

**PERSONAL INFORMATION** Marius Horia Paulescu

📍 Faculty of Physics  
West University of Timisoara, Romania

**WORK  
EXPERIENCE****2017 – Present** Professor

Faculty of Physics, West University of Timisoara

- Numerical methods in physics, Modeling and forecasting of solar radiation, Photovoltaics

**2009 – 2017** Associate professor

Faculty of Physics, West University of Timisoara

- Numerical methods in physics, Modeling and forecasting of solar radiation, Photovoltaics

**2004 - 2009** Lecturer

Faculty of Physics, West University of Timisoara

- Numerical methods in physics, Semiconductor physics, Photovoltaics

**1995 -2004** Assistant

Faculty of Physics, West University of Timisoara

- Electronics, Semiconductor physics, Photovoltaics

**EDUCATION  
AND TRAINING****2016** Habilitation in Physics

Faculty of Physics, West University of Timisoara

- Thesis: *Estimation and forecasting of the PV systems output power*

**2001-2004** PhD

Faculty of Physics, West University of Timisoara

- PhD thesis: *Measurement and estimation of solar energy, Photovoltaics applications.*  
PhD supervisor: Prof. dr. Ioan Hriancă.

**1986-1991** BSc

Faculty of Physics, West University of Timisoara

- Theoretical Physics.

## **SCRISOARE DE MOTIVARE A CANDIDATURII**

**Pozitia vizata: Membru in Consiliul pentru studii universitare de doctorat**

**Nume: Marius Paulescu**

Prin prezenta imi depun candidatura pentru un mandat de membru in Consiliul pentru studii universitare de doctorat.

Sunt cadru didactic la Facultatea de Fizica din anul 1991, avand titlul de profesor universitar din anul 2017. Am obtinut atestatul de abilitare in domeniul studiilor universitare de doctorat Fizica in anul 2016.

Aceasta candidatura izvoraste din constientizarea faptului ca activitatea in scolile doctorale este printre cele mai importante din UVT, fiind strans legata de aspiratiile UVT de a fi o universitate de cercetare avansata si educatie. Doresc ca in masura capabilitatilor mele sa contribui la cresterea IOSUD UVT pe toate palierile vietii academice.

### **Repere biografice**

#### **1. Cercetare:**

- Indici scientometrici: Nr. articole ISI: 70; Factor Hirsch: 15
- Incepand cu anul 2008, in cadrul mai multor proiecte de cercetare, am conceput si dezvoltat Platforma Solara a UVT. Prin caracteristicile sale, Platforma Solara este un unicat in peisajul cercetarii din Romania.
- In 2019, o parte dintre cercetarile derulate intr-un proiect PED, proiect pe care l-am condus, au fost concretizate intr-un articol publicat de prestigiosul jurnal Progress in Energy and Combustion Science, cu un factor de impact IF = 26.467, probabil cel mai ridicat din istoria UVT.

#### **2. Management academic**

- De-a lungul timpului am fost director, director stiintific, responsabil partener in diferite proiecte de cercetare finantate UEFISCDI.
- In prezent sunt reprezentant al Romaniei in comitetul de management al proiectului COST CA16235- PEARL PV.
- Membru in Senatul UVT

#### **3. Prestigiul academic**

- Premiul Academiei Romane "Anghel Saligny" in anul 2015
- Premiul "Mircea Zaganescu" al UVT in 2017
- Membru in Comisia de Energie Regenerabila a Academiei Romane

Daca voi fi ales membru al Consiliului pentru studii universitare de doctorat voi actiona conform urmatoarelor principii:

- Chiar daca candidez din partea Scolii doctorale in fizica, imi propun sa pastrez un echilibru intre statutul de reprezentant al unei scoli doctorale si de membru al

- intregii comunitati a UVT, constient fiind ca deciziile ce urmeaza a fi luate vor trebui sa fie in interesul universitatii ca intreg;
- Voi respecta statutul doctoranzilor de membrii ai comunitatii universitare si nu de beneficiari ai serviciilor acestora;
  - Voi sustine argumentul ca principiu de baza in dialogul din comunitatea academica si in procesul de luare a deciziilor;
  - Voi sprijini un sistem de evaluare a performantei stiintifice care sa permita identificarea domeniilor de excelenta din UVT. Criteriile de calitate promovate in cadrul acestui sistem trebuie sa fie in acord cu cele promovate la nivel national si international si sa fie specifice fiecarui domeniu;
  - Voi milita pentru intarirea scolilor doctorale existente si pentru dezvoltarea altora noi.
  - Voi sprijini si promova excelenta in cercetare;
  - Voi milita pentru un mod echitabil de reflectare a activitatii de conducere de doctorat in statele de functiuni.

15.11.2019

Prof. dr. Marius Paulescu
