

ASPEN Meeting Code of Conduct

7/2020

By attending or hosting a function at an ASPEN event, you agree voluntarily to abide by our Meeting Code of Conduct policy.

Harassment and Safety: ASPEN is dedicated to providing a safe, hospitable, and productive environment for everyone present at our events, regardless of ethnicity, religion, disability, physical appearance or gender. It's important to remember that a community where people feel uncomfortable or threatened is not a productive one. Accordingly, ASPEN prohibits intimidating, threatening, or harassing conduct during our conferences. This policy applies to faculty, exhibitors, staff, volunteers, vendors, and attendees ("conference participants"). Conference participants violating these rules may be expelled from the conference, at the discretion of ASPEN leadership.

Harassment of ASPEN participants will not be tolerated in any form. Harassment includes offensive verbal comments related to ethnicity, religion, disability, physical appearance, gender, or sexual orientation in public spaces; deliberate intimidation, stalking, following, harassing photography or recording; sustained disruption of talks or other events; inappropriate physical contact; and unwelcome attention. Participants asked to stop any harassing behavior are expected to comply immediately.

If a participant engages in harassing behavior, ASPEN leadership may take any action they deem appropriate, ranging from a simple warning to the offender to expulsion from that and future conferences. If you are being harassed, notice that someone else is being harassed, or have any other concerns, please do not hesitate to contact ASPEN staff who can work with appropriate ASPEN leadership to resolve the situation.

ASPEN staff will be happy to help participants contact convention center/hotel/venue security or local law enforcement, and otherwise assist those experiencing harassment, to enable them to feel safe for the duration of the conference. We value your attendance and want to make your experience as productive and stimulating as possible.

Photography: ASPEN requests that attendees not take photographs or videos during sessions because they are disruptive to the presenters.
