which are delineated for statistical purposes, have no legal function, and are not governmental units. CCDs were first established in Hawaii for the 1960 census. Prior to 1960, the minor civil divisions used in the census included election districts, voting precincts, and judicial districts.

**PLACES**

Hawaii has 151 places; all are census designated places (CDPs). Hawaii is the only state that has no incorporated places recognized by the Census Bureau. In agreement with the state, the legal consolidation of Honolulu County and city is not recognized for census purposes except for the Census of Governments.

**CENSUS TRACTS/BLOCK GROUPS/BLOCKS**

Hawaii has 351 census tracts, 875 block groups, and 25,016 census blocks.

**CONGRESSIONAL DISTRICTS**

For the 111<sup>th</sup> Congress (January 2009-January 2011), Hawaii had two congressional districts. For the 113<sup>th</sup> Congress (January 2013-January 2015), Hawaii continues to have two congressional districts as a result of reapportionment based on the 2010 Census.

**SCHOOL DISTRICTS**

Hawaii has one unified school district, covering the entire state and administered by the Hawaii Department of Education.

**STATE LEGISLATIVE DISTRICTS**

There are 25 state senate districts and 51 state house districts in Hawaii. There is one state house district and one state senate district not defined which are comprised solely of water area.

**URBAN AREAS**

Hawaii has 23 urban areas; 3 urbanized areas and 20 urban clusters.

**ZIP CODE TABULATION AREAS**

There are 94 ZIP Code tabulation areas (ZCTAs) in Hawaii.

**OTHER INFORMATION OF GENERAL GEOGRAPHIC INTEREST**

The State of Hawaii is composed of seven main inhabited islands—Hawaii, Maui, Lanai, Molokai, Oahu, Kauai, and Niihau--and several smaller uninhabited islands along with the northwestern Hawaiian Islands. The northwestern Hawaiian Islands are part of the City and County of Honolulu, except for the Midway Islands, which are under the control of the Federal Government and are not part of the state.

Hawaii is the most isolated population center on Earth. It is 2,390 miles (3,850 km) from California, 3,850 miles (6,195 km) from Japan and 4,900 miles (7,885 km) from China.

## LISTS OF ENTITIES

See the [Gazetteer Files](#) for a list of geographic entities. See the [Metropolitan and Micropolitan Statistical Areas](#) page for a list of metropolitan and micropolitan statistical areas and related statistical areas.

## Idaho

### BASIC INFORMATION

2010 Census Population:	1,567,582 (39 <sup>th</sup> )
Land Area:	82,643.12 square miles (11 <sup>th</sup> )
Density:	19 persons per square mile (44 <sup>th</sup> )
Capital:	Boise
Became a State:	July 3, 1890 (43 <sup>rd</sup> )
Bordering States:	Montana, Nevada, Oregon, Utah, Washington, Wyoming
International Border:	Canada
Abbreviation:	ID
ANSI/FIPS Code:	16

### HISTORICAL INFORMATION

The United States acquired the area of Idaho through a treaty with Great Britain in 1846. Idaho Territory was organized from parts of Dakota, Nebraska, and Washington territories on March 3, 1863, and included parts of present-day Montana and Wyoming. Its area was reduced in 1864 by the organization of Montana Territory and again in 1868 by the organization of Wyoming Territory, to generally the same boundary as the present state. Idaho was admitted to the Union on July 3, 1890, as the 43<sup>rd</sup> state.

Census data for Idaho are available beginning with the 1870 census. The portion of Yellowstone National Park in Idaho was probably enumerated as part of Wyoming from 1880 to 1910. The area was shown as a separate county equivalent in the census reports for Idaho from 1920 to 1960. The portion of the park in Idaho was legally added to Fremont County before the 1970 census.

Data for the legally established state of Idaho are available beginning with the 1900 census. The census day for the 1890 census was June 2, 1890.

### AMERICAN INDIAN AREAS

Idaho has five federally recognized American Indian reservations; two with associated off-reservation trust land.

### METROPOLITAN AND MICROPOLITAN STATISTICAL AREAS AND RELATED STATISTICAL AREAS

Idaho has six metropolitan statistical areas, eight micropolitan statistical areas, and one combined statistical area.

### COUNTIES

There are 44 counties in Idaho. All counties are functioning governmental units, each governed by a board of commissioners.

### COUNTY SUBDIVISIONS

There are 170 county subdivisions in Idaho. They are all census county divisions (CCDs), which are delineated for statistical purposes, have no legal function, and are not governmental units. CCDs were first established in Idaho for the 1960 census. Prior to 1960, the minor civil divisions used for the census included election precincts, land-survey townships, and Indian reservations.

**PLACES**

Idaho has 227 places; 201 incorporated places and 26 census designated places. The incorporated places are all cities. Lost River city is governmentally inactive.

**CENSUS TRACTS/BLOCK GROUPS/BLOCKS**

There are 298 census tracts, 963 block groups, and 149,842 census blocks in Idaho.

**CONGRESSIONAL DISTRICTS**

For the 111<sup>th</sup> Congress (January 2009-January 2011), Idaho had two congressional districts. For the 113<sup>th</sup> Congress (January 2013-January 2015), Idaho continues to have two congressional districts as a result of reapportionment based on the 2010 Census.

**SCHOOL DISTRICTS**

Idaho has 115 unified school districts.

**STATE LEGISLATIVE DISTRICTS**

There are 35 state senate districts and 35 state house districts in Idaho.

**URBAN AREAS**

Idaho has 43 urban areas; 6 urbanized areas and 37 urban clusters.

**ZIP CODE TABULATION AREAS**

There are 285 ZIP Code tabulation areas (ZCTAs) in Idaho.

**OTHER INFORMATION OF GENERAL GEOGRAPHIC INTEREST**

A portion of Yellowstone National Park is located in Fremont County. The remainder of the park is located in Montana and Wyoming. Prior to the 1970 census, Yellowstone National Park was an entity separate from any county government.

## Illinois

### BASIC INFORMATION

2010 Census Population:	12,830,632 (5 <sup>th</sup> )
Land Area:	55,518.9 square miles (24 <sup>th</sup> )
Density:	231.1 persons per square mile (12 <sup>th</sup> )
Capital:	Springfield
Became a State:	December 3, 1818 (21 <sup>st</sup> )
Bordering States:	Indiana, Iowa, Kentucky, Missouri, Wisconsin
Abbreviation:	IL
ANSI/FIPS Code:	17

### HISTORY

The area of Illinois was part of the original territory of the United States, being part of lands ceded by four states to the United States and designated in 1787 as the "Territory northwest of the River Ohio." Illinois Territory was organized on February 3, 1809, from the western part of Indiana Territory, and included all of present-day Illinois, most of Wisconsin, the western part of the Upper Peninsula of Michigan, and northeastern Minnesota.

Although the territory had not yet been legally established, census data for Illinois are available beginning with the 1800 census. The 1810 population is for the entire area of the Illinois Territory, including territory not in the present state. For an explanation of the revision to the 1800 population of Illinois, see Richard L. Forstall, *Population of States and Counties of the United States: 1790-1990*, Washington, DC: U.S. Government Printing Office, 1996, page 48.

Data for the legally established state of Illinois are available beginning with the 1820 census.

### METROPOLITAN AND MICROPOLITAN STATISTICAL AREAS AND RELATED STATISTICAL AREAS

Illinois has 12 metropolitan statistical areas, 22 micropolitan statistical areas, 2 metropolitan divisions, and 7 combined statistical areas.

### COUNTIES

There are 102 counties in Illinois. All counties are functioning governmental units; each is governed by a board with between 5 and 29 members.

### COUNTY SUBDIVISIONS

There are 1,710 county subdivisions in Illinois known as minor civil divisions (MCDs); 85 counties have functioning, but not necessarily active, townships and 17 counties have nonfunctioning election precincts. There are 1,432 townships and 274 election precincts. Chicago city is independent of any MCD and serves as an MCD equivalent in two counties, creating two county subdivisions. There are also two undefined MCDs that cover the Illinois portion of Lake Michigan. Alexander, Calhoun, Edwards, Hardin, Johnson, Massac, Menard, Monroe, Morgan, Perry, Pope, Pulaski, Randolph, Scott, Union, Wabash, and Williamson counties have election precincts. All other counties have townships. The governing body for each township is an elected township supervisor and a board of trustees.

## PLACES

Illinois has 1,367 places, 1,299 incorporated places and 68 census designated places (CDPs). The incorporated places consist of 300 cities, 16 towns, and 983 villages. The minimum population to incorporate as a city is 2,500. For a village the minimum population for incorporation ranges from 200 (in counties with a population less than 150,000) to 2,500. Incorporated places are dependent within county subdivision with the following exceptions:

- Independent of any township
  - Chicago city
  
- Coextensive with a single township
 

○ Alton	○ East St. Louis	○ Oak Park
○ Belleville	○ Evanston	○ Quincy
○ Berwyn	○ Freeport	○ River Forest
○ Bloomington	○ Galesburg	○ Urbana
○ Champaign	○ Godfrey	○ Warsaw
○ Cicero	○ Macomb	○ Zion
  
- Coextensive with a single precinct
  - Cairo
  - Golconda
  - Valmeyer
  
- Coextensive with multiple whole precincts
  - Jacksonville
  - South Jacksonville
  - Waterloo
  
- Coextensive with one more precincts in Monroe County, but also has part of one township in St. Clair County
  - Columbia city
  - Hecker village
  
- Contain one or more whole precincts and parts of others
  - Du Quion
  - Metropolis
  - Petersburg
  - Pinckneyville

## CENSUS TRACTS/BLOCK GROUPS/BLOCKS

Illinois has 3,123 census tracts, 9,691 block groups, and 451,554 census blocks.

## CONGRESSIONAL DISTRICTS

For the 111<sup>th</sup> Congress (January 2009-January 2011), Illinois had 19 congressional districts. For the 113<sup>th</sup> Congress (January 2013-January 2015), Illinois has 18 congressional districts as a result of reapportionment based on the 2010 Census.

**SCHOOL DISTRICTS**

There are 379 elementary school districts, 104 secondary school districts, and 389 unified school districts in Illinois.

**STATE LEGISLATIVE DISTRICTS**

There are 59 state senate districts and 118 state house districts in Illinois. There is also one state house district undefined and one state senate district undefined each comprising the portion of Illinois in Lake Michigan.

**URBAN AREAS**

Illinois has 158 urban areas; 19 urbanized areas and 139 urban clusters.

**ZIP CODE TABULATION AREAS**

There are 1,384 ZIP Code tabulation areas (ZCTAs) in Illinois.

**HISTORICAL CENTERS OF POPULATION**

## Indiana

### BASIC INFORMATION

2010 Census Population:	6,483,802 (15 <sup>th</sup> )
Land Area:	35,826.1 square miles (38 <sup>th</sup> )
Density:	181.0 persons per square mile (16 <sup>th</sup> )
Capital:	Indianapolis
Became a State:	December 11, 1816 (19 <sup>th</sup> )
Bordering States:	Illinois, Kentucky, Michigan, Ohio
Abbreviation:	IN
ANSI/FIPS Code:	18

### HISTORY

The area of Indiana was part of the original territory of the United States, being part of lands ceded by four states to the United States and designated in 1787 as the "Territory northwest of the River Ohio." Indiana Territory was organized on May 7, 1800, from the western part of the Northwest Territory; it included all of present-day Illinois, nearly all of Indiana and Wisconsin, the western part of the Upper Peninsula of Michigan, and northeastern Minnesota. Indiana Territory was greatly reduced by the organization of Michigan Territory in 1805 and Illinois Territory in 1809. Indiana Territory was increased in 1816 by the addition of a strip of land that set the northern boundary between Indiana and Michigan territories and was reduced by relinquishing territory in the Upper Peninsula to Michigan Territory. Indiana was admitted to the Union on June 29, 1816, as the 19<sup>th</sup> state, with generally the same boundary as the present state.

Although the territory had not yet been legally established, census data for Indiana are available beginning with the 1800 census. The 1810 population includes a small population in territory now within Michigan (most of this area was not enumerated, being primarily unceded American Indian lands). For an explanation of the revision to the 1800 population of Indiana, see Richard L. Forstall, *Population of States and Counties of the United States: 1790-1990*, Washington, DC: U.S. Government Printing Office, 1996, page 52.

Data for the legally established state of Indiana are available beginning with the 1820 census.

### METROPOLITAN AND MICROPOLITAN STATISTICAL AREAS AND RELATED STATISTICAL AREAS

Indiana has 16 metropolitan statistical areas, 25 micropolitan statistical areas, 1 metropolitan division, and 8 combined statistical areas.

### COUNTIES

There are 92 counties in Indiana. Marion County does not function as a separate governmental unit; it consolidated governmental functions with Indianapolis city on January 1, 1970 but they are not coextensive. The governing body in each of the other counties is a board of commissioners.

### COUNTY SUBDIVISIONS

There are 1,011 county subdivisions in Indiana known as minor civil divisions (MCDs). There are 1,008 townships which are functioning, but not necessarily active, governmental units. There is one unorganized territory, Camp Atterbury in Bartholomew County, and two county subdivisions not defined,

each comprised of the portions of Lake Michigan within Indiana. Each active and functioning MCD is governed by a board of trustees.

**PLACES**

Indiana has 681 places; 568 incorporated places and 113 census designated places (CDPs). The incorporated places consist of 117 cities, 450 towns, and one balance of place representing the portion of the Indianapolis consolidated city that is outside of the incorporated municipalities. Indianapolis city consolidated governmental functions with Marion County to become a consolidated city comprised of the portion of Marion County (including 12 municipalities) outside the incorporated places of Beech Grove, Lawrence, Southport, and Speedway.

Cities in Indiana are separated into classes based on population:

Class	Population
First class Cities	250,000 or greater
Second class cities	35,000 to 249,999
Third class cities	Less than 34,999

Cities must have a minimum population of 2,001. Towns are established as those incorporated places having fewer than 2,000 people. Provision is made for towns with a population of more than 2,000 to become cities by petition of voters and a referendum. However, some places having a population more than 2,000 still are classified as towns because they have not held the election necessary to become a city (for example, the town of Speedway).

Incorporated places are dependent within county subdivision with the exception of Indianapolis city and Terre Haute city.

**CENSUS TRACTS/BLOCK GROUPS/BLOCKS**

Indiana has 1,511 census tracts, 4,814 block groups, and 267,071 blocks.

**CONGRESSIONAL DISTRICTS**

For the 111<sup>th</sup> Congress (January 2009-January 2011), Indiana had nine congressional districts. For the 113<sup>th</sup> Congress (January 2013-January 2015), Indiana continues to have nine congressional districts as a result of reapportionment based on the 2010 Census.

**SCHOOL DISTRICTS**

Indiana has 294 unified school districts.

**STATE LEGISLATIVE DISTRICTS**

There are 50 state senate districts and 100 state house districts in Indiana.

**URBAN AREAS**

Indiana has 113 urban areas; 16 urbanized areas and 97 urban clusters.

**ZIP CODE TABULATION AREAS**

There are 776 ZIP Code tabulation areas (ZCTAs) in Indiana.

## LISTS OF ENTITIES

See the [Gazetteer Files](#) for a list of geographic entities. See the [Metropolitan and Micropolitan Statistical Areas](#) page for a list of metropolitan and micropolitan statistical areas and related statistical areas.

## Iowa

### BASIC INFORMATION

2010 Census Population:	3,046,355 (30 <sup>th</sup> )
Land Area:	55,857.1 square miles (23 <sup>rd</sup> )
Density:	54.5 persons per square mile (36 <sup>th</sup> )
Capital:	Des Moines
Became a State:	December 28, 1846 (29 <sup>th</sup> )
Bordering States:	Illinois, Minnesota, Missouri, Nebraska, South Dakota, Wisconsin
Abbreviation:	IA
ANSI/FIPS Code:	19

### HISTORY

The United States acquired the area of Iowa from France in 1803 as part of the Louisiana Purchase. Iowa Territory was organized on June 12, 1838, from part of Wisconsin Territory; it included all of present-day Iowa, the eastern part of North Dakota and South Dakota, and the western part of Minnesota. Iowa was admitted to the Union on December 28, 1846, as the 29<sup>th</sup> state with generally the same boundary as the present state. The remaining part of the territory was unattached until the organization of Minnesota Territory in 1849. Nebraska and Iowa have made periodic adjustments to their boundary as the Missouri River has changed its course.

Census data for Iowa are available beginning with the 1840 census. The 1840 population includes the portion of Iowa Territory in present-day Minnesota west of the Mississippi River and a line drawn from its source northward to the Canadian boundary.

### AMERICAN INDIAN AREAS

Iowa has four federally recognized American Indian areas. There are three reservations and one trust land.

### METROPOLITAN AND MICROPOLITAN STATISTICAL AREAS AND RELATED STATISTICAL AREAS

Iowa has 9 metropolitan statistical areas, 15 micropolitan statistical areas, and 4 combined statistical areas.

### COUNTIES

There are 99 counties in Iowa. All counties in Iowa are functioning governmental units; each governed by a county board of supervisors.

### COUNTY SUBDIVISIONS

There are 1,661 county subdivisions in Iowa known as minor civil divisions (MCDs). There are 1,598 townships. There are 59 cities that are independent of any MCD and one city (Tabor) that is partially independent of any MCD creating 62 county subdivisions. There is also one unorganized territory (reservoir property in Polk County).

Iowa township officials have minimal powers and are under the fiscal authority of the county. These townships, by agreement with the state, are classified as nonfunctioning MCDs by the Census Bureau. The governing body for each township is the board of township trustees.

**PLACES**

Iowa has 1,009 places; 947 incorporated places and 62 census designated places (CDPs). The incorporated places are all cities. There are 887 incorporated places that are dependent within county subdivisions. Fifty-two cities are legally coextensive with county subdivisions, eight cities are independent of any township, and one city (Tabor) is independent of any township in Fremont County and dependent in Mills County.

**CENSUS TRACTS/BLOCK GROUPS/BLOCKS**

Iowa has 825 census tracts, 2,630 block groups, and 216,007 census blocks.

**CONGRESSIONAL DISTRICTS**

For the 111<sup>th</sup> Congress (January 2011- January 2013) Iowa had five congressional districts. For the 113<sup>th</sup> Congress (January 2013-January 2015), Iowa continues to have five congressional districts as a result of reapportionment based on the 2010 Census.

**SCHOOL DISTRICTS**

Iowa has 364 unified school districts.

**STATE LEGISLATIVE DISTRICTS**

There are 50 state senate districts and 100 state house districts in Iowa.

**URBAN AREAS**

Iowa has 99 urban areas; 9 urbanized areas and 90 urban clusters.

**ZIP CODE TABULATION AREAS**

There are 935 ZIP Code tabulation areas (ZCTAs) in Iowa.

**HISTORICAL CENTERS OF POPULATION**

## Kansas

### BASIC INFORMATION

2010 Census Population:	2,853,118 (33 <sup>rd</sup> )
Land Area:	81,758.7 square miles (13 <sup>th</sup> )
Density:	34.9 persons per square mile (40 <sup>th</sup> )
Capital:	Topeka
Became a State:	January 29, 1861 (34 <sup>th</sup> )
Bordering States:	Colorado, Missouri, Nebraska, Oklahoma
Abbreviation:	KS
ANSI/FIPS Code:	20

### HISTORY

The United States acquired the area of Kansas from France in 1803 as part of the Louisiana Purchase. Part of the area was subsequently relinquished in a treaty with Spain in 1819, and was reacquired as part of the annexation of Texas in 1845. Kansas Territory was organized on May 30, 1854, from Missouri Territory (also identified in some statutes as Indian Country or Indian Territory), and included part of present-day Colorado. Kansas was admitted to the Union on January 29, 1861, as the 34<sup>th</sup> state, with generally the same boundary as the present state. The remaining part of the territory was included in Colorado Territory, which was organized in February 1861.

Census data for Kansas are available beginning with the 1860 census. The 1860 population includes only the population within the present state boundary; the population for the area that became part of Colorado Territory was assigned to that area even though it was not yet legally established. The population of the entire legally established Kansas Territory in 1860 was 141,483.

Data for the legally established state of Kansas are available beginning with the 1870 census.

### AMERICAN INDIAN AREAS

Kansas has four federally recognized American Indian reservations, two with off-reservation trust land. There is also one joint-use area.

### METROPOLITAN AND MICROPOLITAN STATISTICAL AREAS AND RELATED STATISTICAL AREAS

Kansas has 6 metropolitan statistical areas, 14 micropolitan statistical areas, and 2 combined statistical areas.

### COUNTIES

Kansas has 105 counties. One county, Wyandotte, has consolidated with Kansas City city and is considered nonfunctioning. All other counties are functioning governmental units; each governed by a board of county commissioners.

### COUNTY SUBDIVISIONS

There are 1,530 county subdivisions in Kansas known as minor civil divisions (MCDs). There are 1,403 townships, of which 1,274 (in 96 counties) are governmental active; 129 (in 27 counties) are inactive, but have the ability to activate and perform governmental functions. In addition, there are 120 incorporated

places that are independent of any township, creating 127 MCDs. The active governmental townships are administered by an elected clerk, treasurer, and trustee.

The 27 counties with inactive townships are:

- Chautauqua
- Clark
- Clay
- Coffey
- Grant
- Gray
- Greeley
- Hamilton
- Jackson
- Johnson
- Kiowa
- Labette
- Lincoln
- Marion
- Meade
- Mitchell
- Morris
- Morton
- Scott
- Sedgewick
- Sheridan
- Sherman
- Stanton
- Stevens
- Wichita
- Wilson
- Wyandotte

**PLACES**

Kansas has 671 places; 627 incorporated places and 44 census designated places (CDPs). The incorporated places are all cities. The minimum requirement for incorporation is 300 persons or 300 platted lots each served by water and sewer lines. There are 120 cities that are independent of any township creating 127 county subdivisions. The remaining 507 incorporated places are dependent within county subdivision.

**CENSUS TRACTS/BLOCK GROUPS/BLOCKS**

Kansas has 770 tracts, 2,351 block groups, and 238,600 blocks.

**CONGRESSIONAL DISTRICTS**

For the 111<sup>th</sup> Congress (January 2009-January 2011), Kansas had four congressional districts. For the 113<sup>th</sup> Congress (January 2013-January 2015), Kansas continues to have four congressional districts as a result of reapportionment based on the 2010 Census.

**SCHOOL DISTRICTS**

Kansas has 293 unified school districts.

**STATE LEGISLATIVE DISTRICTS**

There are 40 state senate districts and 125 state house districts in Kansas.

**URBAN AREAS**

Kansas has 78 urban areas; 6 urbanized areas and 72 urban clusters.

**ZIP CODE TABULATION AREAS**

There are 700 ZIP Code tabulation areas (ZCTAs) in Kansas.

**HISTORICAL CENTERS OF POPULATION**

## LISTS OF ENTITIES

See the [Gazetteer Files](#) for a list of geographic entities. See the [Metropolitan and Micropolitan Statistical Areas](#) page for a list of metropolitan and micropolitan statistical areas and related statistical areas.

## Kentucky

### BASIC INFORMATION

2010 Census Population:	4,339,367 (26 <sup>th</sup> )
Land Area:	39,486.3 square miles (37 <sup>th</sup> )
Density:	109.9 persons per square mile (22 <sup>nd</sup> )
Capital:	Frankfort
Became a State:	June 1, 1792 (15 <sup>th</sup> )
Bordering States:	Illinois, Indiana, Missouri, Ohio, Tennessee, Virginia, West Virginia
Abbreviation:	KY
ANSI/FIPS Code:	21

### HISTORY

The area of Kentucky was originally part of Virginia within the original United States. Virginia ceded the district of Kentucky to the United States in 1792, and this area was included briefly in the Southwest Territory (“territory . . . south of the Ohio River”). Upon resolution of a boundary dispute with Tennessee in 1820, Kentucky assumed generally the same boundary as the present state.

Kentucky is one of four states that are legally described as a commonwealth. Although it was still part of Virginia, census data for Kentucky are available separately beginning with the 1790 census. The population shown for Kentucky in the 1790-1820 censuses is based on the present state boundary, not the territory claimed by Kentucky from Tennessee along its southern boundary. The population of the entire legally established state of Virginia (of which the area of Kentucky was a part) in 1790 was 821,287.

Data for the legally established state of Kentucky are available beginning with the 1800 census, minus claimed territory.

### METROPOLITAN AND MICROPOLITAN STATISTICAL AREAS AND RELATED STATISTICAL AREAS

There are 9 metropolitan statistical areas, 17 micropolitan statistical areas, and 6 combined statistical areas.

### COUNTIES

There are 120 counties in Kentucky. Two counties are not considered to be functioning because they have consolidated governmental functions with an incorporated place. Fayette County consolidated with the former Lexington city to form the incorporated place of Lexington-Fayette urban county. Jefferson County consolidated with the former Louisville city to form the consolidated city of Louisville/Jefferson County metro government. The other counties are each governed by a county judge executive and a board of commissioners.

### COUNTY SUBDIVISIONS

There are 493 county subdivisions in Kentucky. They are all census county divisions (CCDs), which are delineated for statistical purposes, have no legal function, and are not governmental units. CCDs were first established in the 1960 census. Prior to 1960, the minor civil divisions used in the census include magisterial districts, election districts, and voting precincts.

**PLACES**

Kentucky has 524 places; 422 incorporated places and 102 census designated places (CDPs). The incorporated places consist of 420 cities, 1 urban county, and 1 balance of county representing the area of the Louisville/Jefferson consolidated city outside of the incorporated places. Kentucky has one consolidated city – Louisville/Jefferson County consolidated city. Louisville/Jefferson metro government is a consolidated city because it contains 83 separately incorporated places. There are four governmentally inactive cities in Kentucky. The minimum population required for incorporation is 300 people.

**CENSUS TRACTS/BLOCK GROUPS/BLOCKS**

Kentucky has 1,115 census tracts, 3,285 block groups, and 161,672 blocks.

**CONGRESSIONAL DISTRICTS**

For the 111<sup>th</sup> Congress (January 2009-January 2011), Kentucky had six congressional districts. Beginning with the 113<sup>th</sup> Congress (January 2013-January 2015), Kentucky continues to have six congressional districts as a result of reapportionment based on the 2010 Census.

**SCHOOL DISTRICTS**

Kentucky has 3 elementary school districts, 3 secondary school districts, and 174 unified school districts. Two of the unified school districts are run by the Department of Defense.

**STATE LEGISLATIVE DISTRICTS**

There are 38 state senate districts and 100 state house districts in Kentucky.

**URBAN AREAS**

Kentucky has 81 urban areas; 9 urbanized areas and 72 urban clusters.

**ZIP CODE TABULATION AREAS**

There are 770 ZIP Code tabulation areas (ZCTAs) in Kentucky.

**HISTORICAL CENTERS OF POPULATION**

## LISTS OF ENTITIES

See the [Gazetteer Files](#) for a list of geographic entities. See the [Metropolitan and Micropolitan Statistical Areas](#) page for a list of metropolitan and micropolitan statistical areas and related statistical areas.

## Louisiana

### BASIC INFORMATION

2010 Census Population:	4,533,372 (25 <sup>th</sup> )
Land Area:	43,203.9 square miles (33 <sup>rd</sup> )
Density:	104.9 persons per square mile (24 <sup>th</sup> )
Capital:	Baton Rouge
Became a State:	April 30, 1812 (18 <sup>th</sup> )
Bordering States:	Arkansas, Mississippi, Texas
Abbreviation:	LA
ANSI/FIPS Code:	22

### HISTORY

The United States acquired the area of Louisiana from France in 1803 as part of the Louisiana Purchase, although the area east of the Mississippi River and north of Lake Pontchartrain and the southwestern boundary were disputed with Spain until 1812. Orleans Territory, which included the greater part of Louisiana, was organized on March 26, 1804. (The Louisiana Territory, organized on March 3, 1805, did not include any of the present-day state of Louisiana; the Louisiana Territory was the portion of the Louisiana Purchase that was north of the 33<sup>rd</sup> parallel, which is the current northern boundary of the state of Louisiana.) Louisiana was admitted to the Union on April 30, 1812, as the 18<sup>th</sup> state, with generally the same boundary as the present state.

Census data for Louisiana are available beginning with the 1810 census. The 1810 population is for Orleans Territory, which conformed to the present-day state boundary.

Data for the legally established state of Louisiana are available beginning with the 1820 census.

### AMERICAN INDIAN AREAS

Louisiana has four federally-recognized American Indian reservations, two with off-reservation trust land. There are also five state designated tribal statistical areas (SDTSAs).

### METROPOLITAN AND MICROPOLITAN STATISTICAL AREAS AND RELATED STATISTICAL AREAS

Louisiana has 8 metropolitan statistical, 17 micropolitan statistical areas, and 7 combined statistical areas.

### COUNTIES

There are 64 county equivalents in Louisiana known as parishes. Four parishes are not considered to be functioning governmental units because they have consolidated their functions with an incorporated place. East Baton Rouge Parish and Baton Rouge city are partially consolidated governmentally at the parish level. Baton Rouge city retains separate boundaries and some municipal functions. Lafayette Parish and Lafayette city are partially consolidated governmentally at the parish level. Lafayette city maintains separate boundaries and some municipal functions. Orleans Parish and New Orleans city are governmentally consolidated at the city level. Terrebonne Parish and Houma city are governmentally consolidated at the parish level but are not coextensive. Houma city is a nonfunctioning geographic entity with separate boundaries within the consolidated government. The governing body of each parish is the police jury, except for Jefferson and Plaquemines Parishes which each have parish councils.

**COUNTY SUBDIVISIONS**

There are 579 county subdivisions in Louisiana known as minor civil divisions (MCDs). There are 578 parish governing authority districts, which are nongovernmental, nonfunctioning subdivisions of the parish used for conducting elections. New Orleans city is independent of any MCD and serves as an MCD equivalent.

**PLACES**

There are 473 places in Louisiana; 304 incorporated places and 169 census designated places (CDPs). The incorporated places consist of 69 cities, 128 towns, and 107 villages. Houma city, though a legal entity, does not have a functioning government. The minimum population threshold for incorporation in Louisiana is 300. Villages have a population of up to 999, towns have a population of between 1,000 and 4,999, and cities have a minimum population of 5,000.

**CENSUS TRACTS/BLOCK GROUPS/BLOCKS**

There are 1,148 census tracts, 3,471 block groups, and 204,447 census blocks in Louisiana.

**CONGRESSIONAL DISTRICTS**

For the 111<sup>th</sup> Congress (January 2009-January 2011), Louisiana had seven congressional districts. For the 113<sup>th</sup> Congress (January 2013-January 2015), Louisiana has six congressional districts as a result of reapportionment based on the 2010 Census.

**SCHOOL DISTRICTS**

Louisiana has 69 unified school districts.

**STATE LEGISLATIVE DISTRICTS**

There are 39 state senate districts and 105 state house districts in Louisiana. In addition, there is one state house district and one state senate district not defined which encompasses water area.

**URBAN AREAS**

Louisiana has 75 urban areas; 11 urbanized areas and 64 urban clusters.

**ZIP CODE TABULATION AREAS**

There are 516 ZIP Code tabulation areas (ZCTAs) in Louisiana.

## **LISTS OF ENTITIES**

See the [Gazetteer Files](#) for a list of geographic entities. See the [Metropolitan and Micropolitan Statistical Areas](#) page for a list of metropolitan and micropolitan statistical areas and related statistical areas.

## Maine

### BASIC INFORMATION

2010 Census Population:	1,328,361 (41 <sup>st</sup> )
Land Area:	30,842.9 square miles (39 <sup>th</sup> )
Density:	43.1 persons per square mile (38 <sup>th</sup> )
Capital:	Augusta
Became a State:	March 15, 1820 (23 <sup>rd</sup> )
Bordering States:	New Hampshire
International Border:	Canada
Abbreviation:	ME
ANSI/FIPS Code:	23

### HISTORY

Maine was originally part of Massachusetts. It was included in the Charter of New England in 1620 and the Charter of Massachusetts Bay in 1629; the latter became the Constitution of the Massachusetts Bay Colony, predecessor to the Commonwealth of Massachusetts. In 1819, Massachusetts agreed to allow its district of Maine to petition for statehood. Maine was admitted to the Union as a separate state on March 15, 1820, as the 23<sup>rd</sup> state. The state's boundary with Canada was not formally established until the Webster-Ashburton Treaty of 1842, when Maine assumed generally the same boundary as the present state.

Census data for Maine are available beginning with the 1790 census. Maine was enumerated as a separate district within the state of Massachusetts in the 1790, 1800, and 1810 censuses. Presentation of data as a separate state began with the 1820 census. The population of the legal area of Massachusetts (of which the area of Maine was a part) was 700,745 in 1810; 574,564 in 1800; and 475,327 in 1790.

Data for the legally established state of Maine are available beginning with the 1820 census.

### AMERICAN INDIAN AREAS

Maine has six federally recognized American Indian areas. There are four reservations, two with off-reservation trust land. There are also two trust lands.

### METROPOLITAN AND MICROPOLITAN STATISTICAL AREAS AND RELATED STATISTICAL AREAS

Maine has core based statistical areas based on both counties (metropolitan statistical areas, micropolitan statistical areas, and combined statistical areas) and county subdivisions (metropolitan New England city and town areas (NECTAs), micropolitan NECTAs, and combined NECTAs).

Maine has three metropolitan statistical areas, two micropolitan statistical areas, one combined statistical area, five metropolitan NECTAs, five micropolitan NECTAs, and three combined NECTAs.

### COUNTIES

There are 16 counties in Maine. Each county is governed by a board of county commissioners.

**COUNTY SUBDIVISIONS**

There are 533 county subdivisions in Maine known as minor civil divisions (MCDs). There are 433 towns which are functioning governmental units, each governed by a board of selectmen. There are 34 plantations which are functioning but not necessarily active governmental units, each governed by a board of assessors. There is one gore which is a nonfunctioning nongovernmental geographic subdivision of a county. There are three American Indian reservations that constitute four county subdivisions. There are 22 incorporated places which are independent of any other MCD and treated as MCD equivalents. There are also 39 unorganized territories.

**PLACES**

Maine has 131 places; 22 incorporated places and 109 census designated places (CDPs). The incorporated places are all cities. In Maine, incorporated places are independent of county subdivisions. An incorporated place in Maine can legally exist in only a single county. The 22 incorporated places create 22 county subdivisions. Cities and MCDs have similar governmental functions, each governed by a board of selectmen.

**CENSUS TRACTS/BLOCKS**

Maine has 358 census tracts, 1,086 block groups, and 69,518 blocks.

**CONGRESSIONAL DISTRICTS**

For the 111<sup>th</sup> Congress (January 2009-January 2011), Maine had two congressional districts. For the 113<sup>th</sup> Congress (January 2013-January 2015), Maine continues to have two congressional districts as a result of reapportionment based on the 2010 Census.

**SCHOOL DISTRICTS**

Maine has 5 elementary school districts, 4 secondary school districts, and 240 unified school districts.

**STATE LEGISLATIVE DISTRICTS**

There are 35 state senate districts and 151 state house districts in Maine. In addition, there is one state senate district and one state house district not defined which is comprised of water area.

**URBAN AREAS**

Maine has 26 urban areas; 5 urbanized areas and 21 urban clusters.

**ZIP CODE TABULATION AREAS**

There are 433 ZIP Code tabulation areas (ZCTAs) in Maine.

**OTHER INFORMATION OF GENERAL GEOGRAPHIC INTEREST**

Maine is the most sparsely populated state east of the Mississippi River.

Maine is the only state that borders only one other state.

## LISTS OF ENTITIES

See the [Gazetteer Files](#) for a list of geographic entities. See the [Metropolitan and Micropolitan Statistical Areas](#) page for a list of metropolitan and micropolitan statistical areas and related statistical areas.

## Maryland

### BASIC INFORMATION

2010 Census Population:	5,773,552 (19 <sup>th</sup> )
Land Area:	9707.2 square miles (42 <sup>nd</sup> )
Density:	594.8 persons per square mile (5 <sup>th</sup> )
Capital:	Annapolis
Became a State:	April 28, 1788 (7 <sup>th</sup> )
Bordering States:	Delaware, District of Columbia, Pennsylvania, Virginia, West Virginia
Abbreviation:	MD
ANSI/FIPS Code:	24

### HISTORY

The area of Maryland was part of the original territory of the United States. It was chartered as a colony in 1632. The area described by this charter, however, conflicted with the charter for Virginia and, later, the charter for Pennsylvania. Virginia relinquished its claims in 1658, and the Pennsylvania boundary was resolved with the survey of the Mason and Dixon Line in the 1760s. Maryland ratified the U.S. Constitution on April 28, 1788; it was the seventh of the original 13 states to join the Union. Its area was reduced with the cession in 1788 and formation in 1791 of the District of Columbia, resulting in generally the same boundary as the present state.

Census data for Maryland are available beginning with the 1790 census. The population reported for 1790 includes the area subsequently in the District of Columbia.

### METROPOLITAN AND MICROPOLITAN STATISTICAL AREAS AND RELATED STATISTICAL AREAS

Maryland has six metropolitan statistical areas, four micropolitan statistical areas, three metropolitan divisions, and three combined statistical areas.

### COUNTIES

There are 24 counties and equivalents in Maryland. The 23 counties are all functioning governmental units. Baltimore city is an independent city that functions governmentally at the place level but is also considered a county equivalent. Baltimore city and Baltimore County are two separate entities covering different area in Maryland and should not be confused with each other. Anne Arundel, Baltimore, Harford, Howard, Montgomery, Prince George's, Talbot and Wicomico counties are each governed by a county council. All other counties are each governed by a board of county commissioners.

### COUNTY SUBDIVISIONS

There are 290 county subdivisions in Maryland known as minor civil divisions (MCDs). All of the MCDs are nonfunctioning nongovernmental subdivisions of a county, used for conducting elections or recording properties. The 289 MCDs in the 23 counties in Maryland are election districts. Baltimore city is independent of any MCD and serves as a county subdivision.

### PLACES

Maryland has 518 places; 157 incorporated places and 361 census designated places (CDPs). The incorporated places consist of 29 cities, 123 towns, and 5 villages. Incorporated places are dependent

within county subdivision with the exception of Baltimore city which is independent of any county and county subdivision. Cumberland city contains one whole election district and parts of six others. Hagerstown contains four whole election districts and part of six others. Annapolis city legally can exist in only one election district.

**CENSUS TRACTS/BLOCK GROUPS/BLOCKS**

Maryland has 1,406 census tracts, 3,926 block groups, and 145,247 census blocks.

**CONGRESSIONAL DISTRICTS**

For the 111<sup>th</sup> Congress (January 2009-January 2011), Maryland had eight congressional districts. For the 113<sup>th</sup> Congress (January 2013-January 2015), Maryland continues to have eight congressional districts as a result of reapportionment based on the 2010 Census.

**SCHOOL DISTRICTS**

Maryland has 24 unified school districts. The school districts in Maryland are coextensive with counties and equivalent.

**STATE LEGISLATIVE DISTRICTS**

There are 47 state senate districts and 65 state legislative districts or subdistricts in Maryland. In addition, there are 17 undefined state legislative districts and 17 undefined state senate districts which are comprised of water area.

**URBAN AREAS**

Maryland has 43 urban areas; 11 urbanized areas and 32 urban clusters.

**ZIP CODE TABULATION AREAS**

There are 468 ZIP Code tabulation areas (ZCTAs) in Maryland.

**OTHER INFORMATION OF GENERAL GEOGRAPHIC INTEREST**

Maryland’s boundary with Virginia and part of West Virginia follows the south shore of the Potomac River; the Mason-Dixon Line forms Maryland’s boundary with Pennsylvania and Delaware.

## Massachusetts

### BASIC INFORMATION

2010 Census Population:	6,547,629 (14 <sup>th</sup> )
Land Area:	7,800.1 square miles (45 <sup>th</sup> )
Density:	839.4 persons per square mile (3 <sup>rd</sup> )
Capital:	Boston
Became a State:	February 6, 1788 (6 <sup>th</sup> )
Bordering States:	Connecticut, New Hampshire, New York, Rhode Island, Vermont
Abbreviation:	MA
ANSI/FIPS Code:	25

### HISTORY

The area of Massachusetts was part of the original territory of the United States. It was originally included in the Charter of New England in 1620; the Charter of Massachusetts Bay, which became the Constitution of the Massachusetts Bay Colony in 1629; and a charter that united the Massachusetts Bay and Plymouth colonies in 1691. In 1785, it ceded area to the United States that became part of the Northwest Territory in 1787. Massachusetts ratified the U.S. Constitution on February 6, 1788; it was the sixth of the original 13 states to join the Union. At the time of statehood, the area of Maine was a district in Massachusetts. In 1819, it agreed to allow its district of Maine to petition for statehood, and Maine was admitted to the Union as a separate state on March 15, 1820. There were changes to the boundary between Connecticut and Massachusetts in 1804 and between Rhode Island and Massachusetts in 1862, and a resurvey of the latter boundary in 1897, resulting in generally the same boundary as the present state. Massachusetts is one of four states that are legally described as a commonwealth.

Census data for Massachusetts are available beginning with the 1790 census. The population data for 1790, 1800, and 1810 do not include the area of Maine. The population of the legal area of Massachusetts including the area of Maine for those censuses was 700,745 in 1810; 574,564 in 1800; and 475,327 in 1790.

### AMERICAN INDIAN AREAS

Massachusetts has one state recognized American Indian reservation and one federally recognized trust land.

### METROPOLITAN AND MICROPOLITAN STATISTICAL AREAS AND RELATED STATISTICAL AREAS

Massachusetts has core based statistical areas based on both counties (metropolitan statistical areas, combined statistical areas, and metropolitan divisions) and county subdivisions (metropolitan New England city and town areas (NECTAs), micropolitan NECTAs, combined NECTAs, and NECTA divisions).

There are six metropolitan statistical areas, three metropolitan divisions, one combined statistical area, eight metropolitan NECTAs, four micropolitan NECTAs, nine NECTA divisions, and four combined NECTAs.

## **COUNTIES**

There are 14 counties in Massachusetts. Barnstable, Bristol, Dukes, Norfolk, and Plymouth counties have active county governments, each governed by a board of county commissioners. Nantucket County and Nantucket town are governmentally consolidated and have a single set of officials. Suffolk County and Boston city are governmentally consolidated and have a single set of officials. Berkshire, Essex, Franklin, Hampden, Hampshire, Middlesex, and Worcester counties are no longer legal governmental units.

## **COUNTY SUBDIVISIONS**

There are 357 county subdivisions in Massachusetts known as minor civil divisions (MCDs). There are 298 towns with functioning, but not necessarily active, governments. The 53 incorporated places are independent of MCDs and serve as county subdivisions. In addition there are six MCDs each consisting entirely of water area within the territorial limits of Massachusetts. In Massachusetts, towns and cities are usually the main providers of local government services. The entire state is covered by town governments with the exception of the areas within cities. The governing body in each town and city is the board of selectmen.

## **PLACES**

Massachusetts has 244 places; 53 incorporated places and 191 census designated places (CDPs). The incorporated places are all cities. The minimum population for incorporation in Massachusetts is 12,000. Cities are governed by a board of selectmen. An incorporated place can legally exist in a single county only. All of the incorporated places are cities that are each independent of any other county subdivision and serve as county subdivisions.

## **CENSUS TRACTS/BLOCKS**

Massachusetts has 1,478 census tracts, 4,985 block groups, and 157,508 census blocks.

## **CONGRESSIONAL DISTRICTS**

For the 111<sup>th</sup> Congress (January 2009 – January 2011), Massachusetts had ten congressional districts. For the 113<sup>th</sup> Congress (January 2013-January 2015), Massachusetts has nine congressional districts as a result of reapportionment based on the 2010 Census.

## **SCHOOL DISTRICTS**

Massachusetts has 71 elementary school districts, 35 secondary school districts, and 210 unified school districts.

## **STATE LEGISLATIVE DISTRICTS**

There are 40 state senate districts and 160 house districts in Massachusetts. In addition, there is one state senate district and one state house district not defined, each of which encompasses water area.

## **URBAN AREAS**

Massachusetts has 20 urban areas; 9 urbanized areas and 11 urban clusters.

## **ZIP CODE TABULATION AREAS**

There are 538 ZIP Code tabulation areas (ZCTAs) in Massachusetts.

## LISTS OF ENTITIES

See the [Gazetteer Files](#) for a list of geographic entities. See the [Metropolitan and Micropolitan Statistical Areas](#) page for a list of metropolitan and micropolitan statistical areas and related statistical areas.

## Michigan

### BASIC INFORMATION

2010 Census Population:	9,883,640 (8 <sup>th</sup> )
Land Area:	56,538.9 square miles (22 <sup>nd</sup> )
Density:	174.8 persons per square mile (17 <sup>th</sup> )
Capital:	Lansing
Became a State:	January 26, 1837 (26 <sup>th</sup> )
Bordering States:	Illinois, Indiana, Minnesota, Ohio, Wisconsin
International Border:	Canada
Abbreviation:	MI
ANSI/FIPS Code:	26

### HISTORY

The area of Michigan was part of the original territory of the United States, being part of lands ceded by four states to the United States and designated in 1787 as the "Territory northwest of the River Ohio." Michigan Territory was organized on June 30, 1805, from the northeastern part of Indiana Territory, and included all of the Lower Peninsula, the eastern part of the Upper Peninsula, a small strip of northern Indiana, and a portion of northwestern Ohio that was later contested. In 1818, when Illinois was admitted as a state, all of the remainder of Illinois Territory was added to Michigan Territory, including almost all of present-day Wisconsin, part of Minnesota, and the western part of the Upper Peninsula; at the same time, the central portion of the Upper Peninsula and eastern Wisconsin were added from the former Indiana Territory. In 1834, Michigan Territory was enlarged from part of Missouri Territory, including all of present-day Iowa, the remainder of Minnesota, and the eastern part of North Dakota and South Dakota. Michigan was reduced with the organization of Wisconsin Territory and the cession of the Toledo Strip to Ohio in 1836. As a compromise for the cession of territory to Ohio, Michigan Territory retained all of the Upper Peninsula when Wisconsin Territory was organized, resulting in a boundary generally the same as the present state.

Although not yet legally established as a separate territory, census data for Michigan are available beginning with the 1800 census. The 1800 census includes the population of a small area that is in present-day Ohio and excludes the population that was enumerated with Indiana of a small area of present-day Michigan. The 1800 population of the legally established Northwest Territory (of which Michigan was a part) was 45,916. The 1810, 1820, and 1830 census populations are for the entire area of Michigan Territory, including population in extensive areas not in the present state, and, in 1810, excluding again the population of a small area of present-day Michigan enumerated with Indiana. For an explanation of the revision to the 1800, 1820, and 1830 population of Michigan, see Richard L. Forstall, *Population of States and Counties of the United States: 1790- 1990*, Washington, DC: U.S. Government Printing Office, 1996, page 82.

Data for the legally established state of Michigan are available beginning with the 1840 census.

### AMERICAN INDIAN AREAS

Michigan has 13 federally recognized American Indian reservations, 9 with off-reservation trust lands.

## **METROPOLITAN AND MICROPOLITAN STATISTICAL AREAS AND RELATED STATISTICAL AREAS**

Michigan has 15 metropolitan statistical areas, 18 micropolitan statistical areas, 2 metropolitan divisions, and 5 combined statistical areas.

## **COUNTIES**

There are 83 counties in Michigan. All counties in Michigan are functioning governmental entities, each governed by a board of commissioners.

## **COUNTY SUBDIVISIONS**

There are 1,573 county subdivisions in Michigan known as minor civil divisions (MCDs). There are 1,123 townships and 117 charter townships which are all actively functioning governmental units. Townships are the original units of government formed in the state. Typically, though not always, townships are 36 square miles in size. Each township is governed by a board of trustees consisting of the township supervisor, township clerk, township treasurer, and two or four elected trustees. The entire state is covered by township governments except for areas within cities.

The 275 cities in Michigan are independent of MCDs and serve as 293 county subdivisions. Cities are incorporated places and governed by home rule. When established, the geographic area of a city is removed from the township(s) of which it may have been a part.

In addition, there are 40 undefined MCDs that are water area only.

## **PLACES**

Michigan has 692 places; 533 incorporated places and 159 CDPs. The incorporated places consist of 275 cities and 258 villages. Incorporated villages are dependent within county subdivision. Incorporated cities are independent of any township or charter township.

## **CENSUS TRACTS/BLOCK GROUPS/BLOCKS**

Michigan has 2,813 census tracts, 8,205 block groups, and 329,885 census blocks.

## **CONGRESSIONAL DISTRICTS**

For the 111<sup>th</sup> Congress (January 2009-January 2011), Michigan had 15 congressional districts. For the 113<sup>th</sup> Congress (January 2013-January 2015), Michigan has 14 congressional districts as a result of reapportionment based on the 2010 Census.

## **SCHOOL DISTRICTS**

Michigan has 29 elementary school districts and 524 unified school districts.

## **STATE LEGISLATIVE DISTRICTS**

There are 38 state senate districts and 110 state house districts in Michigan.

## **URBAN AREAS**

Michigan has 116 urban areas; 21 urbanized areas and 95 urban clusters.

**ZIP CODE TABULATION AREAS**

There are 989 ZIP Code tabulation areas (ZCTAs) in Michigan.

**OTHER INFORMATION OF GENERAL GEOGRAPHIC INTEREST**

Michigan is formed by two peninsulas; The Upper Peninsula and the Lower Peninsula.

## Minnesota

### BASIC INFORMATION

2010 Census Population:	5,303,925 (21 <sup>st</sup> )
Land Area:	79,626.7 square miles (14 <sup>th</sup> )
Density:	66.6 persons per square mile (31 <sup>st</sup> )
Capital:	St. Paul
Became a State:	May 11, 1858 (32 <sup>nd</sup> )
Bordering States:	Iowa, Michigan, North Dakota, South Dakota, Wisconsin
International Border:	Canada
Abbreviation:	MN
ANSI/FIPS Code:	27

### HISTORY

The area of Minnesota was partially included in the original territory of the United States, being part of lands ceded by four states to the United States and designated in 1787 as the "Territory northwest of the River Ohio." The United States acquired the remainder of the area from France in 1803 as part of the Louisiana Purchase and by a convention signed with Great Britain in 1818 that extended the northern boundary along the 49<sup>th</sup> parallel westward from a line drawn due north from the source of the Mississippi River. Minnesota Territory was organized on March 3, 1849, from unorganized area formerly within Iowa and Wisconsin territories. The territory included all of the present-day state of Minnesota, the eastern part of North Dakota and South Dakota, and a small part of Nebraska. Minnesota Territory was reduced in size in 1854 when the portion in present-day Nebraska was included in Nebraska Territory. Minnesota was admitted to the Union on May 11, 1858, as the 32<sup>nd</sup> state, with generally the same boundary as the present state. The remaining part of Minnesota Territory was not assigned until the organization of Dakota Territory in 1861; in 1860 census reports, the area was identified as "unorganized Dakota."

Census data for Minnesota are available beginning with the 1850 census. The 1850 population is for the entire area of Minnesota Territory, including population in area not in the present state.

Data for the legally established state of Minnesota are available beginning with the 1860 census.

### AMERICAN INDIAN AREAS

Minnesota has 13 federally recognized American Indian areas. There are 11 federally recognized American Indian area reservations, 8 with off-reservation trust land. There is one trust land. In addition, there is one off-reservation trust land associated with a reservation in a neighboring state.

### METROPOLITAN AND MICROPOLITAN STATISTICAL AREAS AND RELATED STATISTICAL AREAS

Minnesota has 8 metropolitan statistical areas, 17 micropolitan statistical areas, and 2 combined statistical areas.

### COUNTIES

There are 87 counties in Minnesota. All counties are functioning governmental units, each governed by a county board of commissioners.

**COUNTY SUBDIVISIONS**

Minnesota has 2,760 county subdivisions which are recognized as minor civil divisions (MCDs). There are 1,785 active townships and 23 inactive townships. There are 845 incorporated places which are independent of any county subdivision creating 893 county subdivisions that serve as MCDs. There are 56 unorganized territories. There are also three areas county subdivisions not defined which encompass water area. Each township is governed by a board of supervisors.

Koochiching County is covered entirely by unorganized territories and independent places. Lake of the Woods County is shown as having 23 nonfunctioning townships as part of an agreement between the county and the Census Bureau.

**PLACES**

Minnesota has 906 places; 854 incorporated places and 52 census designated places (CDPs). The incorporated places are all cities. Nine cities – Aurora, Beardsley, Calumet, Johnson, Kinney, Marble, Nashwauk, Ortonville, and Taconite – are dependent within county subdivision. There are 845 cities that are independent of any township or unorganized territory.

**CENSUS TRACTS/BLOCK GROUPS/BLOCKS**

Minnesota has 1,338 census tracts, 4,111 block groups, and 259,777 blocks.

**CONGRESSIONAL DISTRICTS**

For the 111<sup>th</sup> Congress (January 2009 – January 2011), Minnesota had eight congressional districts. For the 113<sup>th</sup> Congress (January 2013-January 2015), Minnesota continues to have eight congressional districts as a result of reapportionment based on the 2010 Census.

**SCHOOL DISTRICTS**

Minnesota has 339 unified school districts.

**STATE LEGISLATIVE DISTRICTS**

There are 67 state senate districts and 134 state house districts in Minnesota.

**URBAN AREAS**

Minnesota has 111 urban areas; 8 urbanized areas and 103 urban clusters.

**ZIP CODE TABULATION AREAS**

There are 890 ZIP Code tabulation areas (ZCTAs) in Minnesota.

See the [Gazetteer Files](#) for a list of geographic entities. See the [Metropolitan and Micropolitan Statistical Areas](#) page for a list of metropolitan and micropolitan statistical areas and related statistical areas.

## Mississippi

### BASIC INFORMATION

2010 Census Population:	2,967,297 (31 <sup>st</sup> )
Land Area:	46,923.3 square miles (31 <sup>st</sup> )
Density:	63.2 persons per square mile (32 <sup>nd</sup> )
Capital:	Jackson
Became a State:	December 10, 1817 (20 <sup>th</sup> )
Bordering States:	Alabama, Arkansas, Louisiana, Tennessee
Abbreviation:	MS
ANSI/FIPS Code:	28

### HISTORY

All of the area of Mississippi except the part south of the 31<sup>st</sup> parallel was included in the original territory of the United States. The United States claimed the territory south of the 31<sup>st</sup> parallel as part of the Louisiana Purchase in 1803. Mississippi Territory was organized on April 7, 1798, from unorganized area; it included area west of Georgia to the Mississippi River, comprising the southern third of the present-day states of Alabama and Mississippi. The territory annexed the northern part of the same two future states when Georgia ceded its western claims in 1802 and the lands south of the 31<sup>st</sup> parallel in 1812. Mississippi Territory was reduced by the organization of Alabama Territory in 1817. Mississippi was admitted to the Union on December 10, 1817, as the 20<sup>th</sup> state, with generally the same boundary as the present state, although jurisdiction over the entire area was not formally accomplished until Spain relinquished its claims to the southern portion of the state in 1819.

Census data for Mississippi are available beginning with the 1800 census. The 1800 and 1810 populations do not include the area now within the state of Alabama even though that area was legally part of Mississippi Territory. The population of Mississippi Territory as legally existing for those censuses was 40,352 in 1810 and 8,550 in 1800.

Data for the legally established state of Mississippi are available beginning with the 1820 census.

### AMERICAN INDIAN AREAS

Mississippi has one federally recognized American Indian reservation.

### METROPOLITAN AND MICROPOLITAN STATISTICAL AREAS AND RELATED STATISTICAL AREAS

Mississippi has 5 metropolitan statistical areas, 20 micropolitan statistical areas, and 3 combined statistical areas.

### COUNTIES

There are 82 counties in Mississippi. All counties are functioning governmental units, each governed by a board of supervisors.

### COUNTY SUBDIVISIONS

There are 410 county subdivisions in Mississippi known as minor civil divisions (MCDs). The MCDs in Mississippi are supervisors' districts, which are nonfunctioning geographic subdivisions of the county defined for the purpose of electing county officials. Each county has five districts.

**PLACES**

Mississippi has 362 places; 298 incorporated places and 64 census designated places (CDPs). The incorporated places consist of 110 cities, 169 towns, and 19 villages. Tillatoba town is governmentally inactive. Cities have a minimum population threshold of 2,000, towns require a population between 300 and 1,999, and villages require a population between 50 and 299. Villages can no longer be created except in special circumstances, but existing villages with at least 50 people may maintain their status as a village.

**CENSUS TRACTS/BLOCK GROUPS/BLOCKS**

Mississippi has 664 census tracts, 2,164 block groups, and 171,778 census blocks.

**CONGRESSIONAL DISTRICTS**

For the 111<sup>th</sup> Congress (January 2009 – January 2011), Mississippi had four congressional districts. For the 113<sup>th</sup> Congress (January 2013-January 2015), Mississippi continues to have four congressional districts as a result of reapportionment based on the 2010 Census.

**SCHOOL DISTRICTS**

Mississippi has 149 unified school districts.

**STATE LEGISLATIVE DISTRICTS**

There are 52 state senate districts and 122 state house districts in Mississippi.

**URBAN AREAS**

Mississippi has 69 urban areas; 5 urbanized areas and 64 urban clusters.

**ZIP CODE TABULATION AREAS**

There are 424 ZIP Code tabulation areas (ZCTAs) in Mississippi.

\* The north latitude for Mississippi that appears in the source material appears to be an error but is displayed here as in the report. The description accompanying the center of population in the source material states it is 3.5 miles SE of Sallis, Attala County, Mississippi which does not correspond to the north latitude. We believe the correct north latitude is 32° 59' 52".

## LISTS OF ENTITIES

See the [Gazetteer Files](#) for a list of geographic entities. See the [Metropolitan and Micropolitan Statistical Areas](#) page for a list of metropolitan and micropolitan statistical areas and related statistical areas.

## Missouri

### BASIC INFORMATION

2010 Census Population:	5,988,927 (18 <sup>th</sup> )
Land Area:	68,741.5 square miles (18 <sup>th</sup> )
Density:	87.1 persons per square mile (28 <sup>th</sup> )
Capital:	Jefferson City
Became a State:	August 10, 1821 (24 <sup>th</sup> )
Bordering States:	Arkansas, Illinois, Iowa, Kansas, Kentucky, Nebraska, Oklahoma, Tennessee
Abbreviation:	MO
ANSI/FIPS Code:	29

### HISTORY

The United States acquired the area of Missouri from France as part of the Louisiana Purchase in 1803. Missouri Territory was organized on June 4, 1812, from Louisiana Territory, and included all of the present-day states of Arkansas, Iowa, Kansas, Missouri, Nebraska, and Oklahoma and parts of Colorado, Minnesota, Montana, Nebraska, New Mexico, North Dakota, South Dakota, Texas, and Wyoming. The territory was reduced by conclusion of a treaty with Spain in 1819 that removed the portion of Texas that was in the territory and part of present-day Colorado, Kansas, and Wyoming. That same year, Missouri Territory was further reduced by the organization of Arkansas Territory. Missouri was admitted to the Union on March 2, 1821, as the 24<sup>th</sup> state from a small part of Missouri Territory. With the Platte Purchase of 1836, Missouri added territory in the northwest, west to the Missouri River, to assume generally the same boundary as the present state. (Missouri Territory—the portion not included in the state of Missouri—continued to exist as a separate area until the organization of Nebraska Territory in 1854, although reduced after a large part of the northern area was annexed to Michigan Territory in 1834. Some statutes refer to this Missouri Territory as Indian Country or Indian Territory.)

Although the territory had not yet been legally established, census data for Missouri are available beginning with the 1810 census. The 1810 and 1820 populations are for the present-day area of the state of Missouri. The population of the entire legally established Louisiana Territory (of which the area of Missouri was a part) in 1810 was 20,845. The 1820 census enumeration apparently did not include area in Missouri Territory beyond what is now the state of Missouri.

Data for the legally established state of Missouri are available beginning with the 1830 census.

### METROPOLITAN AND MICROPOLITAN STATISTICAL AREAS AND RELATED STATISTICAL AREAS

Missouri has 9 metropolitan statistical areas, 19 micropolitan statistical areas, and 3 combined statistical areas.

### COUNTIES

There are 115 counties and equivalent in Missouri. The 114 counties are functioning governmental units, each governed by a county commission with the exception of Jackson and St. Louis Counties which are each governed by a county executive and a county legislature. St. Louis city is an independent city outside of any county and is considered a county equivalent. St. Louis city is has an active government

at the place level. St. Louis city should not be confused with St. Louis County as they are separate entities.

**COUNTY SUBDIVISIONS**

Missouri has 1,395 county subdivisions known as minor civil divisions (MCDs). There are 311 towns in 22 counties with active, functioning governments, each governed by a trustee and board of directors. City township in Barton County has consolidated its government with Lamar city; the remaining 1,082 townships are nonfunctioning nongovernmental entities. St. Louis city is independent of any township and serves as a county subdivision.

Counties with active, functioning MCDs:

- Barton
- Bates
- Caldwell
- Carroll
- Chariton
- Dade
- Daviess
- DeKalb
- Dunklin
- Gentry
- Grundy
- Harrison
- Henry
- Linn
- Livingston
- Mercer
- Nodaway
- Putnam
- Stoddard
- Sullivan
- Texas
- Vernon

**PLACES**

Missouri has 1,032 places; 959 incorporated places and 73 census designated places (CDPs). The incorporated places consist of 637 cities, 110 towns, and 212 villages. Eight of the incorporated places are inactive – Ashburn town, Baker village, Florida village, La Due village, Lakeside city, Lambert village, Lithium village, and Tarrants village. Incorporated places are dependent within county subdivision except St. Louis city which is independent of any county and MCD. Arnold city, Edina city, Kimberling City city, Lamar city, New Haven city, and Washington city are coextensive with a single township. Springfield city is coextensive with Springfield township in Greene County and is also located in part of Northview township in Christian County. All incorporated places in Franklin County can only legally exist in a single township; however, Berger city, Gerald city, Leslie village, Miramiguoia Park village, New Haven city, Oak Grove Village village, Pacific city, Parkway village, St. Clair city, Sullivan city, and Union city are not coextensive with their respective MCDs.

**CENSUS TRACTS/BLOCK GROUPS/BLOCKS**

Missouri has 1,393 census tracts, 4,506 block groups, and 343,565 census blocks.

**CONGRESSIONAL DISTRICTS**

For the 111<sup>th</sup> Congress (January 2009-January 2011), Missouri had nine congressional districts. For the 113<sup>th</sup> Congress (January 2013-January 2015), Missouri has eight congressional districts as a result of reapportionment based on the 2010 Census.

**SCHOOL DISTRICTS**

Missouri has 73 elementary school districts and 449 unified school districts.

**STATE LEGISLATIVE DISTRICTS**

There are 34 state senate districts and 163 state house districts in Missouri.

**URBAN AREAS**

Missouri has 119 urban areas; 11 urbanized areas and 108 urban clusters.

**ZIP CODE TABULATION AREAS**

There are 1,029 ZIP Code tabulation areas (ZCTAs) in Missouri.

**OTHER INFORMATION OF GENERAL GEOGRAPHIC INTEREST**

The mean center of the United States population is currently in Missouri near Plato village in Texas County.

## Montana

### BASIC INFORMATION

2010 Census Population:	989,415 (44 <sup>th</sup> )
Land Area:	145,545.8 square miles (4 <sup>th</sup> )
Density:	6.8 persons per square mile (48 <sup>th</sup> )
Capital:	Helena
Became a State:	November 8, 1889 (41 <sup>st</sup> )
Bordering States:	Idaho, North Dakota, South Dakota, Wyoming
Abbreviation:	MT
ANSI/FIPS Code:	30

### HISTORY

The United States acquired the area of Montana from France as part of the Louisiana Purchase in 1803 and by a treaty with Great Britain in 1846. Montana Territory was organized from the northeastern part of Idaho Territory on May 26, 1864, with generally the same boundary as the present state.

Census data for Montana are available beginning with the 1870 census. The 1860 census population in present-day Montana was included in unorganized Dakota, although legally the area was within Nebraska and Washington territories. The portion of Yellowstone National Park in Montana was probably enumerated as part of Wyoming from 1880 to 1910.

Data for the legally established state of Montana are available beginning with the 1890 census.

### AMERICAN INDIAN AREAS

Montana has eight federally recognized American Indian areas. There are seven reservations, six with off-reservation trust lands. There is also one off-reservation trust land associated with an American Indian reservation in a neighboring state.

### METROPOLITAN AND MICROPOLITAN STATISTICAL AREAS AND RELATED STATISTICAL AREAS

Montana has three metropolitan statistical areas and five micropolitan statistical areas.

### COUNTIES

There are 56 counties in Montana. Two counties are not considered to be functioning governmental units because each has consolidated its functions with an incorporated place. Deer Lodge County and Anaconda-Deer Lodge County (place) are governmentally consolidated. Silver Bow County and Butte-Silver Bow (place) are governmentally consolidated. The remaining 54 counties are each governed by a county board of commissioners.

Yellowstone National Park was deleted as a county equivalent when its area legally became part of Gallatin and Park Counties on November 7, 1997.

### COUNTY SUBDIVISIONS

There are 194 county subdivisions in Montana. They are all census county divisions (CCDs), which are delineated for statistical purposes, have no legal function, and are not governmental units. CCDs were first established in Montana for the 1960 census. Prior to 1960, the minor civil divisions used in the

census included election precincts, election districts, townships, land survey townships, American Indian reservations, and school districts.

**PLACES**

Montana has 364 places; 129 incorporated places and 235 census designated places (CDPs). The incorporated places consist of 52 cities, 75 towns, 1 city with no description - Anaconda-Deer Lodge County - and 1 balance of county for the area of the Butte-Silver Bow consolidated city outside of the incorporated place of Walkerville city. Anaconda-Deer Lodge County is coextensive with Deer Lodge County.

**CENSUS TRACTS/BLOCK GROUPS/BLOCKS**

Montana has 271 census tracts, 842 block groups, and 132,288 blocks.

**CONGRESSIONAL DISTRICTS**

For the 111<sup>th</sup> Congress (January 2009-January 2011), Montana had one congressional district. For the 113<sup>th</sup> Congress (January 2013-January 2015), Montana continues to have one congressional district as a result of reapportionment based on the 2010 Census.

**SCHOOL DISTRICTS**

Montana has 267 elementary school districts, 108 secondary school districts, and 52 unified school districts.

**URBAN AREAS**

Montana has 33 urban areas; 3 urbanized areas and 30 urban clusters.

**STATE LEGISLATIVE DISTRICTS**

There are 50 state senate districts and 100 state house districts in Montana.

**ZIP CODE TABULATION AREAS**

Montana has 363 ZIP Code tabulation areas (ZCTAs).

## LISTS OF ENTITIES

See the [Gazetteer Files](#) for a list of geographic entities. See the [Metropolitan and Micropolitan Statistical Areas](#) page for a list of metropolitan and micropolitan statistical areas and related statistical areas.

## Nebraska

### BASIC INFORMATION

2010 Census Population:	1,826,341 (38 <sup>th</sup> )
Land Area:	76,824.2 square miles (15 <sup>th</sup> )
Density:	23.8 persons per square mile (43 <sup>rd</sup> )
Capital:	Lincoln
Became a State:	March 1, 1867 (37 <sup>th</sup> )
Bordering States:	Colorado, Iowa, Kansas, Missouri, South Dakota, Wyoming
Abbreviation:	NE
ANSI/FIPS Code:	31

### HISTORY

The United States acquired the area of Nebraska from France as part of the Louisiana Purchase in 1803. Nebraska Territory was organized on May 30, 1854, from the northwestern part of Missouri Territory (also called Indian Country or Indian Territory). At the time of its organization, the territory included almost all of present-day Nebraska and parts of Colorado, Montana, North Dakota, and South Dakota. The area of the territory was reduced greatly in 1861 with the organization of Colorado and Dakota territories. In 1882, Nebraska acquired from Dakota Territory an area north of the Keya Paha River and Niobrara River to assume generally the same boundary as the present state. Nebraska and Iowa have made periodic adjustments to their boundary as the Missouri River has changed its course.

Census data for Nebraska are available beginning with the 1860 census. The 1860 population is for part of the area of the Nebraska Territory including all of present-day Nebraska, and settlements now within Colorado, South Dakota, and Wyoming. If the part of Nebraska Territory in 1860 that is in present-day Montana and North Dakota, as well as additional parts of South Dakota, was enumerated, the population was included as part of unorganized Dakota; thus, no accurate data are available for the entire Nebraska Territory as legally defined.

Data for the legally established state of Nebraska are available beginning with the 1870 census.

### AMERICAN INDIAN AREAS

Nebraska has seven federally recognized American Indian areas. There are six reservations, two with off-reservation trust land. There is also one trust land.

### METROPOLITAN AND MICROPOLITAN STATISTICAL AREAS AND RELATED STATISTICAL AREAS

Nebraska has 3 metropolitan statistical areas, 10 micropolitan statistical areas, and 2 combined statistical areas.

### COUNTIES

There are 93 counties in Nebraska. All counties are active governmental entities, each governed by a board of commissioners, except in counties having township governments where each is governed by a board of supervisors.

## COUNTY SUBDIVISIONS

There are 1,198 county subdivisions in Nebraska that are known as minor civil divisions (MCDs). There are 27 counties with townships, 65 counties with election precincts, and one county with districts. There are 435 active functioning townships and 30 inactive townships that have the ability to activate and perform governmental functions. Each township is governed by a board of thirteen elected officials. There are 646 precincts which are nonfunctioning, nongovernmental county subdivisions used for conducting elections. Webster County has five nonfunctioning, nongovernmental districts used in conducting elections. There are 77 incorporated places that are independent of MCDs and constitute 79 county subdivisions.

Counties with townships:

- |            |            |              |
|------------|------------|--------------|
| • Adams    | • Dixon    | • Knox       |
| • Antelope | • Dodge    | • Merrick    |
| • Boyd     | • Fillmore | • Nance      |
| • Buffalo  | • Franklin | • Phelps     |
| • Burt     | • Gage     | • Platte     |
| • Butler   | • Hall     | • Saunders   |
| • Clay     | • Harlan   | • Thurston   |
| • Cuming   | • Holt     | • Valley     |
| • Custer   | • Kearney  | • Washington |

## PLACES

Nebraska has 580 places; 530 incorporated places and 50 census designated places (CDPs). The incorporated places consist of 147 cities and 383 villages. Cities have a minimum population of 801 and villages have a population of 100-800. Incorporated places are dependent within county subdivision. There are 77 cities that are independent of any election precinct or township. Two cities, Tilden and Newman Grove, are independent of any township in one county and of any election precinct in the other. North Platte, Bellevue, La Vista, Papillion, and Springfield cities are coextensive with a single precinct of the same name. Imperial, Kimball, and Gretna cities are coextensive with two precincts. Grant city contains one whole precinct and a portion of one other precinct. Chadron contains four whole precincts and portions of three other precincts.

## CENSUS TRACTS/BLOCK GROUPS/BLOCKS

Nebraska has 532 census tracts, 1,633 block groups, and 193,352 census blocks.

## CONGRESSIONAL DISTRICTS

For the 111<sup>th</sup> Congress (January 2009-January 2011), Nebraska had three congressional districts. For the 113<sup>th</sup> Congress (January 2013-January 2015), Nebraska continues to have three congressional districts as a result of reapportionment based on the 2010 Census.

## SCHOOL DISTRICTS

Nebraska has 254 unified school districts.

## STATE LEGISLATIVE DISTRICTS

Nebraska has a unicameral legislature with 49 state senate districts which are represented by the Census Bureau as state legislative districts – upper chamber.

**URBAN AREAS**

Nebraska has 43 urban areas; 4 urbanized areas and 39 urban clusters.

**ZIP CODE TABULATION AREAS**

There are 586 ZIP Code tabulation areas (ZCTAs) in Nebraska.

## Nevada

### BASIC INFORMATION

2010 Census Population:	2,700,551 (35 <sup>th</sup> )
Land Area:	109,781.2 square miles (7 <sup>th</sup> )
Density:	24.6 persons per square mile (42 <sup>nd</sup> )
Capital:	Carson City
Became a State:	October 31, 1864 (36 <sup>th</sup> )
Bordering States:	Arizona, California, Idaho, Oregon, Utah
Abbreviation:	NV
ANSI/FIPS Code:	32

### HISTORY

The United States acquired the area of Nevada from Mexico in 1848. Nevada Territory was organized from the western part of Utah Territory on March 2, 1861. The territory added area along the eastern boundary from Utah Territory in 1862. Nevada was admitted to the Union on October 31, 1864, as the 36<sup>th</sup> state. In 1866, additional territory on the east and southeast was added from Utah and Arizona territories, and the state assumed generally the same boundary as the present state.

Although the territory had not yet been legally established, census data for Nevada are available beginning with the 1860 census. The 1860 census population is for the area of present-day Nevada formed from Utah Territory. (The portion of present-day Nevada, then in New Mexico Territory, was not enumerated in 1860.) The population of the entire legally established Utah Territory (of which the area of Nevada was a part) in 1860 was 47,130. For an explanation of the revision to the 1870 population of Nevada, see Richard L. Forstall, *Population of States and Counties of the United States: 1790-1990*, Washington, DC: U.S. Government Printing Office, 1996, page 104.

Data for the legally established state of Nevada are available beginning with the 1870 census.

### AMERICAN INDIAN AREAS

Nevada has 28 federally recognized American Indian areas. There are 27 reservations, 4 with off-reservation trust land. There is also one trust land.

### METROPOLITAN AND MICROPOLITAN STATISTICAL AREAS AND RELATED STATISTICAL AREAS

Nevada has three metropolitan statistical areas, five micropolitan statistical areas, and three combined statistical areas.

### COUNTIES

There are 17 counties and equivalents in Nevada. There are 16 counties, each governed by a board of county commissioners. Carson City is an independent city that is a functioning governmental unit at the place level and a county equivalent.

### COUNTY SUBDIVISIONS

There are 71 county subdivisions in Nevada. They are all census county divisions (CCDs), which are delineated for statistical purposes, have no legal function, and are not governmental units. CCDs were

first established in Nevada for the 1990 census. Prior to 1990, the minor civil divisions used in the census included election precincts, judicial districts, and townships (non-functioning administrative areas).

**PLACES**

Nevada has 129 places; 19 incorporated places and 110 census designated places (CDPs). There are 18 cities and 1 place with no legal descriptor, Carson City. The minimum population threshold for incorporation is 250. Carson City is a county equivalent with a single census county division.

**CENSUS TRACTS/BLOCK GROUPS/BLOCKS**

Nevada has 687 census tracts, 1,836 block groups, and 84,538 census blocks.

**CONGRESSIONAL DISTRICTS**

For the 111<sup>th</sup> Congress (January 2009-January 2011), Nevada had three congressional districts. For the 113<sup>th</sup> Congress (January 2013-January 2015), Nevada has four congressional districts as a result of reapportionment based on the 2010 Census.

**SCHOOL DISTRICTS**

Nevada has 17 unified school districts.

**STATE LEGISLATIVE DISTRICTS**

There are 19 senatorial districts and 42 assembly districts in Nevada.

**URBAN AREAS**

Nevada has 26 urban areas; 3 urbanized areas and 23 urban clusters.

**ZIP CODE TABULATION AREAS**

There are 176 ZIP Code tabulation areas (ZCTAs) in Nevada.

## New Hampshire

### BASIC INFORMATION

2010 Census Population:	1,316,470 (42 <sup>nd</sup> )
Land Area:	8,952.65 square miles (44 <sup>th</sup> )
Density:	147 persons per square mile (21 <sup>st</sup> )
Capital:	Concord
Became a State:	June 21, 1788 (9 <sup>th</sup> )
Bordering States:	Maine, Massachusetts, Vermont
International Border:	Canada
Abbreviation:	NH
ANSI/FIPS Code:	33

### HISTORY

The area of New Hampshire was part of the original territory of the United States. It was originally included in the Charter of New England in 1620, but a separate grant established New Hampshire in 1629. In 1641, the area reunited with Massachusetts, and separated and reunited several times until it finally became a separate provincial government in 1741.

New Hampshire ratified the U.S. Constitution on June 21, 1788; it was the ninth of the original 13 states to join the Union. The state's boundary with Canada was not formally established until the Webster-Ashburton Treaty of 1842, when New Hampshire assumed generally the same boundary as the present state.

Census data for New Hampshire are available beginning with the 1790 census.

### METROPOLITAN AND MICROPOLITAN STATISTICAL AREAS AND RELATED STATISTICAL AREAS

New Hampshire has core based statistical areas based on both counties (metropolitan statistical areas, micropolitan statistical areas, metropolitan divisions, and combined statistical areas) and county subdivisions (metropolitan New England city and town areas (NECTAs), micropolitan NECTAs, NECTA divisions, and combined NECTAs).

There are two metropolitan statistical areas, six micropolitan statistical areas, one metropolitan division, two combined statistical areas, four metropolitan NECTAs, seven micropolitan NECTAs, four NECTA divisions, and three combined NECTAs.

### COUNTIES

New Hampshire has 10 counties, all of which are active; however, they only provide a few services. Each county is governed by a board of commissioners.

### COUNTY SUBDIVISIONS

There are 260 county subdivisions in New Hampshire known as minor civil divisions (MCDs). There are 222 towns with functioning, but not necessarily active governments, each governed by a board of selectmen. One of the towns, Livermore town in Grafton County, is inactive. There are six townships in Coos County, which are nonfunctioning nongovernmental subdivisions of the county. There are also four locations, six purchases, eight grants, and one undefined MCD that is constituted of water area. In

addition, New Hampshire has 13 incorporated places which are independent of their county subdivisions, functioning as county subdivision equivalents.

**PLACES**

New Hampshire has 96 places; 13 incorporated places and 83 census designated places (CDPs). The incorporated places in New Hampshire are cities and can only legally exist in a single county. Incorporated places are independent of county subdivisions.

**CENSUS TRACTS/BLOCK GROUPS/BLOCKS**

New Hampshire has 295 census tracts, 922 block groups, and 48,837 census blocks.

**CONGRESSIONAL DISTRICTS**

For the 111<sup>th</sup> Congress (January 2011-January 2013) New Hampshire had two congressional districts. For the 113<sup>th</sup> Congress (January 2013-January 2015), New Hampshire continues to have two congressional districts as a result of reapportionment based on the 2010 Census.

**SCHOOL DISTRICTS**

New Hampshire has 88 elementary school districts, 10 secondary school districts, and 82 unified school districts. The Dresden unified school district is an interstate school district with schools in both Hanover, New Hampshire and Norwich, Vermont. The Rivendell unified school district is an interstate school district with schools in Orford, New Hampshire and Fairlee, Vermont.

**STATE LEGISLATIVE DISTRICTS**

There are 24 state senate districts and 103 state house districts in New Hampshire.

**URBAN AREAS**

New Hampshire has 25 urban areas; 5 urbanized areas and 20 urban clusters.

**ZIP CODE TABULATION AREAS (ZCTA)**

There are 248 ZIP Code tabulation areas (ZCTAs) in New Hampshire.

**OTHER INFORMATION OF GENERAL GEOGRAPHIC INTEREST**

In New Hampshire, the entities with local government power are towns and cities. A town can become a city by obtaining a charter from the state legislature. Each charter provides for the form of government of each city. Towns and cities differ mainly because cities do not have a “town-meeting” form of government, but there are some towns that do not have meetings and are not “cities.” Changes to town boundaries are rare, but can occur if all towns affected by the changes agree with the decision.

## New Jersey

### BASIC INFORMATION

2010 Census Population:	8,791,894 (11 <sup>th</sup> )
Land Area:	7,354.2 square miles (46 <sup>th</sup> )
Density:	1,195.5 persons per square mile (1 <sup>st</sup> )
Capital:	Trenton
Became a State:	December 18, 1787 (3 <sup>rd</sup> )
Bordering States:	Delaware, New York, Pennsylvania
Abbreviation:	NJ
ANSI/FIPS Code:	34

### HISTORY

The area of New Jersey was part of the original territory of the United States. It was originally chartered in 1664. West Jersey was split from New Jersey in 1676, but they reunited in 1702. New Jersey ratified the U.S. Constitution on December 18, 1787; it was the third of the original 13 states to join the Union, with generally the same boundary as the present state.

Census data for New Jersey are available beginning with the 1790 census.

### AMERICAN INDIAN AREAS

New Jersey has two state designated tribal statistical areas (SDTSAs).

### METROPOLITAN AND MICROPOLITAN STATISTICAL AREAS AND RELATED STATISTICAL AREAS

New Jersey has seven metropolitan statistical areas, five metropolitan divisions, and two combined statistical areas.

### COUNTIES

There are 21 counties in New Jersey. All of the counties are functioning governmental entities, each governed by a board of chosen freeholders.

### COUNTY SUBDIVISIONS

New Jersey has 571 county subdivisions which are known as minor civil divisions (MCDs). There are 242 townships with functioning, but not necessarily active, governments. The 324 incorporated places in New Jersey are independent of any MCD and serve as county subdivisions. There are also five undefined MCDs representing water area. All areas of the state have a township government except areas within an incorporated place. Each town is governed by a mayor and township committee.

### PLACES

New Jersey has 545 places; 324 incorporated places and 221 census designated places (CDPs). The incorporated places consist of 254 boroughs, 52 cities, 15 towns, and 3 villages. The incorporated places are independent of county subdivisions.

### CENSUS TRACTS/BLOCK GROUPS/BLOCKS

New Jersey has 2,010 census tracts, 6,320 block groups, and 169,588 census blocks.

**CONGRESSIONAL DISTRICTS**

For the 111<sup>th</sup> Congress (January 2009 – January 2011), New Jersey had 13 congressional districts. For the 113<sup>th</sup> Congress (January 2013-January 2015), New Jersey has 12 congressional districts as a result of reapportionment based on the 2010 Census.

**SCHOOL DISTRICTS**

New Jersey has 282 elementary school districts, 47 secondary school districts, and 233 unified school districts.

**STATE LEGISLATIVE DISTRICTS**

There are 40 state senate districts and 40 general assembly districts in New Jersey. In addition, there is one undefined state legislative district and one undefined state senate districts which are comprised of water area.

**URBAN AREAS**

New Jersey has 26 urban areas; 10 urbanized areas and 16 urban clusters.

**ZIP CODE TABULATION AREAS**

There are 595 ZIP Code tabulation areas (ZCTAs) in New Jersey.

**OTHER INFORMATION OF GENERAL GEOGRAPHIC INTEREST**

Much of New Jersey’s population is concentrated in the New York-Northern New Jersey-Long Island, NY-NJ-PA and Philadelphia-Camden-Wilmington, PA-NJ-DE-MD metropolitan statistical areas. New Jersey is highly urbanized and the average population density is the highest of any other state.

## New Mexico

### BASIC INFORMATION

2010 Census Population:	2,059,179 (36 <sup>th</sup> )
Land Area:	121,298.2 square miles (5 <sup>th</sup> )
Density:	17 persons per square mile (45 <sup>th</sup> )
Capital:	Santa Fe
Became a State:	January 6, 1912 (47 <sup>th</sup> )
Bordering States:	Arizona, Colorado, Oklahoma, Texas, Utah
International Border:	Mexico
Abbreviation:	NM
ANSI/FIPS Code:	35

### HISTORY

The United States acquired almost all the area of New Mexico from Mexico in 1848. The United States acquired a small area, comprising the southwestern corner of New Mexico, from Mexico in 1853 as part of the Gadsden Purchase. New Mexico Territory was organized from the acquired area December 13, 1850, and included most of present-day Arizona and New Mexico as well as parts of Colorado and Nevada. The territory was reduced with the organization of Colorado Territory in 1861 and Arizona Territory in 1863 to assume generally the same boundary as the present state.

Census data are available for New Mexico beginning with the 1850 census. The 1850 census population is for the entire New Mexico Territory, including areas not in present-day New Mexico. For an explanation of the revision to the 1860 population of New Mexico, see Richard L. Forstall, *Population of States and Counties of the United States: 1790-1990*, Washington, DC: U.S. Government Printing Office, 1996, page 110.

Data for the legally established state of New Mexico are available beginning with the 1920 census.

### AMERICAN INDIAN AREAS

New Mexico has 23 federally recognized American Indian reservations; 11 with off-reservation trust lands. There are also two joint-use areas.

### METROPOLITAN AND MICROPOLITAN STATISTICAL AREAS AND RELATED STATISTICAL AREAS

New Mexico has 4 metropolitan statistical areas, 15 micropolitan statistical areas, and 2 combined statistical areas.

### COUNTIES

There are 33 counties in New Mexico. The counties are functioning governmental units, each governed by a board of commissioners.

### COUNTY SUBDIVISIONS

There are 130 county subdivisions in New Mexico. They are all census county divisions (CCDs), which are delineated for statistical purposes, have no legal function, and are not governmental units. CCDs were first established in New Mexico for the 1960 census. Prior to 1960, the minor civil divisions used in the census were election precincts.

**PLACES**

New Mexico has 443 places; 102 incorporated places and 341 are census designated places (CDPs). The incorporated places consist of 35 cities, 19 towns, and 48 villages. The minimum population required for incorporation is 150.

**CENSUS TRACTS/BLOCK GROUPS/BLOCKS**

New Mexico has 499 census tracts, 1,449 block groups, and 168,609 census blocks.

**CONGRESSIONAL DISTRICTS**

For the 111<sup>th</sup> Congress (January 2009-January 2011), New Mexico had three congressional districts. For the 113<sup>th</sup> Congress (January 2013-January 2015), New Mexico continues to have three congressional districts as a result of reapportionment based on the 2010 Census.

**SCHOOL DISTRICTS**

New Mexico has 89 unified school districts.

**STATE LEGISLATIVE DISTRICTS**

There are 42 state senate districts and 70 state house districts in New Mexico.

**URBAN AREAS**

New Mexico has 46 urban areas; 6 urbanized areas and 40 urban clusters.

**ZIP CODE TABULATION AREAS**

There are 372 ZIP Code tabulation areas (ZCTAs).

**HISTORICAL CENTERS OF POPULATION**

**LISTS OF ENTITIES**

See the [Gazetteer Files](#) for a list of geographic entities. See the [Metropolitan and Micropolitan Statistical Areas](#) page for a list of metropolitan and micropolitan statistical areas and related statistical areas.

## New York

### BASIC INFORMATION

2010 Census Population:	19,378,102 (3 <sup>rd</sup> )
Land Area:	47,126.4 square miles (30 <sup>th</sup> )
Density:	411.2 persons per square mile (7 <sup>th</sup> )
Capital:	Albany
Became a State:	July 26, 1788 (11 <sup>th</sup> )
Bordering States:	Connecticut, Massachusetts, New Jersey, Pennsylvania, Rhode Island, Vermont
International Border:	Canada
Abbreviation:	NY
ANSI/FIPS Code:	36

### HISTORY

The area of New York was part of the original territory of the United States. When originally chartered in 1664, it included a much larger area. A portion was sold to create New Jersey in 1664, and title claims were ceded in 1682 to Delaware and Pennsylvania. In 1780, New York ceded area to the United States that became part of the Northwest Territory in 1787. New York ratified the U.S. Constitution on July 26, 1788; it was the 11<sup>th</sup> of the original 13 states to join the Union. In 1791, New York consented to the statehood separation of Vermont; in 1792, it sold area along Lake Erie (the Erie Triangle) to Pennsylvania, to assume generally the same boundary as the present state.

Census data for New York are available beginning with the 1790 census. The 1790 census data do not include population included in present-day Pennsylvania or Vermont. These areas were enumerated as parts of those states, although the Erie Triangle and all of the state of Vermont legally were part of New York at the time of the census.

### AMERICAN INDIAN AREAS

New York has eight federally recognized American Indian reservations. There is one tribal designated statistical area (TDSA). There are also two state recognized reservations.

### METROPOLITAN AND MICROPOLITAN STATISTICAL AREAS AND RELATED STATISTICAL AREAS

New York has 12 metropolitan statistical areas, 15 micropolitan statistical areas, 2 metropolitan divisions, and 6 combined statistical areas.

### COUNTIES

There are 62 counties in New York. The five counties that comprise New York city (Bronx, Kings, New York, Queens, and Richmond) are governmentally consolidated with the city. The remaining 57 counties are functioning governmental units, each governed by a board of supervisors, county legislature, board of representatives, a legislative board, or a board of legislators.

### COUNTY SUBDIVISIONS

There are 1,023 county subdivisions in New York known as minor civil divisions (MCDs). There are 932 towns with functioning, but not necessarily active governmental units. East Rochester, Mount Kisco, and Scarsdale towns are coextensive with a single incorporated place and have joint MCD/place

governments. Green Island and Harrison towns are coextensive with a single incorporated place and have separate active township governments. Each town is governed by a town supervisor or town manager and a town council or town board.

The five boroughs that comprise New York city (one borough in each of the five counties) are not considered to be functioning governmental units. There are 61 cities in New York that are independent of MCDs and serve as 62 county subdivisions. There are 14 county subdivisions comprised of American Indian reservations. American Indian areas have a special legal status regarding their relationship to state and county government and are treated by the Census Bureau as county subdivision equivalents for the portion of the reservation within each county.

Minor civil divisions are legally incorporated municipal corporations within the state. They provide a range of services to their residents and are empowered to tax property within their boundaries to raise revenue. Villages in New York are places dependent within towns and are not treated as minor civil divisions, with the exception of the five town-village governments.

In addition, there are 10 undefined MCDs that consist entirely of water.

## **PLACES**

New York has 1,189 places; 617 incorporated places and 572 census designated places. The incorporated places consist of 62 cities and 555 villages. Cities are independent of any town or American Indian reservation. Villages are dependent within county subdivision. New York city is coextensive with the five boroughs (MCDs). Green Island, East Rochester, Harrison, Mount Kisco, and Scarsdale villages are coextensive with a single town of the same name and have consolidated place/MCD governments. Pelham and Pelham Manor villages together are coextensive with a single town, Pelham, in Westchester County. City, town, and village governments have similar powers and perform similar functions.

In New York there is no set progression from village to city status. Cities independent of other county subdivisions are chartered by the state and there is no minimum population size to become a city.

## **CENSUS TRACTS/BLOCK GROUPS/BLOCKS**

New York has 4,919 census tracts, 15,464 block groups, and 350,169 census blocks.

## **CONGRESSIONAL DISTRICTS**

For the 111<sup>th</sup> Congress (January 2009-January 2011), New York had 29 congressional districts. For the 113<sup>th</sup> Congress (January 2013-January 2015), New York has 27 congressional districts as a result of reapportionment based on the 2010 Census.

## **SCHOOL DISTRICTS**

New York has 14 elementary school districts, 3 secondary school districts, and 669 unified school districts.

## **STATE LEGISLATIVE DISTRICTS**

There are 62 state senate districts and 150 assembly districts in New York.

## **URBAN AREAS**

New York has 127 urban areas; 17 urbanized areas and 110 urban clusters.

**ZIP CODE TABULATION AREAS**

There are 1,794 ZIP Code tabulation areas (ZCTAs) in New York.

**OTHER INFORMATION OF GENERAL GEOGRAPHIC INTEREST**

New York is the only state to have been among the top five most populous states since the first census in 1790.

New York city has been the nation’s most populous city each decade since 1790.

Brooklyn was once a separate city; it merged with New York in 1898.

## North Carolina

### BASIC INFORMATION

2010 Census Population:	9,535,483 (10 <sup>th</sup> )
Land Area:	48,617.9 square miles (29 <sup>th</sup> )
Density:	196.1 persons per square mile (15 <sup>th</sup> )
Capital:	Raleigh
Became a State:	November 21, 1789 (12 <sup>th</sup> )
Bordering States:	Georgia, South Carolina, Tennessee, Virginia
Abbreviation:	NC
ANSI/FIPS Code:	37

### HISTORY

The area of North Carolina was part of the original territory of the United States. Both North Carolina and South Carolina were included in the charter that established Carolina in 1663. The two areas separated in 1712—a separation that was finalized when the Carolina Colony was dissolved in 1729—with generally the same shared boundary as the present states. However, they did not settle on a final boundary until 1813. North Carolina ratified the U.S. Constitution on November 21, 1789; it was the 12<sup>th</sup> of the original 13 states to join the Union. North Carolina ceded its territory westward to the Mississippi River, comprising present-day Tennessee, to the United States in 1790, to assume generally the same boundary as the present state.

Census data for North Carolina are available beginning with the 1790 census. For an explanation of the revision to the 1810 population of North Carolina, see Richard L. Forstall, *Population of States and Counties of the United States: 1790-1990*, Washington, DC: U.S. Government Printing Office, 1996, page 118.

### AMERICAN INDIAN AREAS

North Carolina has one federally recognized American Indian reservation and seven state designated tribal statistical areas (SDTSAs).

### METROPOLITAN AND MICROPOLITAN STATISTICAL AREAS AND RELATED STATISTICAL AREAS

North Carolina has 15 metropolitan statistical areas, 26 micropolitan statistical areas, and 5 combined statistical areas.

### COUNTIES

There are 100 counties in North Carolina. Each county is governed by a board of county commissioners.

### COUNTY SUBDIVISIONS

There are 1,041 county subdivisions in North Carolina which are known as minor civil divisions (MCDs). There are 1,035 townships which are nonfunctioning nongovernmental entities. Asheville city is independent of any MCD and serves as a county subdivision. Cleveland County dissolved all townships and is now a single nonfunctioning nongovernmental county subdivision named Cleveland. There are also four unorganized territories in North Carolina.

**PLACES**

North Carolina has 739 places; 553 incorporated places and 186 census designated places (CDPs). The incorporated places consist of 76 cities, 456 towns, and 21 villages. Dellview town is an inactive town. Incorporated places are dependent within county subdivision except for Asheville city in Buncombe County. Charlotte, Wilmington, and Winston-Salem cities are coextensive with a single township. Greensboro city is coextensive with two townships. Boone city contains one township plus parts of three additional townships, Concord city contains one township plus parts of seven additional townships, and Fayetteville city contains one township plus parts of six additional townships.

**CENSUS TRACTS/BLOCK GROUPS/BLOCKS**

North Carolina has 2,195 census tracts, 6,155 block groups, and 288,987 census blocks.

**CONGRESSIONAL DISTRICTS**

For the 111<sup>th</sup> Congress (January 2009-January 2011), North Carolina had 13 congressional districts. For the 113<sup>th</sup> Congress (January 2013-January 2015), North Carolina continues to have 13 congressional districts as a result of reapportionment based on the 2010 Census.

**SCHOOL DISTRICTS**

North Carolina has 118 unified school districts. The Department of Defense runs two of the unified school districts and the Bureau of Indian Affairs runs one of the unified school districts in North Carolina.

**STATE LEGISLATIVE DISTRICTS**

There are 50 state senate districts and 120 state house districts in North Carolina.

**URBAN AREAS**

North Carolina has 115 urban areas; 19 urbanized areas and 96 urban clusters.

**ZIP CODE TABULATION AREAS**

There are 808 ZIP Code tabulation areas (ZCTAs) in North Carolina.

## North Dakota

### BASIC INFORMATION

2010 Census Population:	672,591 (48 <sup>th</sup> )
Land Area:	69,000.8 square miles (17 <sup>th</sup> )
Density:	9.7 persons per square mile (47 <sup>th</sup> )
Capital:	Bismarck
Became a State:	November 2, 1889 (39 <sup>th</sup> )
Bordering States:	Minnesota, Montana, South Dakota
International Border:	Canada
Abbreviation:	ND
ANSI/FIPS Code:	38

### HISTORY

The United States acquired most of the area of North Dakota from France in 1803 as part of the Louisiana Purchase. It obtained the area in the north and northeast part of the present-day state by a convention, signed with Great Britain in 1818 that extended the northern boundary along the 49<sup>th</sup> parallel. Dakota Territory was organized on March 2, 1861, from unorganized area formerly within Minnesota Territory and part of Nebraska Territory. Dakota Territory included all of the present-day states of North Dakota and South Dakota, most of Montana, the northern half of Wyoming, and a small part of Nebraska. The territory was reduced in 1863 with the organization of Idaho Territory, enlarged in 1864 with the addition of most of the remainder of present-day Wyoming, and again reduced with the organization of Wyoming Territory in 1868. In 1882, the state of Nebraska acquired an area north of the Keya Paha River and Niobrara River. North Dakota was admitted to the Union simultaneously with South Dakota on November 2, 1889, as the 39<sup>th</sup> and 40<sup>th</sup> states, with generally the same boundaries as the present states.

Census data for the combined area in present-day North Dakota and South Dakota are available in the 1860 census (and listed in national tables with South Dakota). The 1860 census population is for territory reported as “unorganized Dakota” and includes population in areas now in Montana. The 1860 population excludes some population enumerated in Nebraska Territory. Although the state had not yet been legally established, the 1870 and 1880 populations generally are for the area of the present state. The population of Dakota Territory as legally established was 135,177 in 1880 and 14,181 in 1870.

Data for the legally established state of North Dakota are available beginning with the 1890 census.

### AMERICAN INDIAN AREAS

North Dakota has five federally recognized American Indian area reservations, two with off-reservation trust land.

### METROPOLITAN AND MICROPOLITAN STATISTICAL AREAS AND RELATED STATISTICAL AREAS

North Dakota has three metropolitan statistical areas, five micropolitan statistical areas, and one combined statistical area.

### COUNTIES

There are 53 counties in North Dakota. All counties are functioning governmental units, each governed by a board of county commissioners.

**COUNTY SUBDIVISIONS**

North Dakota has 1,765 county subdivisions which are minor civil divisions (MCDs). There are 1,317 townships which are functioning, but not necessarily active, governmental entities. Townships are governed by a board of township supervisors. Rushville township, Ward County is inactive. There are 357 incorporated places which are independent of MCDs and serve as 364 county subdivisions. There are also 84 unorganized territories. Billings, Dunn, Mercer, Oliver, and Stark Counties have no townships and are covered entirely by unorganized territories or cities independent of any MCDs.

**PLACES**

North Dakota has 401 places; 357 incorporated places and 44 census designated places (CDPs). The incorporated places are all cities. There is no minimum population for incorporation in North Dakota. All incorporated places are independent of county subdivisions.

**CENSUS TRACTS/BLOCK GROUPS/BLOCKS**

North Dakota has 205 census tracts, 572 block groups, and 133,769 census blocks.

**CONGRESSIONAL DISTRICTS**

For the 111<sup>th</sup> Congress (January 2009-January 2011), North Dakota had one congressional district. For the 113<sup>th</sup> Congress (January 2013-January 2015), North Dakota continues to have one congressional district as a result of reapportionment based on the 2010 Census.

**SCHOOL DISTRICTS**

North Dakota has 29 elementary school districts and 155 unified school districts.

**STATE LEGISLATIVE DISTRICTS**

There are 47 state senate districts and 47 state house districts in North Dakota.

**URBAN AREAS**

North Dakota has 16 urban areas; 3 urbanized areas and 13 urban clusters.

**ZIP CODE TABULATION AREAS**

There are 393 ZIP Code tabulation areas (ZCTAs) in North Dakota.

**OTHER INFORMATION OF GENERAL GEOGRAPHIC INTEREST**

The geographical center of North America is located near the city of Rugby.

**HISTORICAL CENTERS OF POPULATION**

## Ohio

### BASIC INFORMATION

2010 Census Population:	11,536,504 (7 <sup>th</sup> )
Land Area:	40,860.69 square miles (35 <sup>th</sup> )
Density:	282.3 persons per square mile (10 <sup>th</sup> )
Capital:	Columbus
Became a State:	March 1, 1803 (17 <sup>th</sup> )
Bordering States:	Indiana, Kentucky, Michigan, Pennsylvania, West Virginia
International Border:	Canada
Abbreviation:	OH
ANSI/FIPS Code:	39

### HISTORY

The area of Ohio was part of the original territory of the United States, being part of lands ceded by four states to the United States and designated in 1787 as the "Territory northwest of the River Ohio." It also included the area known as the Connecticut Western Reserve, which was not ceded by Connecticut to the United States until 1800. Ohio Territory was organized on April 30, 1802, from the Northwest Territory, with generally the same boundary as the present state. Ohio was admitted to the Union on February 19, 1803, as the 17<sup>th</sup> state. Ohio acquired legal title to the area known as the Toledo Strip when Michigan ceded its claim in 1836.

Although not yet legally established as a separate entity, census data for Ohio are available beginning with the 1800 census. The 1800 census population for Michigan includes the population of a small area in present-day Ohio. The 1800 population of the legally established Northwest Territory (of which Ohio was a part) was 45,916. For an explanation of the revision to the 1800 population of Ohio, see Richard L. Forstall, *Population of States and Counties of the United States: 1790-1990*, Washington, DC: U.S. Government Printing Office, 1996, page 126.

Data for the legally established state of Ohio are available beginning with the 1810 census.

### METROPOLITAN AND MICROPOLITAN STATISTICAL AREAS AND RELATED STATISTICAL AREAS

Ohio has 16 metropolitan statistical areas, 29 micropolitan statistical areas, and 9 combined statistical areas.

### COUNTIES

There are 88 counties in Ohio. Each county is governed by a board of county commissioners.

### COUNTY SUBDIVISIONS

There are 1,604 county subdivisions in Ohio known as minor civil divisions (MCDs). There are 1,324 townships of which are all functioning governmental units except for unpopulated Wayne township in Montgomery County and 15 townships that are wholly within the boundaries of an incorporated place. (Any township that is entirely within an incorporated place is nonfunctioning.) A nonfunctioning township is created when a place that is independent of townships annexes area from an adjacent township, but does not remove the annexed area from the original township. Where this occurs, the Census Bureau creates a fictitious township, generally named after the incorporated place, that conforms to the area that

is independent of any township. There are 258 incorporated places that are wholly or partially independent of any county subdivision creating 274 entities that the Census Bureau treats as equivalent to county subdivisions. In addition, there are five undefined MCDs that represent water area.

## **PLACES**

Ohio has 1,204 places; 938 incorporated places and 266 census designated places (CDPs). The incorporated places consist of 250 cities and 688 villages. There are 179 cities and 79 villages that are entirely or partially independent of the surrounding county subdivisions creating 192 and 82 county subdivisions, respectively. Of the 179 cities, 13 cities are partially independent, that is, the city is independent of county subdivisions in one county and dependent in another. These 13 cities are Alliance, Columbus, Crestline, Dublin, Fostoria, Galion, Huber Heights, Middletown, Rittman, Sharonville, Union, Vermilion, and Westerville. Lastly, there are 11 cities and three villages that contain an entire nonfunctioning township and also are dependent within a governmental township. These places are Celina, Columbus, Delaware, Dublin, Galion, Lancaster, Mansfield, Medina, Reynoldsburg, Union, and Westerville cities; and Creston, Seville, and Sunbury villages. Lastly, there are five cities that can legally exist in only one township but are not coextensive—Gahanna, Geneva, Springboro (Warren County portion only), Troy, and Worthington cities.

Cities have a minimum population of 5,000 and villages have a population less than 5,000 and are classified based on Census Bureau counts as certified by the Ohio Secretary of State.

## **CENSUS TRACTS/BLOCK GROUPS/BLOCKS**

Ohio has 2,952 census tracts, 9,238 block groups, and 365,344 census blocks.

## **CONGRESSIONAL DISTRICTS**

For the 111<sup>th</sup> Congress (January 2009-January 2011), Ohio had 18 congressional districts. For the 113<sup>th</sup> Congress (January 2013-January 2015), Ohio has 16 congressional districts as a result of reapportionment based on the 2010 Census.

## **SCHOOL DISTRICTS**

Ohio has 616 unified school districts.

## **STATE LEGISLATIVE DISTRICTS**

There are 33 state senate districts and 99 state house districts in Ohio. In addition, there is one state house district undefined and one state senate district undefined that encompass water area.

## **URBAN AREAS**

Ohio has 155 urban areas; 18 urbanized areas and 137 urban clusters.

## **ZIP CODE TABULATION AREAS**

There are 1,197 ZIP Code tabulation areas (ZCTAs) in Ohio.

## Oklahoma

### BASIC INFORMATION

2010 Census Population:	3,751,351 (28 <sup>th</sup> )
Land Area:	68,594.2 square miles (19 <sup>th</sup> )
Density:	54.7 persons per square mile (35 <sup>th</sup> )
Capital:	Oklahoma City
Became a State:	November 16, 1907 (46 <sup>th</sup> )
Bordering States:	Arkansas, Colorado, Kansas, Missouri, New Mexico, Texas
Abbreviation:	OK
ANSI/FIPS Code:	40

### HISTORY

The United States acquired the area of Oklahoma from France as part of the Louisiana Purchase in 1803. Part of present-day Oklahoma, which had been included in Arkansas Territory, was ceded to Spain by conclusion of a treaty in 1819; the ceded area was reacquired as part of the annexation of Texas in 1845. The area of Oklahoma was part of unorganized territory designated as Indian Country or Indian Territory on June 20, 1834, although this conflicted with territory already included within Missouri Territory. Oklahoma Territory was organized on May 2, 1890, from the western part of Indian Territory and the Public Land Strip (the panhandle, which was sold to the United States by Texas), and resulted in the territory being in two pieces. The territory was enlarged with the addition of the Cherokee Outlet, which joined Oklahoma Territory into a single area. The Supreme Court affirmed the claim of Oklahoma to the Greer County area in southwest Oklahoma in 1896. Oklahoma Territory and the remaining Indian Territory were combined, and Oklahoma was admitted to the Union on November 16, 1907, as the 46<sup>th</sup> state, with generally the same boundary as the present state. A boundary dispute with Texas was settled in 1930, deleting a narrow strip of territory from Oklahoma.

Census data are available for Oklahoma beginning with the 1890 census. The 1890 and 1900 census populations reported for Oklahoma include the population for Indian Territory. The population of Oklahoma Territory as legally established was 398,331 in 1900 and 78,475 in 1890. The population of Indian Territory as legally established was 392,060 in 1900 and 180,182 in 1890. The Census Bureau conducted a special census of the Oklahoma and Indian territories on July 7, 1907. The population of the entire area was 1,414,177.

Data for the legally established state of Oklahoma are available beginning with the 1910 census.

### AMERICAN INDIAN AREAS

Oklahoma has 1 federally recognized American Indian area reservation, 25 Oklahoma tribal statistical areas (OTSAs), and 4 joint-use OTSAs. The OTSAs represent the former reservations.

### METROPOLITAN AND MICROPOLITAN STATISTICAL AREAS AND RELATED STATISTICAL AREAS

Oklahoma has 4 metropolitan statistical areas, 18 micropolitan statistical areas, and 2 combined statistical areas.

**COUNTIES**

There are 77 counties in Oklahoma. All counties are functioning governments, each governed by a board of county commissioners.

**COUNTY SUBDIVISIONS**

There are 305 county subdivisions in Oklahoma. They are all census county divisions (CCDs), which are delineated for statistical purposes, have no legal function, and are not governmental units. CCDs were first established for the 1970 census. Prior to 1970, the minor civil divisions used in the census include townships (most of which were non-functioning, administrative areas) and election precincts.

**PLACES**

Oklahoma has 733 places, 597 incorporated places and 136 census designated places (CDPs). The incorporated places consist of 164 cities and 433 towns. There are four inactive towns – Erin Springs, New Woodville, Oak Grove, and Smithville. Cities have a minimum population of 1,000 and villages have a population less than 1,000.

**CENSUS TRACTS/BLOCK GROUPS/BLOCKS**

Oklahoma has 1,046 census tracts, 2,965 block groups, and 269,118 census blocks.

**CONGRESSIONAL DISTRICTS**

For the 111<sup>th</sup> Congress (January 2009-January 2011), Oklahoma had five congressional districts. For the 113<sup>th</sup> Congress (January 2013-January 2015), Oklahoma continues to have five congressional districts as a result of reapportionment based on the 2010 Census.

**SCHOOL DISTRICTS**

Oklahoma has 106 elementary school districts and 426 unified school districts.

**STATE LEGISLATIVE DISTRICTS**

There are 48 state senate districts and 101 state house districts in Oklahoma.

**URBAN AREAS**

Oklahoma has 86 urban areas; 5 urbanized areas and 81 urban clusters.

**ZIP CODE TABULATION AREAS**

There are 649 ZIP Code tabulation areas (ZCTAs) in Oklahoma.

**HISTORICAL CENTERS OF POPULATION**

## Oregon

### BASIC INFORMATION

2010 Census Population:	3,831,074 (27 <sup>th</sup> )
Land Area:	95,988 square miles (10 <sup>th</sup> )
Density:	39.9 persons per square mile (39 <sup>th</sup> )
Capital:	Salem
Became a State:	February 14, 1859 (33 <sup>rd</sup> )
Bordering States:	California, Idaho, Nevada, Washington
Abbreviation:	OR
ANSI/FIPS Code:	41

### HISTORY

The United States acquired the area of Oregon by a treaty with Great Britain in 1846. Oregon Territory was organized from the acquired area on August 14, 1848, and included all of present-day Oregon, Idaho, and Washington and part of western Montana and Wyoming. The territory was reduced in 1853 when Washington Territory was organized. In 1859, additional territory was transferred to Washington Territory, leaving Oregon with generally the same boundary as the present state.

Census data for Oregon are available beginning with the 1850 census. The 1850 population is for the area in present-day Oregon; it does not include the entire territory as legally established. The population of Oregon Territory as legally constituted in 1850 was 13,294.

Data for the legally established state of Oregon are available beginning with the 1860 census.

### AMERICAN INDIAN AREAS

Oregon has 11 American Indian area reservations, 6 with off-reservation trust land.

### METROPOLITAN AND MICROPOLITAN STATISTICAL AREAS AND RELATED STATISTICAL AREAS

Oregon has 6 metropolitan statistical areas, 13 micropolitan statistical areas, and 2 combined statistical areas.

### COUNTIES

Oregon has 36 counties. All counties are functioning governmental units, each governed by a board of county commissioners.

### COUNTY SUBDIVISIONS

There are 212 county subdivisions in Oregon. They are all census county divisions (CCDs), which are delineated for statistical purposes, have no legal function, and are not governmental units. CCDs were first established in Oregon for the 1960 census. Prior to 1960, the minor civil divisions used in the census were election precincts.

**PLACES**

Oregon has 377 places; 242 incorporated places and 135 census designated places (CDPs). The incorporated places consist of 233 cities and 9 towns. There is one inactive city, Greenhorn. The minimum population for incorporation is 150.

**CENSUS TRACTS/BLOCK GROUPS/BLOCKS**

Oregon has 834 census tracts, 2,634 block groups, and 196,621 blocks.

**CONGRESSIONAL DISTRICTS**

For the 111<sup>th</sup> Congress (January 2009-January 2011), Oregon had five congressional districts. For the 113<sup>th</sup> Congress (January 2013-January 2015), Oregon will continue to have five congressional districts as a result of reapportionment based on the 2010 Census.

**SCHOOL DISTRICTS**

Oregon has 9 elementary school districts, 1 secondary school district, and 188 unified school districts.

**STATE LEGISLATIVE DISTRICTS**

There are 30 state senate districts and 60 state house districts in Oregon.

**URBAN AREAS**

Oregon has 71 urban areas; 10 urbanized areas and 61 urban clusters.

**ZIP CODE TABULATION AREAS**

There are 419 ZIP Code tabulation areas (ZCTAs) in Oregon.

**HISTORICAL CENTERS OF POPULATION**

## Pennsylvania

### BASIC INFORMATION

2010 Census Population:	12,702,379 (6 <sup>th</sup> )
Land Area:	44,742.7 square miles (32 <sup>nd</sup> )
Density:	283.9 persons per square mile (9 <sup>th</sup> )
Capital:	Harrisburg
Became a State:	December 12, 1787 (2 <sup>nd</sup> )
Bordering States:	Delaware, Maryland, New Jersey, New York, Ohio, West Virginia
International Border:	Canada
Abbreviation:	PA
ANSI/FIPS Code:	42

### HISTORY

The area of Pennsylvania was part of the original territory of the United States. It was chartered in 1681, although New York did not relinquish its claim to the area until the following year. The southern boundary was resolved with the survey of the Mason and Dixon Line in the 1760s. Connecticut had claims to Pennsylvania territory resolved by award of the Continental Congress in 1782. Pennsylvania ratified the U.S. Constitution on December 12, 1787; it was the second of the original 13 states to join the Union. Pennsylvania assumed generally the same boundary as the present state with the acquisition of the Erie Triangle from New York in 1792. Pennsylvania is one of four states that are legally described as a commonwealth.

Census data for Pennsylvania are available beginning with the 1790 census. Any population that was enumerated in the Erie Triangle was included in Pennsylvania, although this area was not legally part of the state until 1792.

### METROPOLITAN AND MICROPOLITAN STATISTICAL AREAS AND RELATED STATISTICAL AREAS

Pennsylvania has 16 metropolitan statistical areas, 21 micropolitan statistical areas, 2 metropolitan divisions, and 8 combined statistical areas.

### COUNTIES

There are 67 counties in Pennsylvania. Philadelphia County and Philadelphia city are governmentally consolidated and function as a municipal government. All other counties are each governed by a board of county commissioners.

### COUNTY SUBDIVISIONS

Pennsylvania has 2,575 county subdivisions known as minor civil divisions (MCDs). There are 1,546 townships with active functioning governments and 1 township, Cold Spring township in Lebanon County, which is an inactive entity. Each township is governed by an elected board of commissioners or a board of supervisors. The 1,015 incorporated places are independent of MCDs and serve as 1,027 county subdivisions. In addition, there is one undefined MCD that consists entirely of water area.

## **PLACES**

Pennsylvania has 1,764 places; 1,015 incorporated places and 749 census designated places (CDPs). The incorporated places consist of 954 boroughs, 57 cities, 3 municipalities, and 1 town. MCD and place governments have the same power and functions in Pennsylvania. Incorporated places in Pennsylvania are independent of county subdivisions.

## **CENSUS TRACTS/BLOCK GROUPS/BLOCKS**

Pennsylvania has 3,218 census tracts, 9,740 block groups, and 421,545 blocks.

## **CONGRESSIONAL DISTRICTS**

For the 111<sup>th</sup> Congress (January 2009-January 2011), Pennsylvania had 19 congressional districts. For the 113<sup>th</sup> Congress (January 2013-January 2015), Pennsylvania has 18 congressional districts as a result of reapportionment based on the 2010 Census.

## **SCHOOL DISTRICTS**

Pennsylvania has 501 unified school districts.

## **STATE LEGISLATIVE DISTRICTS**

There are 50 state senate districts and 203 state house districts in Pennsylvania.

## **URBAN AREAS**

Pennsylvania has 137 urban areas; 27 urbanized areas and 110 urban clusters.

## **ZIP CODE TABULATION AREAS**

There are 1,798 ZIP Code tabulation areas (ZCTAs) in Pennsylvania.

## Rhode Island

### BASIC INFORMATION

2010 Census Population:	1,052,567 (43 <sup>rd</sup> )
Land Area:	1,033.8 square miles (50 <sup>th</sup> )
Density:	1,018.1 persons per square mile (2 <sup>nd</sup> )
Capital:	Providence
Became a State:	May 29, 1790 (13 <sup>th</sup> )
Bordering States:	Connecticut, Massachusetts, New York
Abbreviation:	RI
ANSI/FIPS Code:	44

### HISTORY

The area of Rhode Island was part of the original territory of the United States. An original patent was granted for the Providence Plantations in 1643, and a charter was granted for the Colony of Rhode Island and Providence Plantations in 1663. Rhode Island ratified the Constitution on May 29, 1790; it was the 13<sup>th</sup> of the original 13 states to join the Union, with generally the same boundary as the present state. However, there were changes to the boundary between Rhode Island and Massachusetts in 1862, and additional changes from a resurvey of that boundary in 1897. The official name of the state is "State of Rhode Island and Providence Plantations."

Census data for Rhode Island are available beginning with the 1790 census.

### AMERICAN INDIAN AREAS

Rhode Island has one federally recognized American Indian reservation.

### METROPOLITAN AND MICROPOLITAN STATISTICAL AREAS AND RELATED STATISTICAL AREAS

Rhode Island has core based statistical areas based on both counties (metropolitan statistical areas and combined statistical areas) and county subdivisions (metropolitan New England city and town areas (NECTAs) and combined NECTAs).

There is one metropolitan statistical area, one combined statistical area, two metropolitan NECTAs, and one combined NECTA.

### COUNTIES

There are five counties in Rhode Island. Counties in Rhode Island were legally abolished as governmental units but they continue to serve as geographic subdivisions of the state for Census Bureau purposes.

### COUNTY SUBDIVISIONS

There are 40 county subdivisions in Rhode Island which are known as minor civil divisions (MCDs). There are 31 towns which are functioning governmental units, each governed by a town council. The eight cities in Rhode Island are independent of MCDs and serve as county subdivisions. In addition, there is one undefined MCD which consists of water area.

**PLACES**

Rhode Island has 34 places; 8 incorporated places and 26 census designated places (CDPs). The incorporated places in Rhode Island are all cities and can legally exist in a single county only. All MCD and place governments in Rhode Island have the same powers and function. Incorporated places are independent of county subdivisions.

**CENSUS TRACTS/BLOCK GROUPS/BLOCKS**

Rhode Island has 244 census tracts, 815 block groups, and 25,181 census blocks.

**CONGRESSIONAL DISTRICTS**

For the 111<sup>th</sup> Congress (January 2009-January 2011), Rhode Island had two congressional districts. For the 113<sup>th</sup> Congress (January 2013-January 2015), Rhode Island continues to have two congressional districts as a result of reapportionment based on the 2010 Census.

**SCHOOL DISTRICTS**

Rhode Island has 5 elementary school districts, 1 secondary school district, and 30 unified school districts.

**STATE LEGISLATIVE DISTRICTS**

There are 38 state senate districts and 75 state house districts in Rhode Island.

**URBAN AREAS**

Rhode Island has 4 urban areas; 3 urbanized areas and 1 urban cluster.

**ZIP CODE TABULATION AREAS**

There are 77 ZIP Code tabulation areas (ZCTAs) in Rhode Island.

**OTHER INFORMATION OF GENERAL GEOGRAPHIC INTEREST**

Rhode Island is the smallest in land area of the 50 states.

See the [Gazetteer Files](#) for a list of geographic entities. See the [Metropolitan and Micropolitan Statistical Areas](#) page for a list of metropolitan and micropolitan statistical areas and related statistical areas.

## South Carolina

### BASIC INFORMATION

2010 Census Population:	4,625,364 (24 <sup>th</sup> )
Land Area:	30,060.7 square miles (40 <sup>th</sup> )
Density:	153.9 persons per square mile (20 <sup>th</sup> )
Capital:	Columbia
Became a State:	May 23, 1788 (8 <sup>th</sup> )
Bordering States:	Georgia, North Carolina
Abbreviation:	SC
ANSI/FIPS Code:	45

### HISTORY

The area of South Carolina was part of the original territory of the United States. Both North Carolina and South Carolina were included in the charter that established Carolina in 1663. The two areas separated in 1712—a separation that was finalized when the Carolina Colony was dissolved in 1729—with generally the same shared boundary as the present states. However, they did not settle on a final boundary until 1813. South Carolina ceded area to the United States to assume generally the same boundary as the present state; the ceded area became part of the Georgia and Mississippi Territory in 1802. South Carolina ratified the U.S. Constitution on May 23, 1788; it was the eighth of the original 13 states to join the Union.

Census data for South Carolina are available beginning with the 1790 census.

### AMERICAN INDIAN AREAS

South Carolina has one federally recognized American Indian reservation and six state designated tribal statistical areas (SDTSAs).

### METROPOLITAN AND MICROPOLITAN STATISTICAL AREAS AND RELATED STATISTICAL AREAS

South Carolina has 10 metropolitan statistical areas, 13 micropolitan statistical areas, and 4 combined statistical areas.

### COUNTIES

There are 46 counties in South Carolina. All counties are functioning governmental units, each governed by a county council.

### COUNTY SUBDIVISIONS

There are 299 county subdivisions in South Carolina. They are all census county divisions (CCDs), which are delineated for statistical purposes, have no legal function, and are not governmental units. CCDs were first established for the 1960 census. Prior to 1960, the minor civil divisions used in the census included townships (administrative, nonfunctioning governmental units) and school districts.

### PLACES

South Carolina has 395 places; 269 incorporated places and 126 census designated places (CDPs). The incorporated places consist of 69 cities and 200 towns. Incorporated places are each governed by a city or town council.

**CENSUS TRACTS/BLOCK GROUPS/BLOCKS**

There are 1,103 census tracts, 3,059 block groups, and 181,908 census blocks in South Carolina.

**CONGRESSIONAL DISTRICTS**

For the 111<sup>th</sup> Congress (January 2009-January 2011), South Carolina had six congressional districts. For the 113<sup>th</sup> Congress (January 2013-January 2015), South Carolina has seven congressional districts as a result of reapportionment based on the 2010 Census.

**SCHOOL DISTRICTS**

South Carolina has 2 elementary school districts, 2 secondary school districts, and 86 unified school districts. Two of the unified school districts are run by the Department of Defense.

**STATE LEGISLATIVE DISTRICTS**

There are 46 state senate districts and 124 state house districts in South Carolina.

**URBAN AREAS**

South Carolina has 63 urban areas; 14 urbanized areas and 49 urban clusters.

**ZIP CODE TABULATION AREAS**

There are 424 ZIP Code tabulation areas (ZCTAs) in South Carolina.

## South Dakota

### BASIC INFORMATION

2010 Census Population:	814,180 (46 <sup>th</sup> )
Land Area:	75,811 square miles (16 <sup>th</sup> )
Density:	10.7 persons per square mile (46 <sup>th</sup> )
Capital:	Pierre
Became a State:	November 2, 1889 (39 <sup>th</sup> )
Bordering States:	Iowa, Minnesota, Montana, Nebraska, North Dakota, Wyoming
Abbreviation:	SD
ANSI/FIPS Code:	46

### HISTORY

The United States acquired almost all of the area of South Dakota from France in 1803 as part of the Louisiana Purchase. A small portion in the northeast part of the present-day state was added by a convention signed with Great Britain in 1818. Dakota Territory was organized on March 2, 1861, from unorganized area formerly within Minnesota Territory and part of Nebraska Territory. Dakota Territory included all of the present-day states of North Dakota and South Dakota, most of Montana, the northern half of Wyoming, and a small part of Nebraska. The territory was reduced in 1863 with the organization of Idaho Territory, enlarged in 1864 with the addition of most of the remainder of present-day Wyoming, and again reduced with the organization of Wyoming Territory in 1868. In 1882, the state of Nebraska acquired an area north of the Keya Paha River and Niobrara River. South Dakota was admitted to the Union simultaneously with North Dakota on November 2, 1889, as the 39<sup>th</sup> and 40<sup>th</sup> states, with generally the same boundary as the present state.

Census data for the combined area in present-day North Dakota and South Dakota are available in the 1860 census (and listed in national tables with South Dakota). The 1860 census population is for territory reported as unorganized Dakota and territory now in Montana. Although the state had not yet been legally established, the 1870 and 1880 populations are for the area of the present state. The population of Dakota Territory as legally established was 135,177 in 1880 and 14,181 in 1870.

Data for the legally established state of South Dakota are available beginning with the 1890 census.

### AMERICAN INDIAN AREAS

South Dakota has 11 American Indian areas. There are nine reservations, four with associated off-reservation trust lands. There are also two off-reservation trust lands associated with reservations in neighboring states.

### METROPOLITAN AND MICROPOLITAN STATISTICAL AREAS AND RELATED STATISTICAL AREAS

South Dakota has three metropolitan statistical areas, nine micropolitan statistical areas, and one combined statistical area.

### COUNTIES

There are 66 counties in South Dakota. Each county is governed by a board of commissioners.

**COUNTY SUBDIVISIONS**

There are 1,339 county subdivisions in South Dakota known as minor civil divisions (MCDs). There are 914 townships with functioning, but not necessarily active, governments. Townships are each governed by a board of supervisors. The 311 incorporated places in South Dakota are independent of MCDs and serve as 320 county subdivisions. In addition, there are 105 unorganized territories in South Dakota. Bennett, Bon Homme, Buffalo, Campbell, Custer, Dewey, Haakon, Harding, Potter, Shannon, Stanley, Sully, Todd, Walworth, and Ziebach Counties have no townships and are covered entirely by unorganized territories and incorporated places.

**PLACES**

South Dakota has 390 places; 311 incorporated places and 79 census designated places (CDPs). The incorporated places consist of 156 cities, 154 towns, and 1 village. Incorporated places are independent of county subdivisions.

**CENSUS TRACT/BLOCK GROUPS/BLOCKS**

South Dakota has 222 census tracts, 654 block groups, and 88,360 census blocks.

**CONGRESSIONAL DISTRICTS**

For the 111<sup>th</sup> Congress (January 2009-January 2011), South Dakota had one congressional district. For the 113<sup>th</sup> Congress (January 2013-January 2015), South Dakota continues to have one congressional district as a result of reapportionment based on the 2010 Census.

**SCHOOL DISTRICTS**

South Dakota has 156 unified school districts.

**STATE LEGISLATIVE DISTRICTS**

There are 35 state senate districts and 37 state house districts in South Dakota.

**URBAN AREAS**

South Dakota has 28 urban areas; 3 urbanized areas and 25 urban clusters.

**ZIP CODE TABULATION AREAS**

There are 387 ZIP Code tabulation areas (ZCTAs) in South Dakota.

## Tennessee

### BASIC INFORMATION

2010 Census Population:	6,346,105 (17 <sup>th</sup> )
Land Area:	41,234.9 square miles (34 <sup>th</sup> )
Density:	153.9 persons per square mile (19 <sup>th</sup> )
Capital:	Nashville
Became a State:	June 1, 1796 (16 <sup>th</sup> )
Bordering States:	Alabama, Arkansas, Georgia, Kentucky, Mississippi, Missouri, North Carolina, Virginia
Abbreviation:	TN
ANSI/FIPS Code:	47

### HISTORY

The area of Tennessee was originally part of North Carolina. North Carolina ceded the area of Tennessee in 1790 to the United States, and this area was organized as the “territory . . . south of the Ohio River” on April 12, 1790. Tennessee was admitted to the Union on June 1, 1796, as the 16<sup>th</sup> state. Upon resolution of a boundary dispute with Kentucky in 1820, Tennessee assumed generally the same boundary as the present state.

Census data for Tennessee are available separately beginning with the 1790 census. The 1790 population shown for Tennessee is for the Southwest Territory, which generally had the present state boundary.

Data for the legally established state of Tennessee are available beginning with the 1800 census.

### METROPOLITAN AND MICROPOLITAN STATISTICAL AREAS AND RELATED STATISTICAL AREAS

Tennessee has 10 metropolitan statistical, 20 micropolitan statistical areas, and 6 combined statistical areas.

### COUNTIES

There are 95 counties in Tennessee. Hartsville-Trousdale County is a consolidated county/city government with a legal description of “Government” and has one set of government officials. Lynchburg, Moore County is a consolidated county/city government with a legal description of “Metropolitan Government” and has one set of government officials. Nashville-Davidson is a consolidated city with a legal description of “Metropolitan Government.” The remaining 92 counties are each governed by a county legislature.

### COUNTY SUBDIVISIONS

There are 844 county subdivisions in Tennessee. Beginning with the 2010 Census the state of Tennessee is using the county commissioner districts as minor civil divisions (MCDs). The county commissioner districts are nonfunctioning nongovernmental subdivisions of counties. From the 1960 census until Census 2000 each of Tennessee’s counties had between 1 and 12 census county divisions (CCDs) depending on the size and extent of urbanization of the county. Prior to 1960, the minor civil divisions used in the census were civil districts.

**PLACES**

Tennessee has 428 places, 347 incorporated places and 81 census designated places (CDPs). The incorporated places consist of 182 cities, 162 towns, 1 metropolitan government, 1 with no descriptor, and 1 balance of county for the portion of Nashville-Davidson consolidated city outside the separately incorporated places in Davidson County. The minimum population for incorporation in Tennessee is 1,500. Incorporated places are dependent within county subdivision. Hartsville-Trousdale is coextensive with Trousdale County, Lynchburg-Moore County is coextensive with Moore County, and Nashville-Davidson is coextensive with Davidson County.

Tennessee has one consolidated city, Nashville-Davidson, which is coextensive with Davidson County. Nashville-Davidson contains the separately incorporated places of Belle Meade, Berry Hill, Forest Hills, Lakewood, and Oak Hill cities, and the part of Goodlettsville city and the part of Ridgetop town in Davidson County.

**CENSUS TRACTS/BLOCK GROUPS/BLOCKS**

Tennessee has 1,497 census tracts, 4,125 block groups, and 240,116 census blocks.

**CONGRESSIONAL DISTRICTS**

For the 111<sup>th</sup> Congress (January 2009-January 2011), Tennessee had nine congressional districts. For the 113<sup>th</sup> Congress (January 2013-January 2015), Tennessee continues to have nine congressional districts as a result of reapportionment based on the 2010 Census.

**SCHOOL DISTRICTS**

There are 16 elementary school districts, 16 secondary school districts, and 120 unified school districts in Tennessee. The Department of Defense runs one school district in Tennessee.

**STATE LEGISLATIVE DISTRICTS**

There are 33 state senate districts and 99 state house districts in Tennessee.

**URBAN AREAS**

Tennessee has 91 urban areas; 12 urbanized areas and 79 urban clusters.

**ZIP CODE TABULATION AREAS**

There are 631 ZIP Code tabulation areas (ZCTAs) in Tennessee.

**HISTORICAL CENTERS OF POPULATION**

## LISTS OF ENTITIES

See the [Gazetteer Files](#) for a list of geographic entities. See the [Metropolitan and Micropolitan Statistical Areas](#) page for a list of metropolitan and micropolitan statistical areas and related statistical areas.

## Texas

### BASIC INFORMATION

2010 Census Population:	25,145,561 (2 <sup>nd</sup> )
Land Area:	261,231.7 square miles (2 <sup>nd</sup> )
Density:	96.3 persons per square mile (26 <sup>th</sup> )
Capital:	Austin
Became a State:	December 29, 1845 (28 <sup>th</sup> )
Bordering States:	Arkansas, Louisiana, New Mexico, Oklahoma
International Border:	Mexico
Abbreviation:	TX
ANSI/FIPS Code:	48

### HISTORY

Texas was originally part of Mexico, achieving independence as the Republic of Texas in 1836. The United States acquired the area of Texas through annexation and Texas was admitted to the Union on March 1, 1845, as the 28<sup>th</sup> state. At the time of statehood, Texas included part of present-day Colorado, Kansas, New Mexico, Oklahoma, and Wyoming. Texas sold territory to the United States in 1850 to assume generally the same boundary as the present state, but there were some subsequent revisions. In 1896, the Supreme Court ruled the Texas claim to the Greer County area in southwest Oklahoma to be invalid, and the area was officially deemed to be part of Oklahoma. An additional boundary dispute with Oklahoma was settled in 1930 by adding a narrow strip of territory to Texas. As the Rio Grande has changed its course, the United States and the Republic of Mexico have made periodic adjustments to their boundary that affected the boundary of Texas.

Census data for Texas are available beginning with the 1850 census.

### AMERICAN INDIAN AREAS

Texas has three federally recognized American Indian reservations, two with off-reservation trust land.

### METROPOLITAN AND MICROPOLITAN STATISTICAL AREAS AND RELATED STATISTICAL AREAS

Texas has 25 metropolitan statistical areas, 44 micropolitan statistical areas, 2 metropolitan divisions, and 8 combined statistical areas.

### COUNTIES

There are 254 counties in Texas. All counties are functioning governmental units, each governed by a Commissioners Court.

### COUNTY SUBDIVISIONS

There are 862 county subdivisions in Texas. They are all census county divisions (CCDs), which are delineated for statistical purposes, have no legal function, and are not governmental units. CCDs were first established in Texas for the 1960 census. Prior to 1960, the minor civil divisions used in the census included justice precincts and commissioner's precincts as well as beats, election precincts, voting precincts, and school districts.

**PLACES**

Texas has 1,752 places; 1,214 incorporated places and 538 census designated places (CDPs). The incorporated places consist of 956 cities, 234 towns, and 24 villages. Places in Texas have extensive annexation powers. Nesbitt town and Rangerville village are inactive places in Texas. A minimum population of 200 is required for incorporation.

**CENSUS TRACTS/BLOCK GROUPS/BLOCKS**

Texas has 5,265 census tracts, 15,811 block groups, and 914,231 census blocks.

**CONGRESSIONAL DISTRICTS**

For the 111<sup>th</sup> Congress (January 2009-January 2011), Texas had 32 congressional districts. For the 113<sup>th</sup> Congress (January 2013-January 2015), Texas has 36 congressional districts as a result of reapportionment based on the 2010 Census.

**SCHOOL DISTRICTS**

There are 7 elementary school districts, 7 secondary school districts, and 1,022 unified school districts in Texas.

**STATE LEGISLATIVE DISTRICTS**

There are 31 state senate districts and 150 state house districts in Texas.

**URBAN AREAS**

Texas has 306 urban areas; 34 urbanized areas and 272 urban clusters.

**ZIP CODE TABULATION AREAS**

There are 1,939 ZIP Code tabulation areas (ZCTAs) in Texas.

**OTHER INFORMATION OF GENERAL GEOGRAPHIC INTEREST**

Data users should be aware of the large number of statistical and administrative areas in Texas. Texas geographical files are large and complex. The TIGER/Line Shapefiles for Texas are the largest of those for any state.

Texas is the only state to enter the United States by treaty as opposed to territorial annexation. This allows the Texas flag to fly at the same height as the US flag.

## Utah

### BASIC INFORMATION

2010 Census Population:	2,763,885 (34 <sup>th</sup> )
Land Area:	82,169.62 (12 <sup>th</sup> )
Density:	33.6 persons per square mile (41 <sup>st</sup> )
Capital:	Salt Lake City
Became a State:	January 4, 1896 (45 <sup>th</sup> )
Bordering States:	Arizona, Colorado, Idaho, Nevada, New Mexico, Wyoming
Abbreviation:	UT
ANSI/FIPS Code:	49

### HISTORY

The United States acquired the area of Utah from Mexico in 1848. Utah Territory was organized on September 9, 1850, from the acquired area plus a small portion of territory sold to the United States by Texas. Utah Territory included all of present-day Utah, most of Nevada, and part of western Colorado and southwestern Wyoming. The territory was reduced in 1861 with the organization of Colorado and Nevada territories, and additional area was lost to Nevada in 1862 and 1866. The territory was further reduced in 1863 with the organization of Idaho Territory and in 1868 with the organization of Wyoming Territory, to arrive at generally the same boundary as the present state. Utah was admitted to the Union on January 4, 1896, as the 45th state.

Census data are available for Utah beginning with the 1850 census. The 1850 census population is for the entire area of the territory, including areas not in present-day Utah. The 1860 census population does not include the area now in Nevada, but does include portions of Utah Territory in Colorado and Wyoming, although no population was reported for the Colorado portion. The 1860 population for legally existing Utah Territory was 47,130. For an explanation of the revision to the 1870 population of Utah, see Richard L. Forstall, *Population of States and Counties of the United States: 1790-1990*, Washington, DC: U.S. Government Printing Office, 1996, page 162.

Data for the legally established state of Utah are available beginning with the 1900 census.

### AMERICAN INDIAN AREAS

Utah has seven federally recognized American Indian reservations, two with off-reservation trust land.

### METROPOLITAN AND MICROPOLITAN STATISTICAL AREAS AND RELATED STATISTICAL AREAS

Utah has five metropolitan statistical areas, five micropolitan statistical areas, and one combined statistical area.

### COUNTIES

There are 29 counties in Utah. All counties are functioning governmental units, each governed by a board of county commissioners or a county council.

### COUNTY SUBDIVISIONS

Utah has 93 county subdivisions. They are all census county divisions (CCDs), which are delineated for statistical purposes, have no legal function, and are not governmental units. CCDs were first established

in Utah for the 1960 census. Prior to 1960, the minor civil divisions used in the census included election precincts and election districts.

**PLACES**

Utah has 326 places; 245 incorporated places and 81 census designated places (CDPs). The incorporated places consist of 144 cities and 101 towns. The minimum population for incorporation is 100. When towns reach a population of 800 they become a third-class city.

**CENSUS TRACTS/BLOCK GROUPS/BLOCKS**

Utah has 588 census tracts, 1,690 block groups, and 115,406 census blocks.

**CONGRESSIONAL DISTRICTS**

For the 111<sup>th</sup> Congress (January 2009-January 2011), Utah had three congressional districts. For the 113<sup>th</sup> Congress (January 2013-January 2015), Utah has four congressional districts as a result of reapportionment based on the 2010 Census.

**SCHOOL DISTRICTS**

Utah has 41 unified school districts.

**STATE LEGISLATIVE DISTRICTS**

There are 29 state senate districts and 75 state house districts in Utah.

**URBAN AREAS**

Utah has 36 urban areas; 5 urbanized areas and 31 urban clusters.

**ZIP CODE TABULATION AREAS**

There are 294 ZIP Code tabulation areas (ZCTAs) in Utah.

## Vermont

### BASIC INFORMATION

2010 Census Population:	625,741 (49 <sup>th</sup> )
Land Area:	9,216.7 square miles (43 <sup>rd</sup> )
Density:	67.9 persons per square mile (30 <sup>th</sup> )
Capital:	Montpelier
Became a State:	March 4, 1791 (14 <sup>th</sup> )
Bordering States:	Massachusetts, New Hampshire, New York
International Border:	Canada
Abbreviation:	VT
ANSI/FIPS Code:	50

### HISTORY

The area of Vermont was part of the original territory of the United States. It was included in the Charter of New England in 1620, but was later included in grants creating New York in 1664 and 1674. Representatives of 51 towns in the present area declared an independent state of “New Connecticut alias Vermont” in 1777, but also referred to the area as the “New Hampshire Grants.” New York consented to the statehood separation of Vermont, which was admitted to the Union on February 18, 1791, as the 14<sup>th</sup> state, with generally the same boundary as the present state.

Census data for Vermont are available beginning with the 1790 census.

Data for the legally established state of Vermont are available beginning with the 1800 census.

### METROPOLITAN AND MICROPOLITAN STATISTICAL AREAS AND RELATED STATISTICAL AREAS

Vermont has core based statistical areas based on both counties (metropolitan statistical areas, micropolitan statistical areas, and combined statistical areas) and county subdivisions (metropolitan New England city and town areas (NECTAs), micropolitan NECTAs, and combined NECTAs).

There is one metropolitan statistical area, five micropolitan statistical areas, one combined statistical area, one metropolitan NECTA, five micropolitan NECTAs, and two combined NECTAs.

### COUNTIES

There are 14 counties in Vermont. All counties are functioning governmental entities. The principal administrative officers of each county are two assistant or side judges.

### COUNTY SUBDIVISIONS

There are 255 county subdivisions in Vermont. There are 242 towns with functioning, but not necessarily active, governments each governed by a board of selectmen. Five of these towns – Averill, Ferdinand, Glastenbury, Lewis, and Somerset – are inactive governmental entities. The nine cities in Vermont are independent of MCDs and serve as county subdivisions. The three gores and one grant are nonfunctioning nongovernmental geographic subdivisions of the county.

**PLACES**

Vermont has 119 places; 46 incorporated places and 73 census designated places (CDPs). The incorporated places consist of 9 cities and 37 villages. The nine cities are independent of MCDs and serve as nine county subdivisions. Jericho village is inactive. Villages are dependent within county subdivision.

**CENSUS TRACTS/BLOCK GROUPS/BLOCKS**

Vermont has 184 census tracts, 522 block groups, and 32,580 census blocks.

**CONGRESSIONAL DISTRICTS**

For the 111<sup>th</sup> Congress (January 2009-January 2011), Vermont had one congressional district. For the 113<sup>th</sup> Congress (January 2013-January 2015), Vermont continues to have one congressional district as a result of reapportionment based on the 2010 Census.

**SCHOOL DISTRICTS**

Vermont has 175 elementary school districts, 34 secondary school districts, and 64 unified school districts. The Dresden unified school district is an interstate school district with schools in both Hanover, New Hampshire and Norwich, Vermont. The Rivendell unified school district is an interstate school district with schools in Orford, New Hampshire and Fairlee, Vermont.

**STATE LEGISLATIVE DISTRICTS**

There are 13 state senate districts and 108 state house districts in Vermont.

**URBAN AREAS**

Vermont has 22 urban areas; 1 urbanized area and 21 urban clusters.

**ZIP CODE TABULATION AREAS**

There are 255 ZIP Code tabulation areas (ZCTAs) in Vermont.

**OTHER INFORMATION OF GENERAL GEOGRAPHIC INTEREST**

Montpelier, VT has the smallest population of any state capital with just 7,855 people (as of the 2010 Census).

**HISTORICAL CENTERS OF POPULATION**

## Virginia

### BASIC INFORMATION

2010 Census Population:	8,001,024 (12 <sup>th</sup> )
Land Area:	39,490.1 square miles (36 <sup>th</sup> )
Density:	202.6 persons per square mile (14 <sup>th</sup> )
Capital:	Richmond
Became a State:	June 25, 1788 (10 <sup>th</sup> )
Bordering States:	District of Columbia, Kentucky, Maryland, North Carolina, Tennessee, West Virginia
Abbreviation:	VA
ANSI/FIPS Code:	51

### HISTORY

The area of Virginia was part of the original territory of the United States. Virginia was the first chartered colony, with the original 1606 charter including the entire Eastern Seaboard. Individual charters provided to other colonies reduced the size of Virginia. In 1784, Virginia ceded area to the United States that became the Northwest Territory in 1787. Virginia ratified the U.S. Constitution on June 26, 1788; it was the tenth of the original 13 states to join the Union. At the time of statehood, Virginia included all of present-day Kentucky and West Virginia. The area of the state was reduced in 1791 by the formation of the District of Columbia and in 1792 when Virginia ceded the area that became the state of Kentucky. Virginia added territory in 1846 when the portion of the District of Columbia taken from Virginia was retroceded to the state. The state of West Virginia, consisting of 48 counties, was established from Virginia on June 20, 1863; in 1866, Congress officially added two more counties (Berkeley and Jefferson) to West Virginia, leaving Virginia with generally the same boundary as the present state. Virginia is one of four states that are legally described as a commonwealth.

Census data for Virginia are available beginning with the 1790 census. The populations shown from 1790 to 1860 are for the present boundary of Virginia. These data include, from 1800 to 1840, the portion of the District of Columbia not formally part of Virginia until 1846, and do not include the area of Kentucky in 1790 or the counties taken to form West Virginia from 1790 to 1860. The population of Virginia as legally existing from 1860 to 1790 was: 1,596,318 in 1860; 1,421,661 in 1850; 1,239,797 in 1840; 1,211,405 in 1830; 1,065,366 in 1820; 974,600 in 1810; 880,200 in 1800; and 821,287 in 1790.

### AMERICAN INDIAN AREAS

Virginia has two state recognized American Indian reservations and two state designated tribal statistical areas (SDTSAs).

### METROPOLITAN AND MICROPOLITAN STATISTICAL AREAS AND RELATED STATISTICAL AREAS

Virginia has 11 metropolitan statistical areas, 4 micropolitan statistical areas, 1 metropolitan division, and 2 combined statistical areas.

### COUNTIES

There are 134 counties and equivalents in Virginia. There are 95 functioning governmental counties, each governed by a board of supervisors or county board (Arlington County only). The remaining 39

entities are independent cities that are independent of any county and are functioning governmental units at the place level.

**COUNTY SUBDIVISIONS**

There are 550 county subdivisions in Virginia known as minor civil divisions (MCDs). There are 510 districts that are used for the election of county supervisors and are known as either magisterial districts or election districts. Arlington County is not divided into districts so the entire entity is a county subdivision named Arlington. The 39 independent cities are independent of MCDs and serve as county subdivisions.

**PLACES**

Virginia has 591 places; 229 incorporated places and 362 census designated places (CDPs). The incorporated places consist of 39 cities and 190 towns. The 190 towns in Virginia are dependent with county subdivision. Culpeper town is coextensive with two magisterial districts. The 39 cities in Virginia are independent of any county and county subdivision.

The 39 independent cities in Virginia are:

- Alexandria
- Bedford
- Bristol
- Buena Vista
- Charlottesville
- Chesapeake
- Colonial Heights
- Covington
- Danville
- Emporia
- Fairfax
- Falls Church
- Franklin
- Fredericksburg
- Galax
- Hampton
- Harrisonburg
- Hopewell
- Lexington
- Lynchburg
- Manassas
- Manassas Park
- Martinsville
- Newport News
- Norfolk
- Norton
- Petersburg
- Poquoson
- Portsmouth
- Radford
- Richmond
- Roanoke
- Salem
- Staunton
- Suffolk
- Virginia Beach
- Waynesboro
- Williamsburg
- Winchester

**CENSUS TRACTS/BLOCK GROUPS/BLOCKS**

Virginia has 1,907 census tracts, 5,332 block groups, and 285,762 census blocks.

**CONGRESSIONAL DISTRICTS**

For the 111<sup>th</sup> Congress (January 2009-January 2011), Virginia had 11 congressional districts. For the 113<sup>th</sup> Congress (January 2013-January 2015), Virginia will continue to have 11 congressional districts as a result of reapportionment based on the 2010 Census.

**SCHOOL DISTRICTS**

Virginia has 1 elementary school district and 137 unified school districts. The Department of Defense runs two unified school districts in Virginia.

**STATE LEGISLATIVE DISTRICTS**

There are 40 state senate districts and 100 state house districts in Virginia.

**URBAN AREAS**

Virginia has 75 urban areas; 14 urbanized areas and 61 urban clusters.

**ZIP CODE TABULATION AREAS**

There are 898 ZIP Code tabulation areas (ZCTAs) in Virginia.

**HISTORICAL CENTERS OF POPULATION**

## Washington

### BASIC INFORMATION

2010 Census Population:	6,724,540 (13 <sup>th</sup> )
Land Area:	66,455.5 square miles (20 <sup>th</sup> )
Density:	101.2 persons per square mile (25 <sup>th</sup> )
Capital:	Olympia
Became a State:	November 11, 1889 (42 <sup>nd</sup> )
Bordering States:	Idaho, Oregon
International Border:	Canada
Abbreviation:	WA
ANSI/FIPS Code:	53

### HISTORY

The United States acquired the area of Washington through a treaty with Great Britain in 1846. Washington Territory was organized from part of Oregon Territory on March 2, 1853; it included all of present-day Washington, northern Idaho, and northwestern Montana. In 1859, when Oregon was admitted as a state, the remainder of Oregon Territory the rest of Idaho, additional area of Montana, and part of Wyoming was added to Washington Territory. Washington Territory assumed generally the same boundary as the present state when Idaho Territory was organized in 1863. Washington was admitted to the Union on November 11, 1889, as the 42<sup>nd</sup> state.

Although the territory had not yet been legally established, census data for Washington are available beginning with the 1850 census. The 1850 and 1860 populations are for the entire territory as legally established in 1859, when it included all of Idaho and part of Montana and Wyoming. The population of the entire legally established Oregon Territory (of which the area of Washington was a part) in 1850 was 13,294.

Data for the legally established state of Washington are available beginning with the 1890 census.

### AMERICAN INDIAN AREAS

Washington has 27 federally recognized American Indian reservations, 15 with off-reservation trust land. There is also one tribal designated statistical area (TDSA).

### METROPOLITAN AND MICROPOLITAN STATISTICAL AREAS AND RELATED STATISTICAL AREAS

Washington has 12 metropolitan statistical areas, 9 micropolitan statistical areas, 2 metropolitan divisions, and 1 combined statistical area.

### COUNTIES

There are 39 counties in Washington. All counties are functioning governmental units, each governed by a board of county commissioners except for Clallam, King, Pierce, Snohomish, and Whatcom Counties which are each governed by a county council. Six counties, Clallam, King, Pierce, San Juan, Snohomish, and Whatcom, have Home Rule Charters, which among other things, give the counties broad planning powers.

**COUNTY SUBDIVISIONS**

There are 242 county subdivisions in Washington. They are all census county divisions (CCDs), which are delineated for statistical purposes, have no legal function, and are not governmental units. CCDs were first established in Washington for the 1950 census. Prior to 1950, the minor civil divisions included election precincts, townships and/or land survey townships, and American Indian reservations.

**PLACES**

Washington has 628 places, 281 incorporated places and 347 are census designated places (CDPs). The incorporated places consist of 208 cities and 73 towns. A minimum population of 3,000 is required for incorporation if the new entity is within 5 air miles of the boundary of a city with a population of 15,000 or more.

**CENSUS TRACTS/BLOCK GROUPS/BLOCKS**

Washington has 1,458 census tracts, 4,783 block groups, and 195,574 census blocks.

**CONGRESSIONAL DISTRICTS**

For the 111<sup>th</sup> Congress (January 2009-January 2011), Washington had nine congressional districts. For the 113<sup>th</sup> Congress (January 2013-January 2015), Washington has ten congressional districts as a result of reapportionment based on the 2010 Census.

**SCHOOL DISTRICTS**

Washington has 295 unified school districts.

**STATE LEGISLATIVE DISTRICTS**

There are 49 state senate districts and 49 state house districts in Washington.

**URBAN AREAS**

Washington has 81 urban areas; 14 urbanized areas and 67 urban clusters.

**ZIP CODE TABULATION AREAS**

There are 598 ZIP Code tabulation areas (ZCTAs) in Washington.

## West Virginia

### BASIC INFORMATION

2010 Census Population:	1,852,994 (37 <sup>th</sup> )
Land Area:	24,038.2 square miles (41 <sup>st</sup> )
Density:	77.1 persons per square mile (29 <sup>th</sup> )
Capital:	Charleston
Became a State:	June 20, 1863 (35 <sup>th</sup> )
Bordering States:	Kentucky, Maryland, Ohio, Pennsylvania, Virginia
Abbreviation:	WV
ANSI/FIPS Code:	54

### HISTORY

The area of West Virginia was originally part of the colony and later the state of Virginia. West Virginia was separated from Virginia and admitted to the Union as a state on June 20, 1863, as the 35th state. West Virginia originally included 48 Virginia counties; in 1866, Congress officially added two more counties, Berkeley and Jefferson, to the state resulting in generally the same boundary as the present state.

Although West Virginia had not been legally established, census data for West Virginia are available beginning with the 1790 census when it was enumerated as part of Virginia. The populations shown from 1790 to 1860, before statehood, are based on the county boundaries that existed at each census; these boundaries generally conformed to the present boundary of West Virginia. The population of Virginia (of which the area of West Virginia was a part) as legally existing from 1860 to 1790 was: 1,596,318 in 1860; 1,421,661 in 1850; 1,239,797 in 1840; 1,211,405 in 1830; 1,065,366 in 1820; 974,600 in 1810; 880,200 in 1800; and 821,287 in 1790.

Data for the legally established state of West Virginia are available beginning with the 1870 census.

### METROPOLITAN AND MICROPOLITAN STATISTICAL AREAS AND RELATED STATISTICAL AREAS

West Virginia has 10 metropolitan statistical areas, 6 micropolitan statistical areas, 1 metropolitan division, and 3 combined statistical areas.

### COUNTIES

There are 55 counties in West Virginia. All counties are functioning governmental units, each governed by a county commission.

### COUNTY SUBDIVISIONS

West Virginia has 235 county subdivisions which are known as minor civil divisions (MCDs). These magisterial districts are all nongovernmental, nonfunctioning subdivisions of the county and are districts from which voters elect county commissioners and school board members.

### PLACES

West Virginia has 401 places; 232 incorporated places and 169 census designated places (CDPs). The incorporated places consist of 77 cities, 148 towns, 6 villages, and 1 corporation. Towns and villages

have a population less than 2,000 and cities have a minimum population of 2,000. Incorporated places are dependent within county subdivisions.

**CENSUS TRACTS/BLOCK GROUPS/BLOCKS**

West Virginia has 484 census tracts, 1,592 block groups, and 135,218 census blocks.

**CONGRESSIONAL DISTRICTS**

For the 111<sup>th</sup> Congress (January 2009-January 2011), West Virginia had three congressional districts. For the 113<sup>th</sup> Congress (January 2013-January 2015), West Virginia continues to have three congressional districts as a result of reapportionment based on the 2010 census.

**SCHOOL DISTRICTS**

West Virginia has 55 county-coextensive unified school districts.

**STATE LEGISLATIVE DISTRICTS**

There are 16 state senate districts and 58 state house districts in West Virginia.

**URBAN AREAS**

West Virginia has 50 urban areas; 9 urbanized areas and 41 urban clusters.

**ZIP CODE TABULATION AREAS**

West Virginia has 708 ZIP Code tabulation areas (ZCTAs).

## Wisconsin

### BASIC INFORMATION

2010 Census Population:	5,686,986 (20 <sup>th</sup> )
Land Area:	54,157.8 square miles (25 <sup>th</sup> )
Density:	105 persons per square mile (23 <sup>rd</sup> )
Capital:	Madison
Became a State:	May 29, 1848 (30 <sup>th</sup> )
Bordering States:	Illinois, Iowa, Michigan, Minnesota
Abbreviation:	WI
ANSI/FIPS Code:	55

### HISTORY

The area of Wisconsin was part of the original territory of the United States, being part of lands ceded by four states to the United States and designated in 1787 as the "Territory northwest of the River Ohio." Wisconsin Territory was organized on July 3, 1836, from part of Michigan Territory; it included all of present-day Wisconsin, Iowa, and Minnesota, eastern North Dakota and South Dakota, and a small part of northeastern Nebraska. The territory was reduced in 1838 with the organization of Iowa Territory west of the Mississippi River and a line northward from the river's source.

Although the territory had not yet been legally established, census data for Wisconsin are available beginning with the 1820 census. The 1840 census population is for the entire territory, including the portion of Minnesota northeast and east of the Mississippi River and a line northward from the river's source. For an explanation of the revision to the 1820 and 1830 population of Wisconsin, see Richard L. Forstall, *Population of States and Counties of the United States: 1790- 1990*, Washington, DC: U.S. Government Printing Office, 1996, page 184.

Data for the legally established state of Wisconsin are available beginning with the 1850 census.

### AMERICAN INDIAN AREAS

Wisconsin has 12 federally recognized American Indian areas. There are 11 reservations, 8 with associated off-reservation trust land. There is also one off-reservation trust land associated with a reservation in a neighboring state.

### METROPOLITAN AND MICROPOLITAN STATISTICAL AREAS AND RELATED STATISTICAL AREAS

Wisconsin has 15 metropolitan statistical areas, 13 micropolitan statistical areas, 1 metropolitan division, and 8 combined statistical areas.

### COUNTIES

There are 72 counties in Wisconsin. All counties in Wisconsin are functioning governmental entities, each governed by a board of supervisors. Menominee County and Menominee town are governmentally consolidated.

### COUNTY SUBDIVISIONS

Wisconsin has 1,921 county subdivisions known as minor civil divisions (MCDs). There are 1,257 towns with functioning, but not necessarily active, governments. Menominee town is coextensive with

Menominee County and has a joint county/MCD government. Towns in Wisconsin are each governed by a board of supervisors. The 594 incorporated places in Wisconsin are independent of MCDs and serve as 651 county subdivisions. In addition, there are 13 undefined MCDs consisting entirely of water area.

**PLACES**

There are 773 places in Wisconsin; 594 incorporated places and 179 census designated places (CDPs). The incorporated places consist of 190 cities and 404 villages. The minimum population required for incorporation in Wisconsin is 150. Incorporated places are independent of county subdivisions.

**CENSUS TRACTS/BLOCK GROUPS/BLOCKS**

Wisconsin has 1,409 census tracts, 4,489 block groups, and 253,096 census blocks.

**CONGRESSIONAL DISTRICTS**

For the 111<sup>th</sup> Congress (January 2009-January 2011), Wisconsin had eight congressional districts. For the 113<sup>th</sup> Congress (January 2013-January 2015), Wisconsin continues to have eight congressional districts as a result of reapportionment based on the 2010 Census.

**SCHOOL DISTRICTS**

Wisconsin has 46 elementary school districts, 10 secondary school districts and 371 unified school districts.

**STATE LEGISLATIVE DISTRICTS**

There are 33 state senate districts and 99 assembly districts in Wisconsin.

**URBAN AREAS**

Wisconsin has 120 urban areas; 18 urbanized areas and 102 urban clusters.

**ZIP CODE TABULATION AREAS**

There are 774 ZIP Code tabulation areas (ZCTAs) in Wisconsin.

**HISTORICAL CENTERS OF POPULATION**

## Wyoming

### BASIC INFORMATION

2010 Census Population:	563,626 (50 <sup>th</sup> )
Land Area:	97,093.1 square miles (9 <sup>th</sup> )
Density:	5.8 persons per square mile (49 <sup>th</sup> )
Capital:	Cheyenne
Became a State:	July 10, 1890 (44 <sup>th</sup> )
Bordering States:	Colorado, Idaho, Montana, Nebraska, South Dakota, Utah
Abbreviation:	WY
ANSI/FIPS Code:	56

### HISTORY

The United States acquired the area of Wyoming from France as part of the Louisiana Purchase in 1803, from Great Britain as part of a treaty in 1846, and from territory ceded by Mexico in 1848. Wyoming Territory was organized from part of Dakota, Idaho, and Utah territories on July 25, 1868, with generally the same boundary as the present state.

Census data are available for Wyoming beginning with the 1870 census.

Census data for the legally established state of Wyoming are available beginning with the 1900 census.

### AMERICAN INDIAN AREAS

Wyoming has one American Indian reservation with off-reservation trust land.

### METROPOLITAN AND MICROPOLITAN STATISTICAL AREAS AND RELATED STATISTICAL AREAS

Wyoming has two metropolitan statistical areas and seven micropolitan statistical areas.

### COUNTIES

There are 23 counties in Wyoming. All counties are functioning governmental units, each governed by a board of commissioners.

### COUNTY SUBDIVISIONS

There are 71 county subdivisions in Wyoming. They are all census county divisions (CCDs), which are delineated for statistical purposes, have no legal function, and are not governmental units. CCDs were first established in Wyoming for the 1960 census. Prior to 1960, the minor civil divisions used in the census include election precincts and election districts.

### PLACES

Wyoming has 203 places; 99 incorporated places and 104 census designated places (CDPs). The incorporated places consist of 19 cities and 80 towns. The minimum population for incorporation in Wyoming is 500.

### CENSUS TRACTS/BLOCK GROUPS/BLOCKS

Wyoming has 132 census tracts, 410 block groups, and 86,204 census blocks.

**CONGRESSIONAL DISTRICTS**

For the 111<sup>th</sup> Congress (January 2009-January 2011), Wyoming had one congressional district. For the 113<sup>th</sup> Congress (January 2013-January 2015), Wyoming continues to have one congressional district as a result of reapportionment based on the 2010 Census.

**SCHOOL DISTRICTS**

Wyoming has 49 unified school districts.

**STATE LEGISLATIVE DISTRICTS**

There are 30 state senate districts and 60 state house districts in Wyoming.

**URBAN AREAS**

Wyoming has 22 urban areas; 2 urbanized areas and 20 urban clusters.

**ZIP CODE TABULATION AREAS**

There are 179 ZIP Code tabulation areas (ZCTAs) in Wyoming.

## Puerto Rico

### BASIC INFORMATION

Land Area:	3,423.8 square miles
2010 Census Population:	3,725,789
Density:	1,088.2 persons per square mile
Capital:	San Juan
Became a Commonwealth:	July 25, 1952
Abbreviation:	PR
ANSI/FIPS Code:	72

### HISTORY

The United States acquired the area of Puerto Rico from Spain in 1898. Congress granted the people of Puerto Rico United States citizenship in 1917. The area became a commonwealth on July 25, 1952, with the right to internal self-government.

Census data are available for Puerto Rico from periodic censuses, beginning with a census taken by the War Department in 1899. The 1920 and earlier censuses were enumerated on Jan. 1, 1920; Apr. 15, 1910; and Nov. 10, 1899. Earlier data are available from censuses conducted by the government of Spain from 1765 to 1897.

### METROPOLITAN AND MICROPOLITAN STATISTICAL AREAS AND RELATED STATISTICAL AREAS

Puerto Rico has eight metropolitan statistical areas, five micropolitan statistical areas, and three combined statistical areas.

### COUNTIES

There are 78 county equivalent entities known as municipios in Puerto Rico. All municipios are functioning governmental entities.

### COUNTY SUBDIVISIONS

There are 939 county subdivisions in Puerto Rico known as minor civil divisions (MCDs). This includes 827 barrios, 75 barrios-pueblo, and 37 areas where subdivisions are undefined. The barrios and barrios-pueblo are nonfunctioning county subdivisions used for election purposes. Some MCDs are divided into sub-MCDs, which are called subbarrios. There are 145 subbarrios.

### PLACES

Puerto Rico has 253 places, all of which are census designated places (CDPs). Puerto Rico does not have incorporated places. There are 79 zonas urbanas that represent the governmental centers of the municipios, and 174 comunidades that represent other settlements.

### CENSUS TRACTS/BLOCK GROUPS/BLOCKS

Puerto Rico has 945 census tracts, 2,594 block groups, and 77,189 census blocks.

### CONGRESSIONAL DISTRICTS

Puerto Rico has one resident commissioner district (at large), with one non-voting resident commissioner.

**SCHOOL DISTRICTS**

Puerto Rico has one unified school district.

**STATE LEGISLATIVE DISTRICTS**

There are eight state senate districts and four state house districts in Puerto Rico. In addition there is one state house district undefined and one state senate district undefined representing water area.

**URBAN AREAS**

Puerto Rico has 19 urban areas; 11 urbanized areas and 8 urban clusters.

**ZIP CODE TABULATION AREAS**

There are 131 ZIP Code tabulation areas (ZCTAs) in Puerto Rico.

**MOST POPULOUS, LARGEST IN AREA, AND MOST DENSELY POPULATED AREAS**
