# ହକ୍ ମାଗୁଛି 'ଓଡ଼ିଶା'

Successive Central Governments have always neglected the rights of Odisha. This neglect is historic and has led to Odisha being at the bottom of all Central subjects like Telecom, Railways, Banking and National Highways.

UPA Government provided national status to Pollavaram Dam and the present NDA Government supported the then BJP Government in Chhatisgarh against the interests of Odisha. In both these cases, Odisha had to take recourse to legal remedies.

What could have been a more cruel joke on Odisha by the BJP than the promise of Special Category status?

The number one manifesto promise of BJP in 2014 – was forgotten for five years and finds no mention in the present manifesto.

Special Category Status is the only way to rectify the historic neglect that Odisha has suffered.

Grant of Special Category Status means facilitating more funds for development and attracting more investment leading to job opportunities for lakhs of youth.

In denying Special Category Status to Odisha BJP is denying the aspirations of youth of Odisha.

Coal royalty revision has not been done by the Centre even though there are statutory time limits.

There are huge discrepancies in facilitating mineral development by the Central Government.

These are our major issues with Central Government.

This time no national party will get majority on its own. Odisha will have a role in formation of the Central Government. BJD will support a Government that supports the legitimate rights of Odisha. This will be our only agenda with the Central Government.

## ହକ୍ ମାଗୁଛି ଓଡ଼ିଶା

- ❑ Successive Central Governments have always neglected the rights of Odisha. This neglect is historic and has led to Odisha being at the bottom of all Central subjects like Telecom, Railways, Banking and National Highways.
- ❑ UPA Government provided national status to Pollavaram Dam and the present NDA Government supported the then BJP Government in Chhatisgarh against the interests of Odisha. In both these cases, Odisha had to take recourse to legal remedies.
- ❑ What could have been a more cruel joke on Odisha by the BJP than the promise of Special Category status ?
- ❑ The number one manifesto promise of BJP in 2014 – was forgotten for five years and finds no mention in the present manifesto.
- ❑ Special Category Status is the only way to rectify the historic neglect that Odisha has suffered.
- ❑ Grant of Special Category Status means facilitating more funds for development and attracting more investment leading to job opportunities for lakhs of youth.
- ❑ In denying Special Category Status to Odisha BJP is denying the aspirations of youth of Odisha.
- ❑ Coal royalty revision has not been done by the Centre even though there are statutory time limits.
- ❑ There are huge discrepancies in facilitating mineral development by the Central Government.
- ❑ These are our major issues with Central Government.
- ❑ This time no national party will get majority on its own. Odisha will have a role in formation of the Central Government. BJD will support a Government that supports the legitimate rights of Odisha. This will be our only agenda with the Central Government.
