

There's a new look for mail-in ballot envelopes in [Jurisdiction]

Help us get ballots delivered to the voters and back to the elections office – quickly and accurately

Blue envelopes are for delivery to voters

Front of the envelope

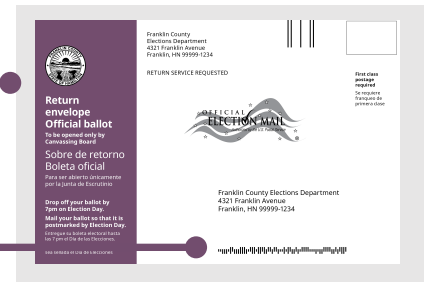

- Look for the **blue stripe** on the left side of the envelope.
- The voter's delivery address is on the front.
- The IMB includes an election mail STID

Purple envelopes return ballots to the elections office

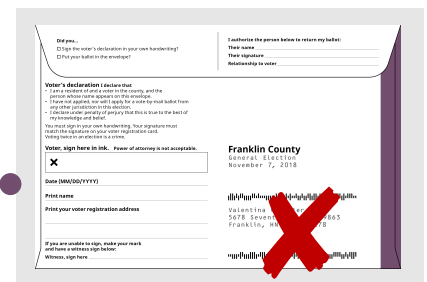

Front of the envelope

- Look for the **purple stripe**. Special elections may use other colors.
- The elections office address and IMB area on the front of the envelope.

Back of the envelope

- This side is for the voter's use only
- Do not deliver to the voter's address on the back

Together we can make the 2020 elections a success.
